227. Return to an Order of the Senate, dated April 28, 1925, for the production of a comparative statement of the Importation from England and the United States, of shoes, or iron, steel, and woollen manufactured goods, during the last three years ending April 1, 1925. Presented June 9, 1925. Hon. Mr. David..*Not printed.*

228. Return to an Order of the House of May 11, 1925, for a return showing statement made out by Messrs. Wilson and Wilson, in October, 1924, as auditors for Vancouver Harbour Commissioners, covering the operation of No. 1 elevator, for crop year ending July 31, 1924. Presented June 11, 1925. Hon. Mr. Stevens. *Not printed.*

229. Copy of Interim Report of the Registrar of the Combines Investigation Act, 1923, of his investigation into an alleged combine operating to limit competition in connection with the marketing of the New Brunswick potato crop, dated June 9, 1925. Presented June 11, 1925.....*Presented in printed form.*

230. Return to an Order of the House of May 25, 1925, for a Return showing: 1. Number of translators employed by the Senate and House of Commons, respectively. 2. Number of translators employed by the public departments in Ottawa, or branches of the Government Service. 3. Duties of the Blue Book translation staff of the House of Commons. 4. Whether the Blue Book translation staff has been relieved of the duty of translating the annual departmental reports. 5. If so, why and upon whose authority. Presented June 12, 1925. Mr. Hocken. *Not printed.*

231. Return to an Order of the House of April 27, 1925, for a copy of all correspondence, letters, telegrams, and communications passed between the Government, any member or official of the Government, and any persons concerning the establishment of Drumheller as a Customs Excise Outport, and Warehouse Port, under the survey of the Port of Calgary, Alta. Presented June 12, 1925. Mr. Garland (Bow River).....*Not printed.*

232. Return to an Order of the House of March 11, 1925, for a Return showing: 1. Name, rank, position, and pension of each officer on the Staff at Headquarters, Ottawa, and the Military Districts, who has been retired from the service, from January 1, 1924, to March 1, 1925. 2. Name, rank, position, and salary, including pay and all allowances, of each officer of the Staff at Headquarters, Ottawa, and the Military Districts, who has received: (*a*) an extension of term; (*b*) a reappointment, from January 1, 1924, to March 1, 1925. 3. Who recommended to the Minister and the Deputy Minister of the Department of National Defence: (*a*) the retirement of an officer; (*b*) the extension of term to an officer; (*c*) a reappointment of an officer; (*d*) the promotion of an officer. 4. Name of each officer of the Staff at the General Headquarters and Local Headquarters, Ottawa, and in the Military Districts, who has held the same rank more than four years, and the tenure of appointment of all positions on the Staff. 5. The intention of

CONTENTS OF VOLUME 5—*Continued*

the Minister of the Department of National Defence regarding those officers who have not been promoted in the army for many years. Presented June 15, 1925. Mr. Doucet.....*Not printed.*

233. Return to an Order of the House of March 11, 1925, for a Return showing: 1. Tenure of appointment of an officer commanding a Military District. 2. Names of the officers commanding the Military Districts of Halifax, Nova Scotia; St. John, New Brunswick; Toronto, Ontario; Montreal, Quebec; Quebec, Quebec; from August 1, 1912, to March 1, 1925. 3. During the above years, (*a*) the date of the first appointment as officer commanding a Military District of each of the above officers; (*b*) the date of each reappointment; (*c*) the date of each extension of term; (*d*) the total number of years of service as officer commanding a Military District. 4. Whether it is the intention of the Minister and the Department of National Defence to maintain in his position an officer commanding a Military District for a term of more than four or five years, by this fact stopping promotion to a lot of officers of the Permanent Force well qualified and available for such a position. Presented June 15, 1925. Mr. Doucet.....*Not printed.*

234. Return to an Order of the House of June 11, 1925, for a Return showing: 1. Whether any June or other training camps are being held for the Militia. 2. If so, where and for what units and length of time. 3. What will be done this year for artillery units as to training. Presented June 15, 1925. Mr. Church.....*Not printed.*

235. Return to an Order of the House of June 1, 1925, for a copy of the lease made by the holding company of the Scribe Hotel property in Paris purchased by the Canadian National Railway System, and any other papers and documents in any way relating to the said lease of the said property or the title thereof. Presented June 15, 1925. Sir Henry Drayton.....*Not printed.*

236. Return to an Order of the House of March 4, 1925, for a Return showing: 1. Total cost of the investigation lately conducted by David Campbell, K.C., of Winnipeg, into the supplies of coal and other matters affecting Military District No. 10. 2. Whether any suspensions of Militia Officers have been made as result and if so what officers have been suspended, if any. 3. Whether such militia officers, if so suspended, were given the opportunity to conduct their defence with the assistance of counsel. 4. Whether such militia officers so suspended, if any, were accorded the right of an officer to court martial. 5. In each case of an officer so suspended, if any, the reason, and how long the suspension lasted. 6. Whether any such officer so suspended is drawnig his regular military pay while under suspension. 7. Fees paid each counsel for the Government in the matter or for the Commission. Presented June 16, 1925. Mr. Ross (Kingston). *Not printed.*

236*a*. Return to an Order of the House of March 4, 1925, for a Return showing: 1. Total cost of the Commission appointed by the Government regarding the coal enquiry at Tuxedo Barracks, Winnipeg. 2. What amount the Commissioners received. 3. Whether the Government received any objection as to the amount paid from Winnipeg or elsewhere. Presented June 16, 1925 Mr. Arthurs....*Not printed.*

236*b*. Return to an Order of the House of March 2, 1925, for a copy of all accounts sent in to the Government for payment for services rendered by Commissioner David Campbell, K.C., and D. R. MacLean, Government Counsel, during the enquiry into coal supplied at Tuxedo Barracks, Winnipeg, together with a copy of all correspondence passing between the Solicitor General, or any other official of the Government or any department thereof, and Messrs. Campbell and MacLean, or any other person or persons, in connection with said accounts. Presented June 20, 1925. Mr. Arthurs.....*Not printed.*

236*c*. Return to an Address to His Excellency the Governor General of March 2, 1925, for a copy of all telegrams, letters, Orders in Council, evidence and report or reports, and other documents in connection with the investigation lately conducted by David Campbell, K.C., of Winnipeg, into the supplies of coal and other matters affecting Military District 10, and especially copies of telegrams passing between the Solicitor General and the said Commissioner or Counsel for the Commission and between the Defence Department and the Commissioner or Counsel for the Commission. Mr. Ross (*Kingston*).....*Not printed.*

CONTENTS OF VOLUME 5—*Continued*

Also,—Return to an Order of the House of March 30, 1925, for a copy of correspondence passing between the Department of National Defence or the Department of Justice and the Canadian Coal Sales Company, Limited, in the years 1924 and 1925, and also, for a copy of all charges made, in relation to the sale of coal or otherwise, affecting militia officers at Winnipeg in the said years with the name of the party making such charges, and also, for a copy of the reports of General Ketchen, with respect to said charges. Hon. Mr. Stevens. Presented June 22, 1925.....*Not printed.*

237. Return to an Order of the House of June 10, 1925, for a Return showing:—1. Amounts paid per year by the Government of Canada to the Honourable E. N. Rhodes, during the years 1919-1920, 1920-1921, and 1921-1922. 2. Amounts paid during these years for cab hire for Mr. Rhodes. Presented June 16, 1925. Mr. Carruthers.....*Not printed.*

238. Copy of Report on Problems relating to Grading of Grain; Copy of Report of Dominion Grain Research Laboratory, dated August 9, 1924; Memoranda prepared by Dr. Robert Newton, and Dr. G. S. Whitby, regarding the report of the Dominion Grain Research Laboratory. Presented June 17, 1925.....*Not printed.*

239. Return to an Order of the House of June 1, 1925, for a return showing the cost to the Government of all leather goods used by the Medical Branch of the Soldiers' Civil-Re-establishment in Edmonton, Alberta. Presented June 17, 1925. Mr. Kellner.....*Not printed.*

240. Return to an Order of the House of March 30, 1925, for a Return showing:—1. The annual cost of the Soldier Settlement Board since its inception: (*a*) amount spent on rent of offices, and where the offices are located; (*b*) amount spent on salaries; (*c*) how much the head office in each province cost; (*d*) amount expended in other ways, as overhead. 2. Number of farms purchased under the Soldier Settlement Board: (*a*) by provinces; (*b*) amount paid per farm; (*c*) the area of each farm in acres. 3. Number of farms occupied under the Board, by provinces. 4. The total amount loaned to settlers: (*a*) amount of such loans expended in permanent improvements; (*b*) amount of such loans expended in purchasing live stock; (*c*) amounts loaned by provinces; (*d*) rate of interest charged; (*e*) the nature of the securities on which loans were made; (*f*) the currency of these loans; (*g*) who holds the mortgages. 5. Number of farms, by provinces, which have been retained, and the present economic condition of these farms. 6. Number of farms, by provinces, vacated: (*a*) what was done with such farms; (*b*) what happened to the loans made on such farms. 7. Whether all such settlers were required to carry all overhead of both purchase and equipment loans. 8. If not, what percentage they were supposed to carry, and who carried the rest. 9. Who determined what advance should be made to settlers under the Board. Presented June 17, 1925. Mr. Irvine....*Not printed.*

241. Return to an Order of the House of May 6, 1925, for a copy of all correspondence passing to and from the Department of Public Works relating to the wharf at Matane, including copies of contracts, if any, or other documents or agreements relating to such wharf. Presented June 17, 1925. Mr. Hanson.....*Not printed.*

242. Return to an Order of the House of May 25, 1925, for a copy of all specifications and contracts made regarding the new Halifax elevator. Presented June 18, 1925. Mr. Black (*Halifax*).....*Not printed.*

243. Return to an Order of the House of April 22, 1925, for a Return showing:—1. The total amount spent by the present Government since coming into office for public printing, aside from that done by the Printing Bureau. 2. The names of the firms or individuals awarded this printing, what amount of work was done by each, and at what price each year since the coming into power of the present Government. Presented June 18, 1925. Mr. Sutherland.....*Not printed.*

244. Return to an Order of the House of February 23, 1925, for a Return showing:—1. On what date and by what authority the Dominion of Canada acquired the North-west Territories and Rupert's Land, and at what cost to the Dominion of Canada

CONTENTS OF VOLUME 5—*Continued*

as a whole. 2. The total cost to the Dominion of Canada as a whole in administering and developing said Northwest Territories and Rupert's Land. 3. What portion of the Northwest Territories and Rupert's Land is still owned by the Dominion of Canada. 4. What portion of the Northwest Territories retained by the Dominion of Canada lies within the confines of each of the provinces of Manitoba, Saskatchewan and Alberta. 5. The total cost to the Dominion of Canada of administering and developing the last-mentioned areas. 6. What portion of the lands referred to in paragraph four have been sold or otherwise disposed of since same were acquired by the Dominion of Canada. 7. The proceeds from (*a*) sales of said lands mentioned in paragraph four; and (*b*) revenue derived thereon from all sources. Presented June 19, 1925. Mr. Clark.....*Not printed.*

245. Return to an Order of the House of June 10, 1925, for a Return showing:—1. Whether L. A. Forsythe, or James M. Davison, his partner, received legal work from any Department of the Government since January 1, 1922. 2. If so, the items, dates, and accounts for the moneys so paid to Mr. Forsythe or Mr. James M. Davison, his partner. 3. What amount, if any, is still owing them. 4. Whether they are at present in receipt of legal work from the Government. Presented June 19, 1925. Mr. Black (*Halifax*).....*Not printed.*

246. Return to an Order of the House of February 23, 1925, for a Return showing:—1. Since Confederation, how many acres of land belonging to the Dominion of Canada have been transferred to the Province of Ontario, and on what date transfers were made. 2. Consideration paid by said Province of Ontario for said transfers. 3. Cost to the Dominion of Canada of administering and developing said lands prior to the date of transfer. 4. Since Confederation, how many acres of land, belonging to the Dominion of Canada, have been transferred to the Province of Quebec, and on what date transfers were made. 5. Consideration paid by said Province of Quebec for said transfers. 6. Cost to the Dominion of Canada of administering and developing said lands prior to the date of transfer. 7. Whether the rights of the other provinces of Canada to compensation were reserved when the boundaries of Ontario and Quebec were extended. Presented June 19, 1925. Mr. Clark.....*Not printed.*

247. Return to an Address to His Excellency the Governor General of May 18, 1925, for a copy of all letters, telegrams, memoranda, orders in council, and other documents in the possession of or under the control of the Government of Canada or any department thereof, of date subsequent to May 17, 1924, relating to the proposed reclamation of the area in the Province of British Columbia and the State of Idaho, known as the Kootenay Flats. Presented June 19, 1925. Mr. Humphrey.....*Not printed.*

248. Return to an Order of the House of May 11, 1925, for a Return showing:—1. Number of grain elevators owned or operated, (*a*) by Dominion Government; (*b*) by Harbour Commissioners under control of the Minister of Marine; (*c*) by the Canadian National Railways; (*d*) or sublet from any of the above. 2. Location of each elevator, type of construction, and the storage capacity of each. 3. Cost of each, exclusive of site. 4. Cost of each, including site. 5. Number and kind of separator, cleaner and dryer in each. 6. Capacity and kind of conveyor system in each elevator, including the number of legs. 7. By what kind of power each is operated, showing maximum demand and connected load of each plant. 8. Amount of grain each handled during each of the crop years, ending 1922, 1923, 1924 inwards and outwards. 9. Which of the above elevators are operated under the Canada Grain Act, and under what authority others are operated. 10. Which are licensed and bonded by the Board of Grain Commissioners. 11. Insurance rate on each (*a*) building; (*b*) contents. 12. Charges in each and in case of conveyor charges, at what rate in each case. 13. Number of receiving pits in each elevator and number of car loading spouts. 14. In which of the above elevators "car dumps" are used, or automatic power, or shovels, and if car dumps are used, what make. 15. Whether any of the above elevators are in process of construction, or if incomplete, how much still remains to complete. 16. Operating revenue and operating expenses, exclusive of interest and sinking fund, on each of the above elevators. 17. In cases where elevators are leased, (*a*) the rentals; (*b*) to whom leased; (*c*) terms of lease. 18. Number of scales in each elevator, showing receiving, shipping, bagging capacity of each. Presented June 19, 1925. Hon. Mr. Stevens.....*Not printed.*

CONTENTS OF VOLUME 5—*Continued*

249. Return to an Order of the House of March 25, 1925, for a return for the months of May and June, 1924, showing invoiced value of importations into Canada of canning machinery, suitable for use as equipment in fruit or berry canning factories, which were released by the Customs Department without duty being actually paid thereon, together with copies of all correspondence and documents received by the Department of Customs or any member of the Government relating to such importations, together with a statement for the first six months of 1924, showing importations into Canada of canning machinery suitable for equipment in fruit or berry canning factories on which duty was paid, showing the amount of duty paid thereon and the invoiced value of such importations. Presented June 19, 1925. Mr. Grimmer.....*Not printed.*

250. Return to an Order of the House of June 1, 1925, for a copy of all correspondence exchanged between the Department of Customs and Excise, the Civil Service Commission and others, relating to the appointment of a customs and excise examiner at St. Leonard in the electoral district of Restigouche-Madawaska, New Brunswick. Presented June 19, 1925. Mr. Doucet.....*Not printed.*

251. Return to an Order of the House of June 15, 1925, for a Return showing:—1. Number of employees on April 1, 1925, in each of the Canadian Penitentiaries. 2. Name, rank, creed and salary of each such employee and the date of first appointment. 3. Number of employees on April 1, 1915, in each of the Canadian Penitentiaries. 4. Name, rank, creed and salary of each such employee and the date of first appointment. Presented June 19, 1925. Mr. Deslauriers.....*Not printed.*

252. Letter from the Auditor General in respect to a statement made by the Acting Minister of Finance in the House of Commons (June 11, 1925) dealing with the audit made by officials of the Auditor General's office of the securities held by the Finance Department, and letter from Mr. Robb, in reply thereto. Presented June 19, 1925.....*Not printed.*

253. Return to an Order of the Senate, dated May 28, 1925, for a return to include copies of all correspondence, documents, and other writings relating to the appointment or recommendation for appointment of Joseph McDonald in 1924 or 1925, as an Excise Prevention Officer in the district of Lingan or of Glace Bay in Nova Scotia, and to refusal of the Department of Customs and Excise to accept him for the position. Presented June 19, 1925. Hon. Mr. Tanner.....*Not printed.*

254. Return to an Order of the House of March 9, 1925, for a copy of all correspondence, documents, statements and communications concerning exemption or partial exemption from payment of income tax on payments or remuneration, whether paid as salary, living allowance or otherwise, by the Government of Canada to officials of Yukon Territory, and showing what exemptions (if any) from income tax have been allowed to Yukon officials on amounts paid them by the Government of Canada during the past seven years. Presented June 20, 1925. Mr. Black (*Yukon*).....*Not printed.*

255. Return to an Address to His Excellency the Governor General of March 30, 1925, for a copy of all letters, telegrams, papers and other documents between the Government of Canada and the mine workers of Cape Breton, or received by the Government on their behalf, and between the Government of Canada and the Government of Nova Scotia, respecting the condition of the mine workers, and between the Government of Canada and any towns or municipalities in Cape Breton, respecting the conditions of the mine workers and the necessity for relief owing to the labour troubles in that district. Presented June 20, 1925. Mr. Arthurs.....*Not printed.*

256. Copy of Agreement between the Government of Canada and the Manitoba Pulp and Paper Company, Limited, dated June 12, 1925, respecting the right to cut pulpwood on certain timber berths in Manitoba, together with schedules to agreement marked "A," "B," "C," and "D." Presented June 22, 1925.
Not printed.

257. Return to an Order of the House of June 15, 1925, for a Return showing:—1. The total debt of the Canadian National Railways and all its subsidiaries up to March 31, 1925. 2. The total revenue of the said railways for the year ending March 31, 1920, 1921, 1922, 1923, 1924 and 1925. 3. The deficit or surplus for each year from 1920 up to 1925, inclusive. Presented June 22, 1925. Mr. Tobin.
Not printed.

CONTENTS OF VOLUME 5—*Continued*

258, 258*a*. Return and supplementary return to an Order of the House of June 8, 1925, for a return setting forth the total expenses incurred by the Special Committee in its investigation into Ocean Rates, showing: (*a*) full amount paid to Mr. Symington in fees; (*b*) the amount in fees still due Mr. Symington as counsel; (*c*) total amount paid and incurred for expenses to Mr. Symington; (*d*) the amount paid to each witness for fees and for expenses; (*e*) the amount paid or proposed to be paid to Sir William Petersen in fees, or, and, for expenses; (*f*) amount in full paid to W. T. R. Preston in fees or, and, for expenses since January, 1924; and all other expenses, including reporting and printing, incurred by the Committee, or by the authority of the Government. Presented June 22 and 27, 1925. Hon. Mr. Stevens.....*Not printed.*

259. Return to an Order of the House of June 15, 1925, for a Return showing:—1. Number of Hog Graders on the pay roll of the Department of Agriculture. 2. Amount paid to such graders, respectively, as salaries, wages, and expenses, for the year ending March 31, 1924. 3. Number of veterinary inspectors and lay inspectors, respectively, employed by the Department in the inspection of animals slaughtered, and the carcasses of such animals in abattoirs and packing-houses in Canada, during the year ending March 31, 1924. 4. Amount paid in salaries and wages to such veterinary and lay inspectors, respectively, for the time mentioned above. 5. Number of hogs graded by Government inspectors during the year referred to. 6. Total weight of hogs so graded and the percentage of the whole in each grade or classification made by the Government officials. 7. How the output of said packing-houses corresponds as to grade for home consumption or for export, with the classification of live animals made by Government graders. 8. Whether any classification of the output of packing-houses is made by the Government in accordance with that made of animals purchased. 9. If not, why this is not done. Presented June 22, 1925. Mr. Sutherland.....*Not printed.*

260. Copy of Order in Council, P.C. 993, dated June 20, 1925, cancelling Order in Council, P.C. 623, dated April 23, 1925, *re* appointing a Committee to consider and report on the most suitable design for a Canadian National Flag for use ashore. Presented June 22, 1925.....*Not printed.*

260*a*. Copy of Order in Council, P.C. 623, dated April 23, 1925, appointing a Committee to consider and report on the most suitable design for a Canadian National Flag for use ashore. Presented (Senate) June 25, 1925.....*Not printed.*

261. Return to an Order of the House of June 18, 1925, for a Return showing:—1. How many returned soldiers of the Great War are detained in the penitentiaries of Canada, and where. 2. What inspection there is of these institutions, by whom, when, and whether Government officials are the only inspectors. 3. Whether it is the intention of the Government to introduce legislation this session to empower grand juries, sitting at the assizes or general sessions of the peace holden in the municipality where these institutions are or the nearest municipality, regularly to visit and inspect these institutions, similar to the law of England and all the oversea Dominions (Canada excepted) and in the same way that juries now visit provincial prisons. 4. If not, why not. Presented June 23, 1925. Mr. Church. *Not printed.*

262. Return to an Order of the House of April 22, 1925, for a copy of all correspondence, reports, documents, telegrams, or memoranda, passing between the Department of Justice and any other Departments of the Government, or Ministers, or any other parties whatsoever, within the past six months, relating to the appointment of Inspector of Penitentiaries, and especially relating to the refusal to accept for such appointment Colonel Eric W. MacDonald of Halifax. Presented June 23, 1925. Mr. Black (*Halifax*).....*Not printed.*

263. Return to an Order of the House of June 9, 1924, for a copy of all correspondence, letters, telegrams and other documents passing between the Government or any member thereof and the Canadian Bank of Commerce and the Bank of Hamilton or any of the directors of the said banks or any other parties, in any way relating to the amalgamation of the Canadian Bank of Commerce and the Bank of Hamilton. Presented June 24, 1925. Mr. Coote.....*Not printed.*

CONTENTS OF VOLUME 5—*Continued*

264. Return to an Order of the House of June 18, 1925, for a Return showing:—1. Number of juveniles under 18 now detained in the penitentiaries of Canada, where, and how many 16 or under, 17, 18 and 19 years of age. 2. Whether it is the intention of the Government to give effect to the recommendations for years of grand juries and public bodies to provide separate institutions for these cases. If not, why. 3. Whether it is the intention of the Government to so readjust the rules of these institutions so that juveniles and first offenders will have preferential rules and also a better classification consideration to those of repeaters. 4. Whether it is the intention of the Government in the recess of Parliament to appoint a Royal Commission or Committee of the House to go into the whole question of prison reform in Canada as suggested in the debates in Hansard, 1922. If not, why not. Presented June 24, 1925. Mr. Church.....*Not printed.*

265. Return to an Order of the House of April 27, 1925, for a Return showing:—1. Whether any retired officers of the Imperial Forces are now employed by the Department of National Defence. 2. If so, their names, rank or position. 3. What salaries they receive from the Canadian Government. 4. What pension they receive from the Imperial Government. 5. Whether the pay and allowances of private soldiers in the Permanent Militia have been decreased since the year 1922. 6. If so, to what extent. 7. Whether the pay and allowances of non-commissioned officers in the Permanent Militia have been decreased since the year 1922. 8. If so, to what extent. Presented June 24, 1925. Mr. Power.....*Not printed.*

266, 266*a*. Return and Supplementary Return to an Order of the House of March 9, 1925, for a return showing the number of motor cars purchased by the Government, since January 1, 1912, the make of said cars, the total price paid for each, the date of purchase, to what duty assigned or by whom used, the total amount of gasoline purchased; also, showing the number of buildings in which the said motor cars are housed, showing when owned by the Government, date purchased and at what price, and when rented, what rental and when leased. Also showing the number of employees engaged in the care and upkeep of said motor cars, and the total amount spent on repairs to these cars, since January 1, 1912. Presented June 24, 26, 1925 Mr. Simpson.....*Not printed.*

267. Return to an Order of the House of May 20, 1925, for a Return showing:—1. During the year 1924, prior to August 1, what rate per day was paid to the following officers, non-commissioned officers and men of the permanent force of Canada, namely, General of various ranks, Colonel, Lieutenant-Colonel, Major, Captain, Lieutenant, Second Lieutenant, Regimental Sergeant-Major, Company Sergeant-Major, Sergeant, Corporal and Private. 2. The value in money of any per diem allowance paid or furnished each of said ranks in addition to pay during said period. 3. The rate of pay and rate of allowance paid each of said ranks since August, 1924. Presented June 24, 1925. Mr. Black (*Yukon*).....*Not printed.*

268. Return to an Order of the House of March 23, 1925, for a Return showing:—1. The actual strength of the Canadian Permanent Force. 2. The present number of officers of the Staff and Permanent Force who are holding the full, temporary and brevet ranks: (*a*) Colonel; (*b*) Lieutenant-Colonel. 3. The position and the salary of the following Generals who are yet in the service: General MacBrien, General Ashton, General Panet, General Macdonell, General King, General Elmsley, General McNaughton, General Thacker, General Bell, General Ross, General Ormond, General Ketchen, General Armstrong, General Landry. 4. The name of each of those generals whose tenure of appointment or the extension of term will end during the fiscal year, April 1, 1925, to March 31, 1926. 5. Whether the Department of Defence allows a six months' leave with pay and allowances to the officers before being pensioned. 6. If so, whether it is the intention of the Minister of National Defence to notify, through the Adjutant General, each general six months before the expiration of his tenure of appointment or his extension of term that he will be retired from the service, thus allowing promotion to other officers. Presented June 24, 1925. Mr. Lanctôt.....*Not printed.*

269. Return to an Order of the House of March 23, 1925, for a Return showing:—1. The present number of officers of the Permanent Force who are qualified for a higher rank, but who are waiting for a promotion: (*a*) Lieutenants for the rank of Captain; (*b*) Captains for the rank of Major; (*c*) Majors for the rank of Lieu-

CONTENTS OF VOLUME 5—*Concluded*

tenant-Colonel; (*d*) Lieutenant-Colonels for the rank of Colonel; (*e*) Colonels to Command a Military District. 2. Whether the Minister of the Department of National Defence intends to retire the generals and other officers who have been in the service for some years, thus stopping the promotion on the Staff and in the Permanent Force. Presented June 24, 1925. Mr. Lanctôt.....*Not printed.*

270. Return to an Order of the House of June 11, 1925, for a Return showing:—1. Whether Colonel A. H. Borden, lately Assistant Officer Commanding at Toronto, is now in receipt of pay and allowances from the Militia Department. 2. If not, on what date he retired. 3. On what grounds his retirement was sanctioned. 4. Amount of his retiring allowance. Presented June 24, 1925. Mr. Black (Halifax). *Not printed.*

271. Copy of Rhineland Security Pact Proposals: Note from German Government, February 9, 1925, and reply of French Government thereto of June 16, 1925. Presented June 24, 1925.....*Not printed.*

ANNUAL REPORT OF THE AUDITOR GENERAL

UNDER

The Consolidated Revenue and Audit Act

INTRODUCTION

Pursuant to the requirements of the Consolidated Revenue and Audit Act, I have the honour to submit the report of the Auditor General for the fiscal year ended March 31, 1924, being the forty-sixth annual report presented to the House of Commons since the establishment of the office on its present basis.

As practically ten months of the fiscal year (1923-24) had elapsed at the date of my appointment as Auditor General the greater part of the expenditure of the year was made subject to audit by the Assistant Auditor General.

I have, however, made a general review of the expenditure and inquired into the mode of audit to which it was subjected and as a result of my enquiries and review, I feel justified in certifying the appropriation accounts in the form prescribed by the Consolidated Revenue and Audit Act.

CONSOLIDATED FUND

The net revenue deposited to the credit of the Receiver General during the fiscal year was $406,903,189.16 including special revenues to the amount of $10,065,506.94.

Provision was made in the Supply Bills of the fiscal year under review for an estimated expenditure of $288,536,339.62 including $382,660, the amount of Governor General's Warrants issued for expenditure of 1923-24 and reported to the House of Commons on February 28, 1924, the Vote for which is included in the Supply Bill of 1924-25. The expenditure actually incurred under this provision was $208,068,261.78. In addition to this amount there was paid under the authority of Special Statutes $179,546,384.23 making the gross expenditure for the year ended March 31, 1924, $387,614,646.01.

Statements, comparative and otherwise, of revenue and of expenditure by services and departments will be found under their respective headings in this Report.

The appropriation accounts transmitted to me for audit under Section 51 of the Audit Act by the various departments certified in the form prescribed by Statute are also included in this volume. Explanations of expenditure in excess of grants as furnished me by the various spending departments are inserted as footnotes. Explanations of savings on grants were not received by me in time to be included in this report. I find that explanations in this latter respect have not been given in the report for some years past.

It seems to me the House of Commons should be informed of the circumstances under which these savings were effected and I have asked the departments to furnish me with the desired information in this regard.

Correspondence in regard to any objections or observations I have deemed necessary to communicate to the departments concerned respecting expenditure under their Letters of Credit with the Departments' explanations has been inserted after the statements of details under the departmental headings in volumes 2 and 3.

The above mentioned statements of revenue, and expenditures under grants are summarized and are compared with those of 1922-23 as follows:—

—	1923-24	1922-23	Decrease	Increase
	$ cts.	$ cts.	$ cts.	$ cts.
REVENUE—				
General	384,921,203 11	378,149,597 09	.....	6,771,606 02

7—Soldiers' Land Settlement	1,532,978 25	1,726,413 39
	$45,384,425 82	$54,652,790 54

AUDIT OF REVENUE

The Grand Summary of Revenue, by Services, for the year ended March 31, 1924, and the comparative statements of Revenue by Departments for years 1913-14 and 1919-20 to 1923-24, shown on pages b-4 and b-6 Vol. I. have been compiled with the view of giving a more complete and comprehensive idea of all sources of Revenue in comparison with the fiscal years immediately before and after the war, showing fluctuations due to conditions prevailing during those years. An analysis with accompanying observations should, in my opinion, be made in this Report under this heading, but this is not possible as the audit of the Revenue of the Dominion, since December 30, 1889, which is to be made in accordance with Section 63 of the Consolidated Revenue and Audit Act and rules and regulations issued by the Treasury Board under date of June 21, 1886, and of the above date, has been confined practically to ascertaining that the amounts deposited by the various collecting agencies have come to account; no audit being made at ports of collection except on rare occasions, mainly for the reason that the staff of the Audit Department was fully occupied during the year in the examination of vouchers in support of expenditure and in the preparation of the Auditor General's Annual Report to the House of Commons.

In a letter addressed to the Honourable the Acting Minister of Finance, dated June 6, 1924, referring to this matter, I made my position clear as to the necessity for the Auditor General making a more detailed and systematic inquiry into the conditions underlying the collection of the Revenue of the Dominion, as follows:—

"At present, except in rare cases, the only audit made, which is merely a verification, takes place at Ottawa and is confined to ascertaining that all the revenue collected, as reported by the different services, has been brought to account.

"I am of opinion the Auditor General should go much further. He should be in a position and be given the means by which he would be enabled besides auditing the accounts at the ports of collection, also to make investigations into the methods adopted for ascertaining that the amount collected is the full amount that should have been collected under the Statutes and the Treasury regulations applicable thereto.

"I find that a systematic and continuous audit of this nature has not been applied to the revenue collections heretofore, largely, I under-

stand, for the reason that the office did not have sufficient qualified members on its staff to undertake this work and at the same time to supervise the examination and audit of the appropriation accounts of the fiscal year in preparation for the annual report to the House of Commons."

From the very limited information I have respecting the collection of Revenue, it appears that a thorough examination and investigation of existing methods should be made by experienced officials of the Audit Department; this, however, cannot be proceeded with until the reorganization of the staff of the Auditor General's Department is carried out.

In the past in reporting cases in which revenue receipts have been diverted from their proper disposition as deposits to the credit of the Minister of Finance and the Receiver General (as required by Section 35 of the Consolidated Revenue and Audit Act) to pay expenditures which should properly have been charged against an appropriation, reference thereto has been made merely through the printed correspondence with the Departments. In the next Report it is proposed to exhibit all such cases occurring in 1924-25 in the form of a separate statement.

A statement is published in part "c" of Volume I of this Report showing the arrears of Revenue due to the Dominion Government. This statement shows a total of $168,599,706.70 for the year 1923-24 which is an increase of $52,635,133.46 over the previous year. Some of the items represent arrears that accrued fifteen or twenty years ago and these and others have been accumulating for many years. It appears that no examination has been made in the past to ascertain the degree of collectibility of these amounts and I purpose having a careful examination made of the amounts involved with that object in view and to report upon the result of such examination in my next annual report to the House of Commons, without whose authority none of these accounts may be written off.

AUDIT OF EXPENDITURE

AUDIT OF SALARY PAYLISTS AND OF SALARIES PAID FROM GENERAL VOTES

I have had under consideration the question of how far the system of pre-audit of paylists should be extended. According to figures supplied me by the Dominion Statistician there were in the month of October last 40,350 permanent and temporary employees of the Dominion Government with monthly salaries totalling over $4,500,000 and in addition other employees with salaries of over $1,612,000. Taking these monthly amounts as a basis of computation the total for the year would amount to over $74,000,000. Nearly all the permanent employees in the Departments at Ottawa, to the number of over 6,100 with yearly salaries amounting to over $10,500,000, are paid on paylists that are pre-audited. One of the benefits of that system is that many salary adjustments including refunds are avoided. The numerous sections of the Civil Service Act together with the many regulations of the Civil Service Commission and Treasury Board affecting payment of salaries render it advisable that payment of salaries should be controlled, as far as possible in accordance therewith. Where practicable that control, in my opinion, is best obtained by submission of the paylists for audit before payment so that no payments may be made until there is agreement between the responsible officials as to the correct interpretation of the governing regulations. In many cases where payment has been made before audit, overpayments have resulted which have never been adjusted, notwithstanding the objections of this Office and the supporting opinions of the Justice Department. I am of the opinion that the advantages of that system as applied to the Inside Service might be further extended to include other portions of the Service. How far it should be extended is a matter for further consideration.

The only permanent employees of the Inside Service whose paylists are not submitted for audit before payment are those of the Senate and House of Commons. The attention of the Clerks of both Houses was called in May last to the Treasury Board Minute of February 9th, 1910 which is as follows:—

> "The Board had under consideration a communication from the Auditor General representing that on the 29th November, 1895, a Minute of the Treasury Board was passed directing 'that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on paylists certified by the Auditor General before payment.'
>
> It is further represented by the Auditor General that the Civil Service Amendment Act, 1908, has brought the staffs of the Senate, House of Commons and Library under the Civil Service Act, and for the purpose of uniformity and the better auditing of the accounts he suggests that the above Minute be amended so as to include the monthly paylists of these bodies among those to be sent to the Audit Office for certificate before payment.
>
> The Board direct that the said Minute be amended accordingly."

As my request was not complied with these paylists are not pre-audited as required by the regulations of the Treasury Board.

Under the Civil Service Act changes in the rates of compensation or the establishing of rates for new classes should not become operative until Parliament has provided the money required. The estimates for the salaries of the Inside Service as submitted to Parliament are given in detail so that it is easily determined whether a new clerkship or a new class has been provided for. No details are given in the estimates for the positions in the Outside Service and therefore I have no means of determining whether Parliament specially provided the money required for any new class or any new clerkship in that part of the Service which comprises the larger number of employees.

I have called the attention of the Treasury Board to the insufficiency of the information submitted to Parliament in the matter of changes in classification for the employees of the Outside Service and for some of the employees of the Inside Service.

(See letter in Vol. 1, page d—20.)

UNFORESEEN EXPENDITURE

The expenditure under the Vote for Unforeseen Expenses during the fiscal year ended 31st March, 1924, amounted to $35,515.62 as against $51,926.26 the previous year, representing a decrease of $16,410.64.

Details of this expenditure are shown on page a—22, Vol. I.

EXPERIMENTAL FARMS

I caused a test audit to be made of the accounts and records in connection with revenue and expenditure at the Central Experimental Farm, Ottawa, and at the farms at Lennoxville and Cap Rouge.

It will be necessary to make some changes in the form of accounting for the revenue at these farms. I have called the Department's attention to what appeared to me weak points in their system of accounting and I have been informed that due attention is being given to my suggestions.

BRITISH EMPIRE EXHIBITION, ETC.

The total amount appropriated for the fiscal year ended March 31st, 1924, for expenditure on account of the British Empire Exhibition was $650,000, the expenditure during the year amounted to $649,881.97, leaving an unexpended

balance of $118.03. Of the total amount spent, $115,598.02 was expended in Canada, mainly on the collection, preparation and shipping of exhibits, and $534,283.95 or £118,840 15s. 9d. was expended in Great Britain. $2,845.97 or £584, 15s. 9d. of this latter amount was remitted to London for the special purpose of paying certain salaries there; the balance, $531,437.93, or £118,256, was remitted to London by drafts purchased at Ottawa from time to time at current rates of exchange. The proceeds of these drafts were deposited in the Bank of Montreal, London, to the credit of Mr. A. W. Tolmie, Exhibition Commissioner, and Mr. L. A. Avery, Accountant, and were expended by them. The details of the expenditure both in Great Britain and in Canada will be found on pages H—50 to H—54 of this report, and some correspondence which has passed between this Office and the Department of Immigration and Colonization with reference to this expenditure will be found on pages H—69 to H—76.

In consequence of the accounts for the expenditure in Great Britain not having been rendered in the generally accepted form for government accounts, a partial audit only has been made up to the present time, pending the receipt of certain information and documents from London, on receipt of which the audit will be completed.

I took occasion during my visit to London last August to inquire into the system of control and accounting in connection with expenditure made from advances received from the Department at Ottawa and I found that on the whole it was satisfactory. I made some suggestions in regard to changes that might be made so as to conform to the requirements of the Consolidated Revenue and Audit Act and Mr. Avery agreed to be governed by them.

In order to conform with Section 51 of the Consolidated Revenue and Audit Act which requires that the examination of all the cash transactions be proceeded with, as far as possible, *pari passu*, I am of opinion that if the exhibition is to be continued next year a monthly audit should be made by an official stationed in London, acting under my direction and who would report to this Department regularly.

From observations made in the course of my visits to offices and sub-offices of departments in London and in Paris, I think that arrangements should be made to appoint such a representative who would make from time to time a local surprise examination of each of these offices outside of Canada, as most of them are receiving advances for the purpose of paying current expenses.

As I also found that there is a lack of uniformity in methods in use in these different offices even of the same Department, this examiner would render good service in this connection by co-operating with the departments concerned in the reforms that might be adopted towards obtaining uniformity.

I wish to point out the desirability of placing all the activities of Canada in any country where the Dominion is represented, under the general supervision of its chief representative in that country with the view, not only of improving the methods of control and the effectiveness of the various services, but also of bringing about more co-operation between them whenever required, thus adding to the prestige of Canada by improving conditions of administration in these countries.

INSPECTION OF GOVERNMENT ACCOUNTS YUKON TERRITORY

Under the Yukon Act "The Auditor General shall whenever he deems necessary or desirable, send an officer of his office to the Territory for the purpose of examining and auditing such receipts, expenditure and accounts and reporting thereon to him." An officer was sent to the Territory in 1923 and a reference to his examination and audit was made

in the introduction to the Auditor General's Report for 1922-23, Volume 1, page ii. No officer was sent in 1924 but the accounts were submitted here for the usual examination. On account of the retirement of the Public Administrator on June 30th last and the appointment forthwith of his successor it was necessary that an immediate examination of his accounts be made. As it was not convenient to send an officer at the time, these duties were on my request undertaken by the Comptroller of the Yukon Territory, Mr. Jeckell. The result of his examination has recently been received which shows the receipts and payments for the eleven months ended June 30th last and the balances of the accounts in each estate on that date.

A further examination of these accounts will be made by an official of this office during the coming year.

LIGNITE UTILIZATION BOARD

An examination of the revenue and expenditure of this Board for 1923-24 was made by an official of this Office at the offices of the Board in Montreal in April last. The accounting records were reported as being carefully kept and satisfactory vouchers were furnished for all disbursements. The cash balance as shown on March 31st—$50,466.59—was found to be correct.

EXPENDITURE UNDER CANADA HIGHWAYS ACT

Under this Act (Chapter 54 of the Statutes of 1919 and Chapter 4 of the Statutes of 1924) the Governor in Council is empowered to make grants to the various provinces as an encouragement and aid towards the improvement of the principal highways. The amount that may be granted is limited to $20,000,000 to be paid as now authorized within a period of seven years dating from April 1, 1919.

Each province shared in this grant on the basis of population, the allocation being as follows:—

—	Allocation	Expended	Unexpended
	$ cts.	$ cts.	$ cts.
Alberta	1,477,810 00	Nil	1,477,810 00
British Columbia	1,251,955 00	1,251,955 00	Nil
Manitoba	1,602,265 00	1,074,660 53	527,604 47
New Brunswick	1,163,845 00	1,107,479 35	56,365 65
Nova Scotia	1,468,720 00	1,394,829 45	73,890 55
Ontario	5,877,275 00	4,751,688 17	1,125,586 83
Prince Edward Island	603,455 00	374,115 13	229,339 87
Quebec	4,748,420 00	2,801,163 18	1,947,256 82
Saskatchewan	1,806,255 00	1,098,724 31	707,530 69
Total	$20,000,000 00	$13,854,615 12	$ 6,145,384 88

The expenditure incurred in the provinces of British Columbia, Manitoba and Saskatchewan was audited at Victoria, Winnipeg and Regina during the month of August last by one of the chief examiners of my Department.

Under the statute the Governor in Council is empowered to grant forty per cent of the total cost of any highway project constructed in accordance with and subject to regulations made in that regard.

Though the accounts in all cases were not kept in the most convenient form for audit in respect of the amount of Federal assistance which might be claimed under the Act, still they bore satisfactory evidence of having been carefully checked and that the total amount claimed to have been spent on each project was correct.

As the Chief Examiner familiar with these accounts was obliged to remain in Ottawa in connection with the preparation of the annual report it was not possible to make a similar audit of expenditure in the other provinces but I hope to be in a position to have the necessary audit made at an early date.

WORKMEN'S COMPENSATION ACT

(Chapter 15, 1918 and Chapter 14, 1919)

Provision is made in this Act to grant the same compensation in the case of employees of His Majesty who may be killed or suffer injuries in the discharge of their duties as would be granted to other employees under the law of the province in which the accident occurred.

The amount of compensation is determined in the same manner and by the same Board that administers the local Act.

In case there is no Board in the province the compensation is determined in such manner as the Governor in Council may direct.

Federal payments to the various provincial Boards, including advances, to March 31, 1924, are as follows:—

Board	To March 31, 1923	1923-24	Total to March 31, 1924
	$ cts.	$ cts.	$ cts.
Nova Scotia	87,152 56	20,968 58	108,121 14
New Brunswick	217,099 51	80,312 09	297,411 60
Ontario	166,627 18	70,978 10	237,605 28
Manitoba	97,642 34	44,855 30	142,497 64
Alberta	37,098 18	.....	37,098 18
British Columbia	55,000 00	.....	55,000 00
Quebec and Miscellaneous	125,650 59	24,930 65	150,581 24
Total	$ 786,270 36	$ 242,044 72	$ 1,028,315 08

An audit of the expenditure incurred by the Boards of their respective provinces was made at Vancouver, Edmonton and Winnipeg. All accounts and proofs of payment on record with these Boards were examined and on the whole found satisfactory.

A complete audit of this expenditure cannot be made at Ottawa for the reason that the Boards insist on retaining in their possession paid cheques and other proofs of payment.

AUDIT OF GOVERNMENT STORES

No regular and systematic audit of stores at the various departmental depots, either in Ottawa or at Outside points, with the exception of the Government Printing Bureau, the Stationery Office and Ottawa Branch of the Royal Mint, has been carried out heretofore by this Department on account of insufficient staff as mentioned elsewhere in this report although it seems to me an audit of this nature is of the highest importance. A complete annual inventory of the stock of the Department of Printing and Stationery is jointly taken by officials of this Office and of that Department, and the quantities of gold and other precious metals and completed coin on hand at the Royal Mint are verified half-yearly by representatives of this Office and the Department of Finance. Other stores represent a considerable amount but from the information available

I am not in a position to establish the exact amount which I am inclined to think is considerably over $25,000,000, perhaps $50,000,000, and these stores are in depots all over the country, kept under all kinds of conditions, too often without proper methods of stockkeeping and control, inviting slackness of administration and resultant waste.

These stores represent money voted by Parliament and are subject to the same restrictions as the appropriations provided for their purchase,—that is they may not be diverted from the purpose for which they were obtained in the first instance.

With the view of ascertaining the conditions under which the stores were kept, an examination was made this year of most of the Canal Stores and all Militia, Naval and Air Stores west of Winnipeg and this examination together with information obtained from the several departments respecting values of stores on hand on March 31, 1924, has shown that the following conditions prevailed to a certain extent with regard to stores and stockkeeping through all the departments:—

(*a*) Stores kept in a very unsatisfactory way, storing or handling facilities being poor, store-houses inadequate;

(*b*) In some cases, where stock ledgers were kept, discrepancies representing large amounts were found between the stock accounts and the stocks actually on hand;

(*c*) Records not kept up to date or in some instances not kept at all;

(*d*) Stores issued without requisition or authority;

(*e*) Storekeepers incompetent to keep records properly;

(*f*) A system of stores accounting which was found satisfactory when adopted in large depots proved unsatisfactory when applied to smaller stores;

(*g*) Unsatisfactory control of local purchases;

(*h*) Lack of uniformity in methods of keeping stocks and records and in the forms in use at the different stores, also in pricing which is based upon one or other of the following bases:

Average Price
Oldest "
Last "
Arbitrary "

(*i*) Surplus or inactive stocks sometimes exist in certain stores in great quantities and values;

(*j*) Inventories of stores taken without indication of values or of proper classification of the stocks on hand.

Attention of the departments concerned was called to these matters at the time the examinations were made and I appreciate the general desire manifested on the part of the various departmental officials to co-operate in establishing greater efficiency in the control of Stores and uniformity of methods of stores accounting.

The above conditions clearly indicate that a systematic and continuous audit of stores made at the various points where they are kept, carried out under the direction of the Auditor General by an experienced staff of auditors familiar with and able to devise uniform and adequate methods, would, besides contributing to the elimination and prevention of the irregularities above mentioned,

bring about a new condition of affairs which would effect a considerable reduction in the funds employed in stocks and in the expenditure on store-keeping, and be conducive to economy by the elimination of waste, and the saving effected thereby would offset many times over the additional expenditure in salaries and expenses of such officials.

OPEN ACCOUNTS DUE THE DOMINION GOVERNMENT

A statement, prepared by the Department of Finance, is published each year in the Public Accounts of Canada, showing a number of Miscellaneous Current Accounts of the Dominion. These accounts which may be termed Open Accounts involve large amounts.

I am informed that all payments to or disbursements from these accounts were audited and verified by this office at the time at which they were made, in accordance with the requirements of the Consolidated Revenue and Audit Act.

No other examination of these accounts appears to have been effected in the past although, in my opinion, it is desirable that a more intensive examination should be made from time to time to ascertain their value and to report as to the conditions relating to each of the accounts.

TRUST FUNDS

The under-mentioned accounts appear in the Public Accounts and are designated as Trust Accounts. The funds composing these accounts have been received and deposited to the credit of the Receiver General to be applied to certain specified purposes. The payments from these accounts are made under special regulations which are in most cases approved by the Governor in Council. These accounts are subject, to a greater or less extent, to my supervision, and I have recently caused a cursory examination to be made of them and I find that they appear to be carefully administered. It is intended that a more complete examination of these accounts will be made in the near future.

In some departments, however, moneys are collected by officers, acting in their official capacity, which are to be devoted to certain specified purposes. In some instances such moneys are held in a Trust Account by the collecting officers and administered by them, in other instances the moneys are held by the Department concerned in a Trust Account and administered by that Department. In the majority of these cases the money so deposited and the disbursements made therefrom do not come under my audit.

I was made aware of the latter classes of Trust Funds by a report made by one of the Chief Examiners in this Office who recently made an official investigation. Though the amounts involved in many of these funds are small still I am of opinion that the receipts and disbursements should be subject to audit and with this end in view I have taken up the matter with the departments concerned.

I have called the attention of the Department of Immigration and Colonization to the inadequacy of the Guarantee Bond in the case of some of the Departmental agents in charge of Trust Funds and the correspondence which has taken place in reference thereto will be found on page H-76.

These trust accounts are as follows:—

TRUST FUNDS 1923-24

—	Cr. Balance March 31, 1923	Cr. Balance March 31, 1924
	$ cts.	$ cts.
Canadian Military Canteen Funds	1,879,736 09	1,896,622 02
Common School Fund	2,656,136 99	2,656,136 99
Contractors' Securities	931,723 82	970,865 78
Decayed Pilots Fund	80,305 77	83,622 98
Immigration Guarantee Fund	31,274 40	76,788 48
Indian Funds	11,516,212 72	11,931,367 74
Military Estates Fund No. 1	195,679 76	165,377 77
Military Estates Fund No. 2	28,226 67	25,915 36
Militia & Defence—		
Regimental Funds	97,620 43	107,498 17
Provident Fund—		
I.C.R. and P.E.I. Ry. Employees	442,854 01	332,986 82
School Lands—		
Alberta	175,344 58	197,180 52
Manitoba	66,414 57	26,544 45
Saskatchewan	555,471 91	390,346 42
Pilots' Pension Funds—		
Halifax	52,863 84	55,030 37
St. John	25,953 91	28,145 67
Sydney	12,646 39	14,778 23
Strathcona Trust Fund	500,000 00	500,000 00
Empress of Ireland Relief Fund	1,023 98	954 38
Pelagic Sealing Fund	521,041 77	.....
	19,770,531 61	19,460,162 15

The balances appearing in the books of the Department of National Defence at the credit of Military Estates Funds Nos. 1 and 2 on March 31, 1924, are $164,034.19 and $27,258.94 respectively, differing in each case by $1,343.58 from the balances shown above. This difference arose from three amounts totalling in all $1,343.58 being erroneously credited in the books of the Finance Department and of this Office to Fund No. 1 instead to Fund No. 2. The error, which has been detected only recently, is being adjusted forthwith.

I have also called the attention of the Finance Department to the disposition made of the moneys received by the Custodian of Enemy Debts and Property under the Treaty of Peace (Germany) Order, 1920. These moneys, the amount of which is very considerable, are held in the name of the Custodian and are not deposited to the credit of the Receiver General. I have pointed out that in my opinion moneys of this nature are Trust moneys as defined by the Consolidated Revenue and Audit Act and as such should be deposited to the credit of the account of the Receiver General of Canada.

DEFERRED PAYMENTS

I call attention to this mode of payment, in order that the House of Commons may know the full obligation which has to be assumed for the properties so purchased. The specific provision in the Supply Bill is for one year only and in the case of the Caswell building at Saskatoon no specific provision was made, the six monthly payments having been charged to Vote 151 for public buildings generally.

—	Purchase price with interest	Paid to March 31, 1924	Still due March 31, 1924

	$ 1,702,640 19	$ 526,790 20	$ 1,175,849 99

SUPERANNUATION ACTS AND PUBLIC SERVICE RETIREMENT ACT

Included in recent legislation which entails considerable additional work for this Office is the Public Service Retirement Act 1920, and the Superannuation Act 1924. As this is comparatively new legislation many questions have arisen as to the interpretation of various Sections and also as to procedure and regulations applicable thereto. This involved correspondence not only with the Departments concerned but also with the Civil Service Commission, Justice Department and the Treasury Board. Some of this correspondence is shown in part "d" of this report and is indicative of some of the problems connected therewith.

Since the introduction of the Public Service Retirement Act in 1920 about 2,300 persons have been retired thereunder and in each and every case the recommendations of the Department and the Civil Service Commission were submitted to this Office for verification before being dealt with by the Treasury Board who required the certificate of this Office in regard to the employee's eligibility and the amount to which he was entitled under that Act.

Under "Treasury Board Correspondence" part "d", is published some of the correspondence relating to the retirement of persons under the Public Service Retirement Act which expired on November 1st last. This correspondence deals with those retirements which, although authorized by the Civil

Service Commission and the Governor in Council, were in my opinion, ultra vires. Objections were taken in some cases as it was not considered that it was contemplated that the Act should be interpreted so freely that persons could be absent without pay for such long periods and yet be considered as being still in the Service and allowed to include the period of absence in their length of service thus increasing their retiring allowance. In some cases allowances that were authorized have not been paid for reasons as stated. In others payment was made but the objections to the payments are shown in my letters.

The Superannuation Act 1924 makes it obligatory that the service record of every employee who elects to come under it shall be established in detail year by year. In a large proportion of cases the only information available is the records of this Office but, for some employees, there appears to be no record anywhere of portions of their service. As more than 6,000 employees have at this date elected to come under this Act, and as their varying salaries for each year, extending back 35 or 40 years in many cases, have to be checked, the additional work entailed is very considerable. The inclusion of the widow and children of an employee as beneficiaries under this Act makes it necessary that considerable care be given to the preparation of the regulations required for the administration of the Act.

From a study of the Superannuation Act 1924 it has been found that certain classes of employees are legally entitled to include in their length of service periods of absence during which no salary was paid nor any contributions made to the Superannuation Fund. In other cases previous temporary service may be counted in full without payment of any abatements on the salary received during such period. It seems to me as a matter of equity to both parties to the contract, that if the employee is allowed to include periods of absence as service that he should pay the regular abatements on the salary authorized for such periods. In other words no service should be counted for an employee unless the employee pays to the Government the abatements on the salary authorized for that period.

In my letters to the Treasury Board, published in Volume 1, page d-10, I called attention to the re-employment in the Public Service of persons retired under the Public Service Retirement Act. In some cases the persons retired were continued in the Service and although paid retiring allowances were also paid either the full salaries of their former positions or part of their former salaries.

Although there is nothing in the Civil Service, Public Service Retirement or Superannuation Acts which prevents the re-employment of such persons and paying them the full salaries of their former positions in addition to their retiring allowances yet it seems to me to be obvious that it was never intended in introducing legislation for the retirement of public officials that they might subsequently be re-employed with greater remuneration and with a consequent increase of public expenditure.

If the circumstances justify the re-employment of such persons it is considered that there should be some regulation prescribing what remuneration should be paid them while so re-employed.

AUDIT OF IMPERIAL PENSIONS PAID IN CANADA OR IN THE UNITED STATES

At the request of the Imperial Ministry of Pensions and with the consent of the Minister of Finance I have undertaken the audit of Imperial Pensions payable to pensioners resident in Canada or the United States.

During my recent visit to London I called at the Ministry of Pensions for the purpose of coming to an understanding as to the extent and scope of the audit which would be required by the Ministry and the Comptroller and Auditor General and also as to the cost of this audit to be paid from Imperial Funds.

I had also an opportunity of discussing this matter and other questions relating to the audit of public expenditure in the Department of the Comptroller and Auditor General and I gladly take this opportunity to place on record my acknowledgment and appreciation of the many courtesies extended to me by the officers of the Imperial Service to whom I applied for information or with whom I had conversations on the system of public accounting and auditing under the British system.

AUDIT OFFICE

PERSONNEL OF STAFF

The staff of the Auditor General now comprises in all 201 employees as against 207 in January 1924. Of these only 69 are men, who can be assigned to make outside examinations in the offices of the various departments and their outside branches. Of this number over 50 had no previous experience in accounting or bookkeeping before entering the Department. A small number of the staff are University graduates or undergraduates and most of these with a few others I find to be highly qualified. These may be considered as my main support and they form the nucleus of my executive organization for carrying out the most essential work of this Office. Some of them, however, are near the age limit and may have to be superannuated before many years.

One consequence of the inadequacy of the staff has been the inability to cover in a thorough manner the examination of accounts. This is more fully dealt with in a subsequent chapter. A number of changes in the Department have already been effected with the view of developing more co-operation and co-ordination in the work and also more uniformity in the methods of auditing and of reporting to the House of Commons. Among other things it was found desirable in order to create elasticity in the handling and distribution of the work of this Office and also to cause the assimilation of knowledge of work other than that which the individual clerk had been in the habit of doing, to transfer clerks from one set of duties to another. This practice after a time will become quite a factor with regard to efficiency and economy in the administration of the Department.

The estimates for 1925-26 are based upon the present personnel of the Department with a few additional positions in the upper grades to be filled by trained accountants. Through rearrangements, the staff of temporary employees in the lower grades will be notably reduced in the course of the next few months and the saving effected will compensate in part for increased salaries for the higher grades. It is desirable, however, that latitude be given the Auditor General in the disposal and re-classification of his present staff especially until such time as its re-organization is completed.

If a sufficient number of qualified men is available, many changes are contemplated which will have the effect of bringing closer together the Audit Office and the spending departments, and also of eliminating largely the duplication of vouchers and documents pertaining to audit of expenditure totalling at present many thousands per year, and reducing the work involved in the exchange of correspondence with the various departments.

An effective re-organization of the Audit Department would therefore have a beneficial effect on the spending departments and the numerous and varied activities under their control. This is only possible if this Department is enabled to build up a properly qualified personnel, trained in modern scientific methods

and of wide and varied experience. In a word, what the Audit Department needs in a most pressing way is to increase the number of higher grade professional accountants and auditors, to form the foundation of a newly reconstructed and modernized staff. For some years to come, the salaries paid may be larger by a few thousand dollars, but in other ways this will be more than compensated, even during the first year, and the benefit will be immeasurable for the future.

Even if done under the most favourable conditions as to time, number of men to choose from and range of salaries to be paid, it is a difficult task to get together a sufficient number of these desirable men. In this connection, from recent evidences, I may be justified in hoping that more effective co-operation will be given to me to attain this end. In the selection of such a staff the personal characteristics and the nature and extent of their previous experience are essential considerations and must be taken into account.

The following extract of a report dated April 24, 1924, prepared at my request upon the general working conditions in this Department at that date, signed by the Chief Examiners, eight in all, under whose direction 95 per cent of the staff of this Department is working, gives a thorough and unbiased idea of the conditions existing in this Office and the deplorable consequences resulting therefrom:—

> "The present system of appointments to the staff of this Office has proved to be far from satisfactory. The nature of the work of this Office calls for qualifications of a very special nature, and the staff should be, so to speak, 'hand-picked.' Assignments to this Office are made from those whose names stand at the head of the lists of those available for appointments, without due consideration as to special qualifications required. The result has been that, while we occasionally get a suitable clerk, the majority prove to be not at all suitable for audit work", and, "as it is at present, comparatively few of the recent appointments to this Office give any evidence of being able to qualify for the higher positions as the older men make way for them."

LEAVES OF ABSENCE AND ATTENDANCE

The number of days of sick and special leave with pay, in my department during the first three months of 1924, totalled 702.5 days, or an average of 3.36 days for each employee. This number was reduced in the last three months of the year to 305.5 days, or an average of 1.49 days for each employee, due to the application of new rules and methods of control put into effect about the first of April 1924. To further show the progress accomplished, I have had compiled the following comparative figures for the corresponding nine last calendar months of the following years:—

	1923.	1924.
Total salaries paid April to December	$219,926.18	$219,286.73
No. of employees	206	207
Total leaves of absence with pay (excepting annual leave)	1,767.5 days	999 days
No. of days of leaves of absence per employee	8.58 days	4.83 days

The great reduction in the number of days of leave of absence represents a monthly average decrease, for 1924, of 85.4 days and a consequent saving or increased output by the staff representing a total of $3,650.38 for the nine months period of 1924.

The Civil Service Act and the Regulations of the Civil Service Commission, as approved by the Governor in Council, fix the hours for the attendance of all the employees. The only efficient means of ensuring that the hours so established are being observed is by having all the employees register their attendance.

Under the Act no exception is made in the matter of registering attendance for any employee and there are several reasons why no exception should be made. That register serves two purposes, namely, the establishment of a record of lates and also one of absences and leave which is required to be reported to the Auditor General under Section 70 of the Civil Service Regulations. If it is found necessary and advisable to secure the attendance of employees at other than the prescribed hours these employees can be so exempted but they should nevertheless register their attendance in the same way as those arriving at the regular hours. According to the reports submitted to this Office as required by Section 70 of the Regulations it is found that many clerks throughout the Departments, in some branches a large proportion of the staff, are exempted from signing, and as a result there is no means of determining whether the clerks have exceeded the leave to which they are entitled.

By applying judicious regulations as to arrival and departure, the number of working hours of the staff in the Audit Office was increased by at least 2,000 hours a month, since April 1924.

HOUSING OF STAFF

I found my staff scattered in three different buildings and in six stories of these buildings. By re-arrangement, redistribution of space and a more logical co-ordination of the work and of the staff, I was able to release a whole storey occupied by one Branch of this Office, in the Royal Bank Building, on Sparks street. I also released rooms on the third storey of the East Block, besides improving the working conditions of most of the Branches and having a more comprehensive and compact organization, the staffs being placed under the direct supervision of the Chief Examiners, thereby greatly increasing the volume of work performed in most of the divisions besides effecting an annual saving of $4,320.48.

	Present Conditions.	Conditions as at Jan., 1924.
No. of rooms occupied by staff, exclusive of storage	35	54
No. of superficial feet	22,811	28,445
Rental value	$21,647.88	$25,968.36

These arrangements are a great improvement over the conditions existing at the time of my arrival but they are still inadequate as the employees of one of the divisions are still working under the old conditions, being housed in small rooms, in groups of two or three without proper supervision and the quarters allocated to the Auditor General's division being insufficient to accommodate the increased number of Chief Supervising Officers, and their assistants, who must be directly under the Auditor General's orders, according to the new plans of organization of the Department that are being inaugurated. This condition of things greatly hampers the progress of the reorganization of the Department of the Auditor General and means should soon be taken to obviate these disadvantages in the housing of the staff.

Parliament has already been apprised of the inadequateness of the housing conditions prevailing throughout the departments and I do not intend making any extensive remarks in this report with reference to this matter except to further indicate the resulting losses by inefficiency and the greatly increased cost of the service, due to the widely scattered offices in which are housed the staffs of most of the departments. No efficient, economical and practical reorganization of the Service can be effected in a wholly satisfactory way until this great handicap is removed.

In providing for the proper housing of the staffs consideration should be given to the housing and storing of the vast quantity of valuable fiscal records,

which are now scattered under very poor conditions in many non-fireproof buildings. The destruction of some of these records would be little short of a calamity and might result in unjustified claims representing considerably more than the cost of a central fireproof building designed specially for the purpose, in which the records could be kept under ideal conditions as to classification, safety and facility of access.

INOPERATIVE SECTIONS OF CONSOLIDATED REVENUE AND AUDIT ACT

On reading over the provisions of the Consolidated Revenue and Audit Act and comparing them with the practice as observed in this office I have found that in some instances the directions of the Statute are not observed in the form prescribed.

I feel I should call the attention of the House of Commons to the sections of the Act which, so far as the practice governing the audit of public expenditure is concerned, may be regarded as practically inoperative.

Sections 35 and 37 direct that the gross revenue, from whatever source derived, received by all officers charged with the receipt of public moneys shall be paid to the account of the Minister of Finance and Receiver General at such bank or banks as he determines. This mandatory order has not been applied to the Post Office Department for the reason that, under a long-standing custom, that department has been permitted to retain from its revenue collections sufficient in amount to meet the salaries and allowances of a certain class of postmasters whose remuneration is not provided for in the Supply Bill. I am of opinion that if this practice is to be continued it should be legalized by statute.

The Governor in Council is empowered by statute to authorize refunds of revenue and drawbacks of customs collections under certain conditions. The refunds and drawbacks so authorized are paid from revenue but there is no explicit statutory authority for doing so. The fact that the amounts to be refunded have previously gone to the credit of revenue seems to be the justification for this practice.

Section 41 directs that the Auditor General shall see that no cheque issues for the payment of any public money for which there is no direct parliamentary appropriation or in excess of any portion of such appropriation the expenditure of which has been authorized by the Governor in Council.

This statutory provision though seemingly of general application cannot apply to cheques issued under departmental letters of credit. These letters of credit are issued by the Finance Department on the application of the Auditor General in favour of the deputy heads, officers, clerks or other persons connected with the several departments or services charged with expenditure of the moneys granted by Parliament to defray expenses of any specified public service. I have no direct control over the issue of cheques under these letters of credit. They come to my notice for the first time when I receive from the departments the monthly statements of the cheques issued during the previous month accompanied by applications to repay the bank upon which they have been drawn the total amount of the cheques so issued. The departments concerned must assume full responsibility for the issue of these cheques and for the expenditure in connection therewith. Should any irregularity be detected in the subsequent examination and audit of the vouchers transmitted to me in support of this expenditure the department's attention is called to such irregularity and if my objection is not answered satisfactorily the Statute directs (section 60) that I shall refer the matter to the Treasury Board.

Of course as required further by the Statute *Section 61* any objection I may make to expenditure is brought to the notice of the House of Commons in my annual report.

In the case of applications made direct to me for the issue of cheques in payment of services rendered or material supplied I am in a position to refuse to certify to the issue of any such cheques until I am satisfied that the claim is justly due, that it has been properly incurred and that there is parliamentary provision for the expenditure in question.

The practice governing payments under letters of credit as they are now made has been in effect since the Consolidated Revenue and Audit Act came into force and so far as I can see at present it would not be in the public interest to change this procedure. Audit by this Department before payment as a general practice would be a cause of considerable delay in making payments and would, I think, tend to relieve the departments of the full and undivided responsibility they should assume for all payments coming under their administration.

Section 48 provides that the Minister of Finance shall cause an account to be prepared and transmitted to the Auditor General on or before the thirtieth day of June in every year showing the issues made from the Consolidated Revenue Fund in the fiscal year ended on the thirty-first day of March preceding for services directly under his control.

It has not been the practice to transmit such an account in the form evidently intended by this section, but the information for which provision is made therein has been obtained from the appropriation accounts transmitted to this office by the various spending departments.

The issues from the Consolidated Revenue Fund as shown in these appropriation accounts are examined and audited and the result reported to the House of Commons in the manner required by subsection 2 of this section.

It is, however, the intention to request the various departments to comply more fully with this provision of the Statute as it affords a more satisfactory control, and to devise a standardized form applicable to the various departments, with instructions as to how it is to be used.

Section 50. By an Act passed during the Session of Parliament of 1922 (George V, Chapter 15) the Consolidated Revenue and Audit Act was amended so as practically to repeal Section 50 of the original Act. Under this section provision was made directing that all balances of appropriations remaining unexpended on March 31 of any fiscal year might be made available by Order in Council for a further period not exceeding three months for the payment of claims which had been incurred and were due prior to the close of the fiscal year.

Under the amendment now in force it is provided that the balances of appropriations on the last day of the fiscal year shall lapse and be written off as shall also the balances of credits against which no cheques have been drawn.

It was found impracticable to put this amendment into effect in respect of the appropriations of the fiscal years 1922-23 and 1923-24 for the reason that so doing would result in great inconvenience to the spending departments in meeting their obligations to the public. The Post Office Department for instance would have been obliged to carry expenditure amounting approximately to $2,438,500, incurred and due on the last day of the year to appropriations in the succeeding year. Other departments would be affected similarly but not to the same extent.

It is obvious that claims coming due during the latter part of the year cannot be dealt with by the departments concerned in time to charge the amount of such claims to the appropriations of the fiscal year to which they properly belong if the appropriations to which they are to be charged should lapse and be written off on the last day of the fiscal year.

It was, it seems to me, to provide for claims of this nature that the authority was given the Governor in Council in the first instance to extend the date of closing the appropriations to a period of not more than three months after the close of the fiscal year.

The main reason for the amendment to the Act seems to have been to facilitate the completion of the Auditor General's Report. Experience has shown that the amendment has not contributed to this end; and I am of opinion that the amendment insofar as it provides for the closing of the appropriation accounts should be repealed and the provision in that respect in the original Act restored.

Sections 66 and 67 under which the Auditor General is directed to sign and pass certain accounts transmitted to him for audit have not been complied with in the form prescribed.

The accounts mentioned therein are examined and audited but it has not been the practice to send any formal certificate to the accountant; his attention is called to any unauthorized charges or any errors in calculations or the absence of the necessary certificate respecting prices paid or other irregularities that may be detected and if satisfactory explanations are not received the objections thus communicated to the department are brought to the notice of the House of Commons in the correspondence published in the annual report.

CONTROL OF EXPENDITURE

The Consolidated Revenue and Audit Act is modelled upon the English Exchequer and Audit Departments Act. The Auditor General's Department is operating under the former Act. Its examination of expenditure from appropriations, its control of revenue and its method of reporting are also somewhat on the same basis as that of the English Comptroller and Auditor General's Department. The latter, however, has changed its methods in later years and instead of examining vouchers of expenditure in its own office they are examined in the offices of the departments where rooms are assigned to its staff of examiners, with the exception of a few small departments which are still examined in the Audit Office. This is notably different and more practical, as the English law provides that a pre-audit of all expenditure be effected by an officer specially appointed by the Treasury called "Accounting Officer" in each of the spending departments, who is responsible to Parliament, to the Treasury Board and to the Ministerial Head of his Department, who supervises all the expenditure and who is under the obligation of reporting through his Minister to the Treasury Board any irregularities that may occur. He has nothing whatever to do with the accounting and the executive activities of the Department. In this way, the Auditor General is relieved from making a thorough audit of all details in all instances. His audit of the accounts resolves itself into making a sufficient test to satisfy himself that the will of Parliament is carried into effect as to the amount voted in the appropriation accounts, although, occasionally, a more thorough audit may be made, if required. No books are kept in his Department, except the necessary records for its administration; the nature of the work of the Audit Office is purely of a controlling and judicial character.

In Canada this principle has not been applied as Election accounts are kept by officials of the Auditor General's Department. Contrary to the English practice above referred to which provides for an independent and an impartial pre-audit by an officer appointed by and responsible to the Treasury Board, Section 55 of the Consolidated Revenue and Audit Act provides that the deputy heads and other officials of departments are to supervise the expenditure of Public moneys and to respectively audit the details of the accounts of their own departments for the correctness of which they are responsible.

The application of this Section may have given satisfactory results at the time of its adoption by Parliament but it now seems advisable that a change be made in the mode of audit on somewhat similar lines to that of the English practice.

FORM OF ANNUAL REPORT

The general practice followed in the past in publishing the expenditure has been to show in detail the amount paid each person or firm for work done, or material supplied, with little reference to the particular service for which the labour was performed or the material purchased. A suggestion was made, on different occasions, to curtail these details but no action in this respect was taken by the Public Accounts Committee or by the House of Commons and, in consequence, the publication of details has remained unchanged.

More useful and practical information would be given by a judicious classification of expenditure under appropriate headings, showing the particular purposes to which it was applied. To give the desired information in this form might necessitate the elimination of the names of persons and firms to whom payments were made except in the case of regular employees or large payments to contractors. It seems to me it would be more useful to report how much was spent on the different projects to which the appropriations were applicable than to make known the amount paid to each of the many persons and firms to whom payments were made, provided explanations of the causes of the variations between the Expenditure and the Grants, and the increase or decrease in Revenue are given in the Annual Report and that statements are made in connection not only with each of the services but also each of its activities. This would greatly facilitate the comprehension of the accounts rendered and would be more in accord with the recognized form of reporting accounts.

In order to make the classification I have in view, I would need from the spending departments more definite information in respect of expenditure than is now given on the vouchers and statements sent me; but I do not anticipate any difficulty in this respect.

The present report has been prepared on the general lines of the previous reports as, at the date of my appointment, it was too late to make any radical changes and as I was also informed that it was not desirable this year to make any drastic changes. It was however possible, by rearranging details, to make a reduction of about one-third in the size of the report, about 1,000 pages, without making material reduction in the information contained therein and a consequent saving in the cost of the printing of over $6,000.

I may further say that, to my knowledge, the Auditor of no Government publishes the Expenditure in such minute detail as is given in this Report and although it may have been a possible and acceptable practice in the past, it seems to me to have outgrown its usefulness and to have become less practicable every day on account of the great increase in Expenditure and the consequent increase in the number of persons having dealings with the Government. If it is considered a safeguard that such details be published, other means should be devised as a substitute to this, which would be equally effective.

The compilation of these details occupies probably about 25 per cent of the time of the personnel of my staff as it means that an individual account has to be kept practically for every person or establishment receiving any sum of money from the Government. Strictly speaking this is not auditing, it is accounting and this work, which has to be very carefully done, is performed to a certain extent to the detriment of the attention that should be given to other more important work. Although I understand there has been no direction given to this Department by the House of Commons as to the form under which the Auditor General's Report is to be presented, the present form appears to have become generally acceptable, and until the House of Commons expresses its disapproval I feel I may not make any more considerable changes.

The most noticeable modification in the form of this Report from that of previous years is, that in Volume 1 is found the complete matter of the whole Report with statements and summaries of Revenue and Expenditure, the itemized details of which are given in Volumes 2 and 3 of the Report.

It will be found that, included in the statements as shown in Volume 1, are comparative statements and statements of Revenue, Expenditure and Grants, also presented in a different form which, I hope, will find favour with all those who have to refer to the Report.

GENERAL REMARKS

During 1924, officials of this office made a limited number of inspections, though considerably more than in former years, of outside branches, to examine into the system of account keeping with the result that, in practically all instances, the Audit Office was given the occasion of making recommendations with the view of improving the systems and devising safeguards against irregularities and the Departments concerned appear to appreciate the advantage of such an audit.

Until now, the work of the Audit Office may have been considered satisfactory insofar as the control of expenditure based upon the appropriations voted by Parliament is concerned. But even then as practically the same methods of auditing and reporting applied in 1878 are still in effect to-day, they are outgrown by the great development of the country and the consequent increase in Government expenditure which amounted, for the fiscal year ended the 31st March, 1924, to $387,614,646.01 against $30,779,938.52 in 1879 and the considerable increase in variety as to the nature, distribution and classification of these expenditures.

No systematic examination was ever made of:—

1. Revenue since December, 1889, the date at which the Audit Office was requested by the Treasury Board to examine the Revenue, which amounted in 1879 to $27,020,524.90 as against the total amount for the last fiscal year of $406,903,189.16.
2. Stores of the various Departments throughout the Dominion which are dealt with more fully in a previous chapter.
3. Public Accounts and Securities in the Finance Department, an examination of which the Audit Office was requested to make by the Treasury Board on July 6, 1881.
4. Accounts of bodies aided by loans, advances, or subsidies from the Federal Government.
5. Operations of distinct activities under the control of departments, such as Experimental Farms, certain public works, etc.
6. Trust Funds of whatever kind or category held on deposit by any of the departments.
7. Open Accounts and Arrears Due kept by Departments.

Another matter in this connection to which I desire to call attention is the provision under Section 31 of the Audit Act empowering the Auditor General, subject to the approval of the Treasury Board, to prescribe regulations and forms for the guidance of principal accountants and sub-accountants in making up and rendering their periodical accounts for examination. Very little has been done with regard to the framing of these regulations and forms, although this is essential, and it can be effected only gradually and after this office is in a position to enquire fully into the system of accounting followed in the various departments.

The above observations as to the work of the Audit Office are not intended to be limited to those mentioned, as enquiries are still in progress. Among the other matters under consideration are the following:—

(*a*) Audit of transportation expenditure;

(*b*) Examination of all contracts;

(*c*) Control of amounts due to Dominion Government.

The causes of weaknesses in the Audit Office may be summarized as follows:—

(*a*) Constitutional—The Consolidated Revenue and Audit Act in existence since 1878 has not been modified to suit the evolution in conditions which has taken place since then.

(*b*) Operative—As aforementioned, the insufficiency of trained men and the consequent inadequacy of methods of audit.

In conclusion, though I am not in a position, under present conditions, to make a thorough examination of the system of accounting in the various departments, still I am convinced that the conditions in the Government services would benefit considerably by the application, more generally, of modern methods of accounting.

Standardized methods have the effect, when strictly applied, of creating a greater degree of uniformity, co-ordination and co-operation with correspondingly more complete control of existing and prospective revenue and of expenditure and also of providing a better grasp of the general situation with regard to operations and affairs through reports showing more clearly and completely the various phases of the National Finances.

By reason of its unique position in the Service in having to scrutinize the accounts of the departments and their numerous activities which constitute the greatest and most varied undertaking in Canada, the Auditor General's Office appears to be the logical medium to apply such a plan, but, to do so, it should be equipped to cope with all matters of control, investigation and systematization.

The sooner attention is given this matter the better, as the system of accounting and auditing called for by the great development of the Dominion should be the last word in efficiency and this it seems to me would result in economy and subsequent reduction in the present burden of the taxpayers of this Country. It may call for the removal of obstacles to progress in this direction, either of antiquated methods or of too restrictive or inadequate laws which should be repealed or amended; otherwise even the best directed efforts will accomplish little or nothing.

In appreciating the duties of the Auditor General it must be borne in mind that under the provisions of the present laws he has no power to perform any act of administration or to initiate economy, except in his own Office and even in that he is restricted by rules and regulations which he may not consider conducive to the most effective ways of conducting the affairs of his Office in the best interests of the Country.

In this connection I also desire to recall that the Auditor General's duties are limited by Statute to the examination of appropriation accounts "Grants and Expenditure." Besides this and apart from his duty to examine and cancel, together with the Deputy Minister of Finance, Dominion securities, bonds, interest coupons and Dominion notes which have been redeemed before being finally destroyed, he has no power to act unless he is called upon to do so by the Minister of Finance under Section 63 of the Consolidated Revenue and Audit Act. Under this Section the Treasury Board in 1881, at the instance of the then Minister of Finance, passed a Minute directing the Auditor General to audit the note issue, the accounts of the several Receivers General and the

stock in the vault. Quite recently this Minute has been repealed so that at present I may not make a test audit of the notes and specie held in vaults under Government control.

Respecting the repeal of this Minute I desire to point out that in 1921 the Section of the Exchequer and Audit Departments Act (England) under which the Treasury was empowered to direct the Comptroller and Auditor General to audit certain expenditures other than appropriation accounts, has been repealed and new Sections substituted making it the statutory duty of the Auditor General to audit all such accounts.

It is now the statutory duty of the Comptroller and Auditor General of England to audit all receipts of revenue, stock or store accounts, the receipt, expenditure, sale transfer or delivery of any securities, stamps, provisions or stores, the property of His Majesty, etc., etc., and to report to the House of Commons the result of any such examination or audit.

In the Consolidated Revenue and Audit Act, which became law in 1878, the salary to be paid the Auditor General was fixed by Statute and made a charge on the Consolidated Fund. The object in so fixing and providing for his salary was to make the Auditor General independent of all Government interference in the performance of his duties as the servant of the House of Commons. This was the view taken by Sir Richard Cartwright, Sir John Macdonald and Mr. Blake.

This view was emphasized seventeen years later by Sir Richard Cartwright, in the House of Commons, in 1895, when he said:—

> "It is perfectly clear that when Parliament created the office of Auditor General and gave to the occupant of the office a tenure similar to that of Judges, it intended him to be in a particular sense an officer of Parliament and independent of the Government of the day."

The position of the Comptroller and Auditor General of England is quite clear in this respect. "His salary moreover is a charge on the Consolidated Fund and is thus not dependent on an annual Grant. His position is, in fact, as nearly as possible analogous to that of one of His Majesty's Judges and his Office is intended to bear somewhat of a judicial character." (Durell, "Parliamentary Grants," p. 157).

The statutory salary of the Auditor General at present is only $5,000 so that two thirds of the amount authorized by the Governor in Council is subject to annual Grant. This condition is not in accordance with the original precautions taken by Parliament to preserve the independence of the Auditor General.

I wish to express my appreciation of the valuable assistance rendered me by the Assistant Auditor General, Mr. Wm. Kearns, who with the other officials of this Office have shown their readiness to collaborate by their loyal services in the performance of the important and varied duties of the Auditor General's Office and in my efforts to establish a higher degree of efficiency in the Audit Office.

GEO. GONTHIER, L.I.A., C.A.
Auditor General.

OTTAWA,
February 9, 1925.

NOTE

The following translation of the Auditor General's report was made by the Official Translators of the House of Commons.

RAPPORT ANNUEL DE L'AUDITEUR GÉNÉRAL

en vertu de

la Loi du Revenu consolidé et de l'Audition

INTRODUCTION

J'ai l'honneur de présenter le rapport de l'Auditeur général pour l'année financière terminée le 31 mars 1924, comme l'ordonne la Loi du Revenu consolidé et de l'Audition. C'est le quarante-sixième rapport annuel soumis à la Chambre des Communes depuis l'établissement de ce bureau sur sa base actuelle.

Vu que dix mois de l'année financière (1923-24) étaient écoulés à la date de ma nomination au poste d'Auditeur général, la plus grande partie des dépenses de l'année ont été vérifiées par l'Auditeur général adjoint.

Cependant, j'ai fait une revue générale des dépenses approuvées et je me suis renseigné sur le mode de vérification suivi à cette fin, et j'en suis venu à la conclusion que je puis certifier les comptes d'appropriation de la manière prescrite par la loi du Revenu consolidé et de l'Audition.

FONDS CONSOLIDÉ

Le revenu net déposé au crédit du Receveur général au cours de l'année financière s'élève à $406,903,189.16, et comprend des revenus spéciaux au montant de $10,065,506.94.

Les bills de subsides votés pour l'année financière que nous passons en revue autorisent la dépense d'une somme de $288,536,339.62, y compris un montant de $382,660 que l'on a dépensé en 1923-24 en vertu de mandats du Gouverneur général et au sujet duquel on a fait rapport à la Chambre des Communes le 28 février 1924. On a compris ce montant dans le bill des subsides de 1924-25. Les dépenses réellement encourues en vertu de ces crédits se chiffrent à $208,068,261.78. En plus de ce montant on a payé $179,546,384.23 sous l'empire de lois spéciales, ce qui porte le total des dépenses de l'année financière 1924 au chiffre brut de $387,614,646.01.

On trouvera sous les divers sous-titres de ce rapport des relevés, comparatifs ou autres, donnant les recettes et les dépenses séparées par service et par département.

Les comptes d'appropriation transmis pour vérification conformément à l'article 51 de la loi de l'Audition par les divers départements sont aussi inclus dans ce volume et certifiés suivant la formule prescrite.

Nous avons inséré dans des notes au pied des pages l'explication fournie par les divers départements au sujet des dépassements de crédits. Nous n'avons pas reçu en temps pour insertion dans ce rapport l'explication des soldes non employés sur les crédits votés.

Je constate qu'il n'est pas donné d'explication à ce sujet dans les quelques derniers rapports.

Il me semble que la Chambre devrait être renseignée sur les faits relatifs à ces soldes, et j'ai demandé aux divers services de me fournir des renseignements à ce sujet.

La correspondance relative aux objections et remarques que j'ai cru nécessaire de faire aux départements intéressés, concernant les dépenses faites par lettres de crédit, a été insérée, avec les explications de chaque département, après le relevé des détails dans les sous-titres respectifs de chaque département dans les volumes 2 et 3.

Les relevés ci-dessus mentionnés des revenus et des dépenses dotées de crédits sont résumés et comparés à ceux de 1922-23 dans le tableau suivant:

—	1923–24	1922–23	Diminution	Augmentation

	11,762,988 13	16,312,418 95	4,549,430 82	
Total pour le fonds consolidé: dépenses	387,614,646 01	460,642,677 90	73,177,450 72	149,418 83

Le surplus des recettes sur les déboursés au cours de 1923-24 est le suivant:

Total des recettes	$ 406,903,189 16
Total des déboursés	387,614,646 01
Excédent des recettes sur les déboursés	$ 19,288,543 15

On trouvera à la page 4 des comptes publics le relevé des revenus et dépenses ordinaires au compte du Revenu consolidé, tel qu'établi par le ministère des Finances.

Le total des dépenses faites au compte du Revenu consolidé se chiffre à $387,614,646.01, comme l'indique l'état susmentionné, et comprend la somme de $136,237,871.69 pour intérêt sur la dette publique et les item suivants de dépenses occasionnées par la guerre, avec chiffres comparatifs pour 1922-23:

—	1923–24	1922–23
	$ c.	$ c.
Règlement de réclamations de guerre	766,432 17	6,609,678 29
Monuments des champs de bataille (porté au crédit voté pour le règlement des réclamations de guerre de 1922–23, mais voté spécialement en 1923–24)	108,773 18	174,945 23

Etablissement des Soldats sur des terres	1,532,978 25	1,726,413 39
	45,384,425 82	54,652,790 54

VÉRIFICATION DES REVENUS

Le grand sommaire des revenus de chaque service, pour l'année financière terminée le 31 mars 1924 et les états comparatifs des revenus de chaque ministère pour les années financières 1913-14, 1919-20 et 1923-24, aux pages b—4 et b—6 du Vol. I, ont été établis de façon à donner une idée plus complète des différentes sources actuelles de revenus, en comparaison avec celles des années financières qui ont immédiatement précédé ou suivi la guerre, et afin de mettre en évidence les fluctuations causées par les conditions spéciales qui existaient alors. Le présent chapitre devrait, à mon avis, contenir une analyse complète des revenus avec les observations s'y rapportant. Il est cependant impossible d'arriver à ce résultat car, depuis le 30 décembre 1889, la vérification des revenus du Canada, qui doit être conduite en conformité de l'article 63 de la loi du Revenu consolidé et de l'Audition et des règlements prescrits par le conseil du Trésor le 21 juin 1886, a été limitée à la constatation de l'encaissement des sommes déposées en banque par les diverses agences de perception; aucune vérification n'est faite aux bureaux de perception, excepté en de rares occasions, pour la bonne raison que le personnel de l'Auditeur général est occupé pendant toute l'année à l'examen des pièces justificatives des déboursés et à la préparation du rapport annuel de l'Auditeur général à la Chambre des Communes.

Dans une lettre à l'honorable ministre suppléant des Finances, en date du 6 juin 1924, je me suis exprimé clairement sur la nécessité que l'Auditeur général fasse un examen plus détaillé et plus systématique des conditions dans lesquelles se fait la perception des revenus du Dominion, dans les termes suivants:—

"La seule vérification que l'on fait à l'heure actuelle, sauf en de rares exceptions, a lieu à Ottawa, et se borne à constater que tous les argents perçus et mentionnés dans les rapports des différents services ont été encaissés.

"Je suis d'avis que l'Auditeur général devrait faire une vérification plus complète. On devrait lui fournir les moyens, non seulement de vérifier les comptes des bureaux de perception, mais d'examiner les méthodes adoptées pour s'assurer que les sommes perçues représentent bien tous les argents percevables en vertu des lois et des règlements du conseil du Trésor.

"Une vérification systématique et continue de ce genre n'a pas encore été faite au sujet des revenus perçus jusqu'à présent, parce que le bureau de l'Auditeur général ne compte pas un nombre suffisant d'employés compétents pour entreprendre ce travail et conduire en même temps l'examen et la vérification des comptes d'appropriation de l'année financière en préparant le rapport annuel à la Chambre des Communes."

D'après les quelques renseignements que je possède relativement à la perception des revenus, il semble que des employés d'expérience du bureau de l'Auditeur général devraient être chargés de procéder à un examen minutieux des méthodes actuellement en usage. On ne pourra cependant entreprendre ce travail tant qu'il n'y aura pas eu une réorganisation de son personnel.

Dans le passé, en rapportant les cas où des revenus avaient été détournés de leur destination et non déposés au crédit du ministre des Finances et du receveur général (tel que prescrit par l'article 35 de la loi du Revenu consolidé et de l'Audition), mais employés au paiement de dépenses imputables à un crédit particulier, on se bornait à publier la correspondance échangée avec les ministères intéressés. Dans le prochain rapport, je me propose de publier dans un état distinct tous les cas de cette nature qui se présenteront en 1924-25.

La partie "c" du Vol. 1 du présent rapport renferme un état indiquant les arrérages de revenu dus au gouvernement fédéral. Le total de ces arrérages s'élevait à $168,599,706.70 à la fin de l'année financière 1923-24, soit une augmentation de $52,635,133.46 depuis l'année précédente. Quelques item datant de quinze ou vingt ans et d'autres se sont accumulés depuis des années. On semble n'avoir fait aucun effort dans le passé pour découvrir jusqu'à quel point il eût été possible de percevoir ces sommes en souffrance et je me propose d'instituer un examen minitieux des arrérages dans ce but. J'inclurai le résultat de cet examen dans mon prochain rapport à la Chambre des Communes, sans l'autorité de laquelle nous ne pouvons annuler des sommes dues.

VÉRIFICATION DES DÉPENSES

VÉRIFICATION DES BORDEREAUX DE PAYE ET DES SALAIRES PAYÉS À MÊME LES CRÉDITS GÉNÉRAUX

J'ai étudié la question de savoir jusqu'à quel point le système de vérification préalable des bordereaux de paye devrait être étendu. Les chiffres que j'ai obtenus du statisticien du Dominion indiquent qu'en octobre dernier le gouvernement du Dominion avait 40,350 employés permanents et temporaires dont les salaires mensuels s'élevaient à plus de $4,500,000 et, de plus, d'autres employés dont les salaires formaient un total de plus de $1,612,000. Si on fait le calcul, en prenant ces sommes mensuelles pour base, on obtient pour l'année un total de plus de 74 millions de dollars. Presque tous les employés permanents des ministères à Ottawa, soit plus de 6,100 personnes dont les salaires annuels forment un total dépassant 10 millions et demi de dollars, sont payés d'après des bordereaux de paye préalablement vérifiés. Un des avantages de ce système est de prévenir les rajustements de salaires y compris les remboursements. Les nombreux articles de la loi du Service civil, tout comme les divers règlements de la Commission du Service civil et du conseil du Trésor, demandent que le paiement des salaires soit vérifié, autant que possible, conformément à cette loi et à ces règlements. A mon avis, cette vérification, lorsque praticable, peut surtout se faire en soumettant les bordereaux de paye pour vérification avant d'effectuer les paiements, de sorte qu'aucune somme ne puisse être versée avant qu'il y ait eu entente entre les officiers responsables sur l'interprétation exacte des règlements. Dans bien des cas où le paiement a été fait avant la vérification, il en est résulté des plus-payés qui n'ont jamais été remboursés malgré les objections de ce bureau

appuyées par des opinions du ministère de la Justice. Je suis d'avis que l'on devrait tirer parti des avantages du système suivi dans le service intérieur en l'appliquant à certaines autres divisions du service. Il nous reste à étudier jusqu'à quel point ce système pourrait être généralisé.

Les seuls employés permanents du service intérieur dont les bordereaux de paye ne sont pas soumis pour vérification avant le paiement sont ceux du Sénat et de la Chambre des Communes. En mai dernier, on a attiré l'attention des greffiers des deux Chambres sur le procès-verbal du conseil du Trésor en date du 9 février 1910, lequel se lit comme suit:—

"Le conseil du Trésor a étudié une communication de l'Auditeur général représentant que le 29 novembre 1895 on a adopté une minute du Conseil du Trésor stipulant "qu'à l'avenir tous les employés des ministères à Ottawa (autres que les commis et les messagers surnuméraires et les journaliers et les artisans) seront payés d'après des bordereaux de paye certifiés par l'Auditeur général avant le paiement".

"L'Auditeur général soumet de plus que la Loi portant modification de la loi du Service civil, 1908, a placé le personnel du Sénat et de la Chambre des Communes et celui de la bibliothèque sous l'autorité de la loi du Service civil, et pour l'uniformité et afin d'assurer une vérification plus sévère des comptes, il suggère que l'on amende la minute mentionnée plus haut de façon à inclure les bordereaux mensuels de paye de ces corps avec ceux qui doivent être envoyés à l'Auditeur général pour vérification avant le paiement.

" Le conseil du Trésor ordonne que ladite minute soit amendée en conséquence."

Comme on ne s'est pas conformé à ma demande, ces bordereaux de paye ne sont pas vérifiés avant le paiement, tel que l'exigent les règlements du conseil du Trésor.

D'après les dispositions de la loi du Service civil, les changements dans les traitements ou la création de traitements pour les nouvelles classes n'entrent en vigueur que lorsque le Parlement a voté les crédits nécessaires. Les crédits pour les salaires du service intérieur tels que soumis au Parlement sont donnés en détail, de sorte qu'il est facile d'établir si on a voté l'argent pour une nouvelle position ou une nouvelle classe. On ne donne aucun détail dans les crédits pour les positions du service extérieur et, conséquemment, il m'est impossible de déterminer si le Parlement a spécialement voté l'argent nécessaire pour une nouvelle classe ou une nouvelle position dans cette branche du service qui compte le plus grand nombre d'employés.

J'ai attiré l'attention du conseil du Trésor sur l'insuffisance des renseignements soumis au Parlement sur les changements dans le classement des employés du service extérieur et de quelques-uns du service intérieur.

(Voir lettre dans le vol. 1, page d-20.)

DÉPENSES IMPRÉVUES

Les dépenses imputées au vote pour dépenses imprévues, au cours de l'année financière terminée le 31 mars 1924, se sont élevées à $35,515.62 contre $51,926.26 l'année précédente, soit une diminution de $16,410.64.

On trouvera les détails de ces dépenses à la page a-22, Vol. I.

FERMES EXPÉRIMENTALES

J'ai fait faire une vérification par épreuve des comptes et livres concernant les recettes et les déboursés de la ferme expérimentale centrale à Ottawa et des fermes à Lennoxville et à Cap Rouge.

Il faudra nécessairement apporter certains changements au mode de comptabilité usité à ces fermes en ce qui concerne les recettes. J'ai attiré l'attention du département sur les points qui me semblaient faibles dans leur système de comptabilité, et on m'apprend que l'on a tenu compte de mes recommandations

EXPOSITION DE L'EMPIRE BRITANNIQUE, ETC.

Le montant des crédits votés pour les fins de l'exposition de l'Empire britannique au cours de l'année financière terminée le 31 mars 1924, est de $650,000, et les dépenses encourues pendant cette période se chiffrent à $649,881.97; ce qui laisse un solde non encore employé de $118.03. On a dépensé $115,598.02 au Canada sur ce total, principalement pour recueillir, préparer et expédier les échantillons exhibés, et $534,283.95 ou £118,840-15-9 en Grande-Bretagne. On a affecté $2,845.97 ou £584-15-9 de cette dernière somme au paiement de certains traitements à Londres; on y a transmis le solde, soit $531,437.93 ou £118,256, au moyen de traites achetées à Ottawa de temps en temps au taux courant du change. On a déposé le produit de ces traites à la Banque de Montréal, Londres, au compte de M. A. W. Tolmie, Commissaire d'exposition et de M. L. A. Avery, comptable, et ceux-ci en ont disposé. On trouvera les détails des dépenses faites en Grande-Bretagne et au Canada aux pages H-50 à H-54 de ce rapport, et copie de la correspondance échangée entre ce bureau et le département de l'Immigration et de la Colonisation touchant ces dépenses, de la page H-69 à H-76 inclusivement.

Vu qu'on n'a pas rendu les comptes relatifs aux dépenses faites en Grande-Bretagne d'après la méthode généralement suivie dans la comptabilité publique, il n'a pu être fait qu'une vérification partielle jusqu'à ce jour, en attendant la réception de certains renseignements et documents de Londres qui nous permettront de terminer cette vérification.

J'ai profité de mon passage à Londres au mois d'août dernier pour me renseigner sur le système de contrôle et de comptabilité en usage relativement à l'emploi des avances reçues du département à Ottawa, et j'ai constaté qu'en somme il était satisfaisant. J'ai recommandé certains changements qui pourraient être faits afin de rendre le système conforme aux dispositions de la Loi du Revenu consolidé et de l'Audition, et M. Avery devait s'y conformer.

L'article 51 de la Loi du Revenu consolidé et de l'Audition prescrit que la vérification de toutes les transactions au comptant devra se faire, en tant que possible, *pari passu*, et je suis d'avis que l'on devrait faire faire une vérification mensuelle par un fonctionnaire résidant à Londres, si l'on doit continuer l'exposition l'an prochain, et que ce fonctionnaire soit sous mes ordres et fasse rapport régulièrement à ce bureau.

D'après certaines observations faites lors de ma visite des bureaux des ministères à Londres et à Paris, je crois que l'on devrait nommer un auditeur qui visiterait de temps en temps, tous les bureaux en dehors du Canada, car la plupart d'entre eux reçoivent des avances pour faire face aux dépenses courantes.

Comme j'ai constaté aussi un manque d'uniformité dans les méthodes employées par ces différents bureaux, et par des bureaux du même département, ce vérificateur pourrait rendre des grands services en coopérant avec les départements intéressés pour opérer les réformes nécessaires à l'établissement de systèmes uniformes.

Je désire signaler l'importance de placer tous les services canadiens, dans tous les pays où il se trouve des représentants du Dominion, sous la surveillance générale du représentant en chef pour chacun de ces pays, non seulement dans le but d'améliorer les méthodes de contrôle et l'efficacité des divers services, mais aussi pour assurer au besoin une coopération entre eux; en améliorant ainsi les conditions de l'administration dans ces pays, on augmentera le prestige du Canada.

INSPECTION DE COMPTES DU GOUVERNEMENT—TERRITOIRE DU YUKON

D'après les dispositions de la " Loi du Yukon ", " l'Auditeur général doit, lorsqu'il le juge à propos ou nécessaire, charger un fonctionnaire de son bureau d'aller au Territoire examiner et vérifier ces encaissements et emplois d'argent et ces comptes et de lui faire rapport". En 1923, un fonctionnaire a été envoyé au Yukon, et il a été fait mention de sa vérification et de son examen des comptes dans l'introduction au rapport de l'Auditeur général pour l'année financière 1922-23, volume I, page ii. En 1924, aucun fonctionnaire n'est allé là-bas, mais les comptes ont été soumis ici à la vérification ordinaire. A cause de la retraite de l'administrateur public le 30 juin dernier et de la nomination immédiate de son successeur, il a fallu aussitôt faire un examen de ses comptes. Vu qu'à ce moment il n'était pas facile d'envoyer un fonctionnaire là-bas, j'ai demandé au contrôleur du territoire du Yukon (M. Jeckell) de se charger de la vérification des comptes. J'ai reçu dernièrement le rapport de cette vérification donnant l'état des recettes et des dépenses pour les onze mois terminés le 30 juin dernier, ainsi que les soldes des comptes à date.

Un fonctionnaire de ce bureau fera une nouvelle vérification de ces comptes au cours de l'année prochaine.

COMMISSION CANADIENNE D'UTILISATION DU LIGNITE

Un fonctionnaire du bureau de l'Auditeur a fait la vérification des revenus et dépenses de cette Commission pour 1923-24, aux bureaux de la Commission à Montréal au mois d'avril dernier. Il a constaté que les livres de comptabilité étaient bien tenus et on lui a fourni toutes les pièces nécessaires pour justifier les dépenses. Le solde en argent tel qu'indiqué au 31 mars—$50,466.59—a été trouvé exact.

DÉPENSES SOUS L'EMPIRE DE LA LOI DES GRANDES ROUTES DU CANADA

D'après les dispositions de cette loi (ch. 54 des statuts de 1919 et ch. 4 des statuts de 1924), le Gouverneur en conseil a le pouvoir d'accorder des subventions aux diverses provinces à titre d'encouragement et de contributions à l'amélioration des principales grandes routes. Le montant total qui peut être accordé est limité à $20,000,000, et aux termes actuels de l'autorisation, cette somme doit être payée dans un délai de sept ans à compter du 1er avril 1919.

Chaque province devait avoir une part de cette allocation basée sur le chiffre de sa population, et le partage a été fait comme suit:—

	Allocation	Montant dépensé	Non dépensé
	$ c.	$ c.	$ c.
Alberta	1,477,810 00	.....	1,477,810 00
Colombie britannique	1,251,955 00	1,251,955 00	.....
Manitoba	1,602,265 00	1,074,660 53	527,604 47
Nouveau-Brunswick	1,163,845 00	1,107,479 35	56,365 65
Nouvelle-Ecosse	1,468,720 00	1,394,829 45	73,890 55
Ontario	5,877,275 00	4,751,688 17	1,125,586 83
Ile du Prince-Edouard	603,455 00	374,115 13	229,339 87
Québec	4,748,420 00	2,801,163 18	1,947,256 82
Saskatchewan	1,806,255 00	1,098,724 31	707,530 69
Total	20,000,000 00	13,854,615 12	6,145,384 88

Les dépenses faites pour les provinces de la Colombie britannique, du Manitoba et de la Saskatchewan ont été vérifiées à Victoria, Winnipeg et Regina respectivement, durant le mois d'août dernier, par l'un des principaux vérificateurs de mon bureau.

D'après la loi, le Gouverneur en conseil a le pouvoir d'accorder quarante pour cent du total des frais de construction de toute grande route construite et entretenue suivant les règlements faits à cette fin.

Malgré que les comptes ne soient pas toujours tenus suivant une forme qui puisse faciliter la vérification du montant réclamé comme aide fédérale, ils contiennent néanmoins une preuve suffisamment établie et vérifiée du montant total que l'on prétend avoir été dépensé sur chaque entreprise.

Ce vérificateur principal, bien au courant de ce genre de comptes, ayant été forcé de rester à Ottawa pour la préparation du rapport annuel, il n'a pu faire une vérification semblable dans les autres provinces, mais j'espère pouvoir faire en sorte que l'on effectue bientôt la vérification nécessaire de ces comptes.

LOI DE COMPENSATION OUVRIÈRE

(Chapitre 15, 1918, et chapitre 14, 1919).

Cette loi permet d'accorder à un employé de Sa Majesté, qui est tué ou reçoit des blessures durant l'accomplissement de son devoir, la même compensation qui serait accordée aux autres employés en vertu de la loi de la province où l'accident se produit.

Le montant de la compensation est déterminé de la même manière et par le même Bureau qui applique la loi locale.

Dans le cas où il n'y a pas dans une province un tel Bureau, la compensation est déterminée suivant le mode que peut fixer le Gouverneur en conseil.

Les paiements faits par le Gouvernement fédéral aux divers Bureaux provinciaux, y compris les avances, jusqu'au 31 mars 1924, se répartissent comme suit:—

Bureau	Au 31 mars 1923	1923–24	Total au 31 mars 1924
	$ c.	$ c.	$ c.
Nouvelle-Ecosse	87,152 56	20,968 58	108,121 14
Nouveau-Brunswick	217,099 51	80,312 09	297,411 60
Ontario	166,627 18	70,978 10	237,605 28
Manitoba	97,642 34	44,855 30	142,497 64
Alberta	37,098 18	.....	37,098 18
Colombie Britannique	55,000 00	.....	55,000 00
Québec et divers	125,650 59	24,930 65	150,581 24
Total	786,270 36	242,044 72	1,028,315 08

A Vancouver, Edmonton et Winnipeg, on a effectué une vérification des dépenses faites respectivement dans les provinces où se trouvent ces centres. On a examiné tous les comptes avec pièces justificatives en possession de ces Bureaux, et le tout a été trouvé en parfait ordre.

On ne peut faire à Ottawa la vérification complète de ces dépenses pour la raison que les Bureaux veulent garder en leur possession les chèques honorés et les autres pièces justificatives.

VÉRIFICATION DES COMPTES—MATIÈRES

Bien que la chose nous paraisse de la plus haute importance, notre bureau, à cause de l'insuffisance de personnel, n'a pas jusqu'ici fait d'examen et de vérification régulier et méthodique des matières dans les dépôts des ministères, soit à Ottawa, soit ailleurs, si l'on excepte l'Imprimerie de l'Etat, le bureau de la papeterie et la succursale de la Monnaie à Ottawa. En collaboration avec l'Imprimerie Nationale, notre bureau fait un inventaire annuel des matières déposées

dans cette institution; des représentants de notre bureau et du ministère des Finances font, chaque semestre, le pointage des quantités d'or et d'autres métaux précieux et des pièces monnayées qui se trouvent à l'Hôtel des Monnaies. Les matières dans les autres dépôts représentent une valeur considérable; les renseignements dont je dispose ne me permettent pas d'en établir le chiffre, mais je suis porté à croire que cette valeur est d'au delà de $25,000,000, et peut-être de $50,000,000. Ces matières sont placées dans des magasins dispersés par tout le pays; elles sont gardées dans des conditions variées, trop souvent sans méthode convenable de contrôle, ce qui laisse la porte ouverte à une administration relâchée et au gaspillage.

Ces matières représentent les deniers votés par le parlement et sont soumises au mêmes restrictions que les crédits affectés à leur achat; c'est-à-dire qu'on ne peut les détourner de l'objet pour lequel on les a acquis en premier lieu.

Afin de constater les conditions dans lesquelles sont gardées ces matières, nous avons fait cette année une inspection de la plupart des dépôts des Canaux et de tous ceux de la Milice, du Service naval et du Service de l'Air à l'ouest de Winnipeg; cette inspection ainsi que les renseignements fournis par les divers ministères relativement à la valeur des matières dans tous les magasins le 31 mars 1924, font ressortir que les conditions suivantes existent plus ou moins dans les divers magasins:—

(*a*) Les matières sont gardées dans des conditions non satisfaisantes, les facilités d'entreposage et de manutention ainsi que les magasins ne répondant pas aux besoins;

(*b*) En certains cas, où l'on tient des grands-livres, on constata, entre les entrées et les matières en magasin, des écarts représentant de fortes sommes;

(*e*) Des magasiniers n'ont pas la compétence voulue pour tenir les livres; livres;

(*d*) Des matières sont livrées sans réquisition ou autorisation;

(*e*) Des magasiniers n'ont pas la compétence voulue pour tenir les livres;

(*f*) Un mode de comptabilité jugé satisfaisant dans les grands dépôts ne donne pas satisfaction dans ceux de moindre importance.

(*g*) Contrôle insuffisant des achats sur place;

(*h*) Absence d'uniformité dans la comptabilité et dans les formules en usage dans les divers magasins ainsi que dans la cote des prix qui est déterminée d'après l'un des facteurs suivants:

Prix moyen;
Prix ancien;
Prix dernier;
Prix arbitraire.

(*i*) Dans certains magasins on trouve un excédent de matières en fortes quantités et représentant une grande valeur;

(*j*) L'inventaire des matières est fait sans indication de la valeur et sans classement satisfaisant des marchandises en magasin.

A l'époque de l'inspection nous avons attiré l'attention des ministères intéressés sur cette situation et nous sommes heureux de constater que les fonctionnaires des divers ministères sont disposés à collaborer à l'établissement d'un contrôle efficace des matières et d'un mode uniforme de comptabilité.

La situation précitée indique clairement qu'une vérification méthodique et continue des matières faite dans les endroits où elles sont emmagasinées sous

la direction de l'Auditeur général par un personnel expérimenté de vérificateurs capables d'établir des méthodes uniformes et efficaces, provoquerait, outre l'élimination des irrégularités précitées, un nouvel état de choses qui entraînerait une réduction considérable des fonds investis dans l'achat des matières et une diminution des frais de magasin; ce serait une mesure économique qui éliminerait le gaspillage; l'économie réalisée excéderait de beaucoup la dépense additionnelle représentant les salaires et les frais de voyage des fonctionnaires que nous avons mentionnés.

COMPTES DUS AU GOUVERNEMENT

(Comptes ouverts)

Un état, préparé par le ministère des Finances, est publié chaque année dans les Comptes publics du Canada, montrant un certain nombre de comptes courants du Dominion. Ces comptes, qu'on peut appeler des comptes ouverts, comprennent des sommes importantes.

On m'apprend que tous les paiements et tous les déboursés figurant à ces comptes ont été examinés et vérifiés à notre bureau, à l'époque où ils ont été effectués, conformément aux dispositions de la loi du Revenu consolidé et de l'Audition.

Aucun autre examen de ces comptes ne semble avoir été effectué dans le passé bien que, à mon avis, il soit désirable de faire de temps à autre un examen spécial pour constater la valeur de ces comptes et pour faire rapport sur les conditions relatives à chacun d'eux.

FONDS FIDUCIAIRES

Les comptes ci-dessous figurent dans les Comptes publics et portent le nom de comptes fiduciaires. Les fonds qui les composent ont été reçus et déposés au crédit du Receveur général pour être appliqués à certaines fins spécifiques. Les paiements prélevés sur ces comptes sont effectués en vertu de règlements spéciaux qui, dans la plupart des cas, sont approuvés par le Gouverneur général en conseil. Dans une certaine mesure, ces comptes sont assujettis à ma surveillance et, les ayant fait examiner récemment, j'ai constaté qu'ils étaient bien tenus. J'ai l'intention de les faire examiner d'une manière plus complète tout prochainement.

Dans quelques ministères, des fonctionnaires agissant à titre officiel perçoivent les deniers qui doivent être affectés à certaines fins. Parfois ces sommes sont placées dans un compte de fiducie par les percepteurs et administrées par eux. D'autres fois le ministère intéressé place ces sommes dans un compte de fiducie et les administre lui-même. Dans la plupart de ces derniers cas, les sommes ainsi déposées et les déboursés pris sur ces comptes ne tombent pas sous mon contrôle.

J'ai appris l'existence de cette dernière catégorie de fonds fiduciaires en lisant le rapport d'un des examinateurs en chef de notre bureau qui récemment fit une enquête officielle. Bien que les sommes créditées à ces fonds soient peu élevées, je crois que les recettes et déboursés s'y rapportant devraient être sujets à vérification. J'ai abordé la question avec les chefs des ministères intéressés, à cette fin.

J'ai appelé l'attention du ministère de l'Immigration et de la Colonisation sur l'insuffisance de la garantie fournie par certains agents départementaux qui ont la responsabilité des fonds fiduciaires. On trouvera à la page H-76 la correspondance échangée à ce sujet.

Ces compte sont les suivants:

FONDS FIDUCIAIRES 1923-24

	Solde créditeur 31 mars 1923	Solde créditeur 31 mars 1924

Les soldes figurant, dans les livres du ministère de la Défense nationale, au crédit des fonds militaires n° 1 et n° 2 au 31 mars 1924 s'élèvent à $164,034.19 et $27,258.94 respectivement et diffèrent chacun de $1,343.58 avec le solde indiqué ci-dessus. Cette différence provient de trois sommes formant en tout $1,343.58 créditées par erreur au fonds n° 1 au lieu du fonds n° 2 dans les livres du ministère des Finances et de notre bureau. Nous corrigeons immédiatement cette erreur, découverte récemment.

J'ai également signalé à l'attention du ministère des Finances la question de l'emploi des sommes reçues par le Gardien des Dettes et des Biens de l'Ennemi en vertu du traité de paix (avec l'Allemagne), 1920. Ces sommes, qui sont considérables, sont détenues au nom du Gardien et ne sont pas déposées au crédit du Receveur général. J'ai fait remarquer qu'à mon avis les fonds de cette nature étaient des fonds fiduciaires aux termes de la Loi du Revenu consolidé et de l'Audition et à ce titre devaient être déposés au crédit du compte du Receveur général du Canada.

PAIEMENTS DIFFÉRÉS

J'attire votre attention sur ce mode de paiements afin que la Chambre des Communes puisse comprendre toute la responsabilité qu'il lui faut assumer du fait de l'acquisition des propriétés ainsi achetées. Les prévisions du Bill des Subsides ne s'appliquent que pour une année seulement et, dans le cas de l'édifice Caswell à Saskatoon, aucune disposition particulière n'a été indiquée, les six paiements mensuels ayant été imputés sur le compte du crédit 151 pour l'achat d'édifices publics en général.

LOIS DE PENSION ET LOI DE RETRAITE DU SERVICE PUBLIC

Au nombre des lois adoptées récemment et comportant une augmentation considérable de travail pour ce bureau se trouvent la loi de retraite du service public de 1920 et la loi de pension de 1924. Comme ces lois constituent une législation relativement nouvelle plusieurs problèmes se sont posés touchant l'interprétation des divers articles de même que la procédure à suivre et les règlements à édicter pour la mise à exécution de ces lois. Ce travail comporte un échange de correspondance non seulement avec le ministère intéressé mais aussi avec la Commission du service civil, le ministère de la Justice et le conseil du Trésor. On trouvera un certain nombre de ces lettres à la partie "d" du présent rapport et l'on pourra se faire une idée de quelques-uns des problèmes qui s'y rattachent.

Depuis l'adoption de la loi de retraite du service public en 1920, environ 2,300 personnes ont été mises à la retraite aux termes de cette loi et dans chacun de ces cas les recommandations du ministère et de la Commission du Service civil ont été soumises à l'approbation de ce bureau avant d'être prises en consi-

dération par le conseil du Trésor, ce dernier s'en remettant au certificat émis par ce bureau en ce qui avait trait à l'éligibilité de l'employé et au montant auquel ce dernier avait droit aux termes de la loi.

Sous la rubrique "Lettres du Conseil du Trésor", à la partie "d", se trouve publiée une partie de la correspondance qui a trait à la retraite des personnes tombant sous le coup de la loi de retraite du service public, loi qui a cessé d'exister le 1er novembre dernier. Cette correspondance a trait aux retraites qui, bien qu'autorisées par la Commission du Service civil et le Gouverneur en conseil, se trouvaient, à mon avis, *ultra vires*. Nous avons présenté des objections dans certains cas parce que nous n'avons pas cru que l'on ait eu l'intention de permettre que la loi fut interprétée d'une manière assez large pour permettre à des personnes d'être absentes sans rémunération pendant des périodes aussi longues et, tout de même, être considérées comme faisant encore partie du Service et pouvoir faire compter cette période d'absence dans la durée de service, augmentant ainsi l'allocation de retraite. Dans certains cas les allocations qui avaient été autorisées n'ont pas été payées pour les raisons exposées. Dans d'autres cas, les paiements ont été faits mais les objections que j'y ai apportées se trouvent exposées dans mes lettres.

La loi de pension de 1924 exige que le dossier de service de chaque fonctionnaire qui décide de devenir contributeur sous l'empire de cette loi soit établi en détail chaque année. Dans un grand nombre des cas les seuls renseignements disponibles sont ceux que nous possédons à ce bureau mais, pour quelques employés, il semble exister nulle part aucun dossier établissant les périodes de leur service. Comme plus de 6,000 employés ont, jusqu'à ce jour, décidé de devenir contributeurs sous l'empire de cette loi, et comme les divers traitements pour chaque année, remontant jusqu'à 35 ou 40 années en arrière, doivent être vérifiés, le travail additionnel que tout cela comporte est très considérable. La reconnaissance de la veuve et des enfants d'un fonctionnaire à titre de bénéficiaires sous l'empire de cette loi demande nécessairement que l'on apporte un grand soin à la préparation des règlements requis pour l'administration de la loi.

A la suite de l'étude de la loi de pension de 1924, nous avons constaté que certaines classes de fonctionnaires ont un droit légal à faire entrer dans la durée de leur service des périodes d'absence pendant lesquelles aucune contribution n'a été versée au fonds de la pension. Dans d'autres cas la période antérieure de service temporaire peut être comptée en entier sans paiement ou retenue sur les traitements reçus pendant cette période. Il me semble qu'en toute justice pour les deux parties à ce contrat si l'on permet au fonctionnaire de faire compter ses périodes d'absence celui-ci devrait contribuer les retenues régulières sur les traitements autorisés pour ces périodes. En d'autres termes aucune période de service ne devrait compter au bénéfice d'un fonctionnaire à moins que ce dernier ne verse au Gouvernement les retenues sur les appointements autorisés pour cette période.

Dans mes lettres au conseil du Trésor, publiées dans le volume 1, page d-10, j'ai attiré l'attention sur le fait que certaines personnes ayant été mises à leur retraite sous le régime de la loi de retraite du service public étaient encore à l'emploi du service public. Dans certains cas les personnes ainsi mises à la retraite étaient maintenues dans le service et, bien que retirant une pension, elles recevaient soit le plein salaire que comportait leur position antérieure ou du moins une certaine partie de leur ancien traitement.

Bien qu'il n'y ait rien dans la loi du Service civil ou dans la loi de retraite du service public, ou dans la loi de pension qui défende de réengager ces personnes et de leur payer le plein traitement attaché à leurs positions antérieures, outre leur pension, il me semble cependant évident que ce n'était pas l'intention, en introduisant la loi prévoyant à la mise à la retraite des fonctionnaires publics, que ces derniers pourraient plus tard être réengagés avec le résultat que leur rémunération serait par là plus considérable et partant imposant au gouvernement un surcroît de dépenses.

Si les circonstances doivent justifier le réengagement de personnes de cette classe on est fondé à croire que certains règlements devraient être établis prescrivant le traitement qui devrait leur être payé pendant tout le temps de ce nouvel emploi.

VÉRIFICATION DES PENSIONS IMPÉRIALES PAYÉES AU CANADA OU AUX ÉTATS-UNIS

A la demande du ministère impérial des pensions et avec le consentement du ministre des Finances j'ai entrepris de procéder à la vérification des pensions impériales payables aux pensionnaires domiciliés au Canada ou aux Etats-Unis.

Au cours de ma récente visite à Londres je me suis rendu au ministère des pensions dans le but d'arriver à une entente avec le ministère et avec le Contrôleur et Auditeur général sur l'étendue de cette vérification et sur le coût qui doit être remboursé par le Trésor impérial.

J'ai eu aussi l'occasion de discuter cette question ainsi que d'autres se rapportant à la vérification des dépenses publiques dans le département du Contrôleur et Auditeur général et je suis heureux de profiter de la présente occasion pour exprimer ma reconnaissance et ma haute appréciation de la courtoisie dont j'ai eu à me féliciter de la part des fonctionnaires du service impérial à qui je me suis adressé pour obtenir les renseignements ou avec qui j'ai eu le plaisir de m'entretenir sur le système de comptabilité et de vérification dans le service public anglais.

BUREAU DE L'AUDITEUR

PERSONNEL DU BUREAU

Le personnel du bureau de l'Auditeur général comprend maintenant 201 employés en tout contre 207 à la fin de janvier 1924. Sur ce nombre il n'y a que 69 hommes qui peuvent être chargés du soin de procéder aux inspections dans les bureaux des divers ministères et des diverses succprsales de l'extérieur. Plus de 50 de ces employés n'avaient eu aucune expérience antérieure en fait de comptabilité ou de tenue des livres. Un petit nombre d'entre eux sont bacheliers ou sous-gradués d'université et je constate que la plupart de ces derniers ainsi que quelques autres sont très compétents. On peut dire qu'ils constituent mon appui principal et forment le noyau exécutif de mon organisation qui est chargée de la principale besogne de ce bureau. Quelques-uns d'entre eux sont cependant près de la limite d'âge et devront être mis à la retraite avant longtemps.

Le fait que le personnel est insuffisant a eu pour conséquence qu'il a été impossible de procéder à un examen complet de tous les comptes. Dans un autre chapitre on verra que ce sujet y est traité plus longuement.

Déjà un certain nombre de changements ont été effectués dans notre service en vue d'en arrriver à une plus grande mesure de coopération et de coordination dans le travail et aussi d'uniformité dans les méthodes suivies pour la vérification et la présentation des rapports à la Chambre des Communes.

On a jugé opportun entre autres choses, afin d'assurer plus d'élasticité au point de vue de la répartition et de la distribution du travail dans notre Bureau et aussi afin de mettre les commis individuellement en mesure de pouvoir assimiler d'autres connaissances que celles qui se rattachent à leur travail de routine, de faire permuter les commis d'un travail à un autre comportant des devoirs différents. Avec le temps, cette pratique deviendra un facteur assez important pour ce qui concerne l'efficacité et l'économie dans l'administration de ce Bureau.

Les prévisions budgétaires de 1925-26 sont basées sur les besoins du personnel tel que présentement constitué avec en plus quelques nouvelles positions dans les classes plus élevées qui devront être remplies par des comptables d'expérience.

Grâce à de nouveaux arrangements le personnel des employés temporaires dans les classes inférieures sera sensiblement réduit au cours des quelques mois qui vont suivre et l'économie qui en résultera sera en quelque sorte une compensation pour l'augmentation des traitements que comportent les positions des classes supérieures mentionnées ci-dessus. Cependant il est à désirer qu'il soit accordé à l'Auditeur général plus de latitude au point de vue de la disposition et de la reclassification de son présent personnel surtout d'ici à ce que le travail de réorganisation soit terminé.

Nous nous proposons, si nous pouvons nous assurer les services d'un nombre suffisant de personnes compétentes, de procéder à plusieurs changements qui auront pour effet de mettre le Bureau de vérification en association plus étroite avec les services de dépenses et d'obvier en grande partie à la réduplication des pièces justificatives et autres documents se rattachant à la vérification des dépenses qui présentement sélèvent à plusieurs milliers par année et de réduire la somme de travail exigé par l'échange de correspondances avec les divers ministères.

Une réorganisation efficace du service de la vérification produirait donc un effet avantageux sur les services de dépenses et sur les nombreux et divers travaux confiés à leur administration. Ce résultat, toutefois, ne peut être obtenu que si on permet à l'Auditeur général de réunir un personnel d'employés convenablement qualifiés, bien au fait des méthodes scientifiques modernes et possédant une expérience considérable et étendue. En un mot, ce qui constitue le plus pressant besoin pour le service de la vérification c'est d'augmenter le nombre des comptables et des vérificateurs professionnels de haute compétence, c'est de former un personnel nouveau d'après les méthodes modernes. Au cours des quelques années qui vont suivre il se peut que les appointements payés à ces employés soient plus élevés de quelques milliers de dollars, mais, d'autre part, ces déboursés seront plus que compensés, même au cours de la première année, et les résultats heureux seront inappréciables pour l'avenir.

Lors même que ce travail s'accomplirait dans les conditions les plus favorables tant au point de vue du temps, du nombre des hommes soumis à notre choix que de l'échelle des appointements à payer à ces fonctionnaires, il n'en reste pas moins que la tâche est ardue de réunir un nombre suffisant d'employés possédant de telles aptitudes. A cet égard, suivant certains faits récents, je crois avoir lieu d'espérer qu'une coopération plus efficace me sera donnée pour atteindre ce but. Dans le choix d'un personnel de ce genre le mérite de chacun ainsi que la nature et la longueur de l'expérience antérieure constituent des éléments essentiels et ne doivent pas être négligés.

Le passage suivant d'un rapport en date du 24 avril 1924, préparé à ma demande et portant sur les conditions générales de travail dans ce service jusqu'à ce jour, signé par les examinateurs en chef, au nombre de huit, à qui se trouvent confiée la direction du travail de 95 p. 100 des fonctionnaires de ce service, nous donne une idée complète et claire des conditions qui existent dans ce bureau et des conséquences déplorables qui en sont le résultat:—

> "Le système actuel de toutes les nominations faites dans le personnel de ce bureau a été loin de donner satisfaction. La nature du travail exécuté dans ce bureau demande des aptitudes tout à fait particulières et les membres de ce personnel devraient être, si je puis m'exprimer ainsi, choisis avec le plus grand soin.
>
> "Les nominations à ce bureau sont faites en désignant les personnes dont les noms occupent les premières places sur les listes de ceux qui sont susceptibles d'être nommés sans tenir suffisamment compte des aptitudes spéciales requises. Comme résultat, il est arrivé que, bien que, de

temps en temps, nous mettions la main sur un fonctionnaire qualifié, le plus grand nombre n'ont manifesté aucune compétence à faire ce travail de vérification, et, dans les conditions actuelles, un nombre relativement restreint des fonctionnaires nommés récemment dans ce bureau nous permettent de dire qu'ils possèdent la compétence voulue pour remplir les positions supérieures à mesure que les employés plus vieux qu'eux leur céderont la place."

CONGÉS ET PRÉSENCE

Pendant les trois premiers mois de 1924, le nombre de jours de maladie et de congés spéciaux avec rémunération s'est élevé, dans mon département, à 702.5, soit une moyenne de 3.36 jours par employé. Pour les trois derniers mois de l'année, avec l'application de nouveaux règlements et de méthodes nouvelles en vigueur vers le premier avril 1924, ce chiffre a été réduit à 305.5 jours, soit une moyenne de 1.49 jours par employé. Dans le but de démontrer davantage le progrès accompli, j'ai fait compiler les chiffres comparatifs qui suivent pour les derniers neuf mois correspondants des années suivantes:

	1923	1924
Total de salaires payés, avril à décembre	$219,926 18	$219,286 73
Nombre des employés	206	207
Nombre total de jours de congé avec rémunération (le congé annuel non compris)	1,767.5	999
Nombre de jours de congé par employé	8.58	4.83

Cette grande réduction dans le nombre de jours de congé représente une diminution moyenne, pour 1924, de 85.4 jours par mois, constituant une économie de $3,650.38 ou une augmentation équivalente de rendement de travail pour la période de neuf mois en 1924, pour tout le personnel.

La loi du Service civil et les règlements de la Commission du Service civil, approuvés par décret du Conseil, fixent les heures de travail de tous les employés. Le seul moyen efficace d'assurer l'observation des heures ainsi fixées est de forcer tous les employés à signer le registre de présence. La loi n'exempte personne de l'obligation de signer le registre de présence et maintes raisons exigent qu'aucune exception ne soit faite. Ce registre répond à deux fins: d'abord, il indique les retards des employés, puis tient compte des absences et des congés qui doivent être rapportés à l'Auditeur général conformément à l'article 70 des règlements du service civil. Si on juge nécessaire ou bon d'exiger la présence d'employés pendant des heures autres que les heures régulières, on peut exempter ces employés, mais ces derniers devraient signer le registre tout comme ceux qui arrivent aux heures régulières. D'après les rapports soumis à ce bureau, conformément à l'article 70 des règlements, on trouve qu'un grand nombre de fonctionnaires des divers ministères, dans certaines divisions, une forte proportion du personnel, ne sont pas tenus de signer le registre, et conséquemment il est impossible de déterminer si ces employés se sont absentés plus souvent que ne le permet la loi.

Par l'adoption de règlements judicieux, le nombre d'heures de travail du personnel du bureau de l'Auditeur a été augmenté d'au moins 2,000 par mois depuis avril 1924.

BUREAUX DU PERSONNEL

Quand j'entrai en fonctions je constatai que mon personnel était dispersé dans trois immeubles différents et dans six étages de ces immeubles. Par suite d'un nouvel aménagement, d'une réorganisation et d'une coordination plus logi-

ques, il me fut possible d'évacuer tout un étage de l'immeuble de la Banque Royale, rue Sparks, occupé par une division de notre bureau, ainsi que des bureaux au troisième étage de l'édifice de l'Est. J'améliorai les conditions dans la plupart des divisions de mon service, et je perfectionnai l'organisation en plaçant le personnel sous la surveillance directe des examinateurs en chef. Ces changements eurent pour résultat d'accroître la somme de travail accompli par chacune des divisions et d'effectuer une économie de $4,320.48 par année:

	Conditions présentes	Conditions au 1er janvier 1924
Nombre de bureaux occupés par le personnel, non compris le garde-documents	35	54
Superficie (pieds)	22,811	28,445
Loyer	$21,647 88	$25,968 36

Ces dispositions ont grandement amélioré les conditions qui prévalaient lors de ma nomination, mais elles ne sont pas encore satisfaisantes car les employés d'une division travaillent encore dans les anciennes conditions. Groupés deux ou trois ensemble, ils occupent de petits bureaux où la surveillance fait défaut. Les bureaux assignés au personnel immédiat de l'Auditeur général sont trop exigus pour loger les nouveaux chefs de service et leurs adjoints qui, selon les plans de réorganisation en voie d'exécution, doivent recevoir directement leurs ordres de l'Auditeur général. Cet état de chose retarde les progrès de réorganisation du bureau de l'Auditeur général et l'on devra prendre des moyens pour faire disparaître ces obstacles.

Le Parlement a déjà été informé des inconvénients sans nombre résultant des groupements actuels du personnel des divers ministères. Je ne me propose pas de discuter cette question au long dans le présent rapport. Je me bornerai à signaler que l'efficacité des services souffre du fait de cette situation et que les dépenses en sont considérablement augmentées, et cela à cause de l'éparpillement du personnel des ministères. Tant qu'on ne fera pas disparaître cette lacune, on ne saurait opérer de réorganisation efficace, économique et pratique du service, d'une manière pleinement satisfaisante.

Lorsqu'on procédera à l'aménagement des bureaux des divers services, il me semble qu'on devra prendre les mesures nécessaires pour abriter la grande quantité d'archives précieuses qui sont présentement disséminées dans plusieurs édifices exposés aux ravages de l'incendie. La destruction de certaines de ces pièces pourrait constituer une véritable calamité et rendre possibles des réclamations injustifiées excédant de beaucoup le coût de l'édifice à l'épreuve de l'incendie et destiné à cette fin particulière, où l'on pourrait garder les archives dans des conditions idéales quant au classement, à la sécurité, et à la facilité d'accès.

ARTICLES INOPÉRANTS DE LA LOI DU REVENU CONSOLIDÉ ET DE L'AUDITION

A la lecture de la loi du Revenu consolidé et de l'Audition, j'ai constaté que dans certains cas la pratique suivie dans notre Bureau n'était pas exactement conforme aux dispositions statutaires.

Il me semble qu'il est de mon devoir d'attirer l'attention de la Chambre des Communes sur ces articles de la loi, qui, en ce qui concerne la pratique adoptée pour la vérification des dépenses publiques, ne sont guère observés.

Les articles 35 et 37 stipulent que les revenus bruts, quelle qu'en soit la source, perçus par tous les fonctionnaires chargés de recevoir des deniers publics doivent être déposés au compte du ministre des Finances et du Receveur général, à la banque ou aux banques qu'il désignera. Cette disposition n'a pas été appliquée au ministère des Postes, pour la raison que ce ministère, en vertu d'une coutume depuis longtemps établie, retient sur les deniers perçus des sommes suffisantes pour payer les salaires et les allocations d'une certaine catégorie de maîtres de poste dont la rémunération n'est pas votée dans le bill des subsides. Je suis d'avis que l'on devrait légaliser cette pratique par un statut, si on a l'intention de la maintenir.

Les statuts confèrent au Gouverneur en conseil le pouvoir d'autoriser le remboursement, dans certaines conditions, de recettes et de drawbacks perçus par le ministère de la Douane. Les remboursements ainsi autorisés sont pris sur les revenus, mais il n'existe pas de texte de loi défini à cet effet. On semble justifier cette pratique par le fait que les sommes remboursées ont été antérieurement portées au crédit du revenu.

L'article 41 prescrit que l'Auditeur général doit veiller à ce qu'il ne soit émis pour le paiement de deniers publics aucun chèque pour lequel le Parlement n'a pas directement ouvert un crédit, ou pour le paiement de deniers outrepassant quelque partie de tel crédit dont l'emploi a été autorisé par le Gouverneur en conseil.

Bien que cette disposition statutaire semble d'application générale, elle ne peut pas s'appliquer au chèque émis en vertu de lettres de crédit de département. Ces lettres de crédit sont émises par le ministère des Finances à la demande de l'Auditeur général en faveur des sous-ministres, fonctionnaires, commis et autres personnes relevant des divers départements ou services chargés de l'administration des deniers votés par le Parlement pour couvrir les dépenses de tout service public déterminé. Je n'exerce aucun contrôle direct sur les chèques émis en vertu de ces lettres de crédit. Je les vois pour la première fois lorsque je reçois des départements les relevés mensuels des chèques émis au cours du mois précédent en même temps que leurs demandes de rembourser aux banques, sur lesquelles on les a tirés, le montant formé par les chèques ainsi émis. Les départements intéressés doivent assumer toute la responsabilité de l'émission de ces chèques et des dépenses qu'ils soldent. Si l'examen et la vérification des pièces soumises à l'appui de ces dépenses révèlent des irrégularités, on y attire immédiatement l'attention du département et si on ne répond pas d'une façon satisfaisante à mon objection, la loi stipule (article 60) que je dois référer la question au conseil du Trésor.

Il est à noter que *l'article 61* du statut m'oblige à faire part à la Chambre des Communes dans mon rapport annuel de toute objection que je puis faire aux dépenses.

Lorsqu'on me demande directement la permission d'émettre des chèques pour le paiement de services rendus ou d'achats de matériaux, je me trouve dans l'obligation de refuser l'émission de tels chèques jusqu'à ce qu'on m'ait démontré que la dette est juste, qu'elle a été contractée régulièrement et que les crédits parlementaires autorisent cette dépense.

L'article 48 stipule que le ministre des Finances doit faire préparer et transmettre à l'Auditeur général, le ou avant le trentième jour de juin de chaque année, un compte indiquant les déboursés faits à même le fonds du revenu consolidé durant l'année financière terminée le trente et un mars précédent, pour les services qu'il a directement sous son contrôle.

Cette prescription n'est pas suivie quant à la transmission des comptes, mais ce bureau obtient ces renseignements dans les comptes d'appropriation envoyés par les divers services de dépenses.

Les dépenses faites à même le Fonds du revenu consolidé, telles qu'indiquées dans ces comptes d'appropriation, sont examinées et vérifiées, et rapport en est fait à la Chambre des Communes de la manière prescrite par le paragraphe 2 de cet article.

Cependant j'ai l'intention de demander aux divers départements de mieux se conformer à cette disposition de la loi, car elle permet l'exercice d'un contrôle plus satisfaisant, pourvu que l'on adopte des formules uniformes applicables aux divers départments, et qu'on y joigne des instructions sur la manière de les utiliser.

Article 50.—La loi du Revenu consolidé et de l'Audition a été modifiée par une loi passée au cours de la session du Parlement de 1922 (George V, chapitre 15); cette modification révoque pratiquement l'article 50 de la loi originelle. Cet article stipule que tous les soldes des crédits restés sans emploi au 31 mars de toute année financière, peuvent être attribués par décret du Conseil au paiement de toute obligation contractée et due avant ou le dernier jours de l'année financière, au cours des trois mois qui suivent.

La loi telle que modifiée stipule que les soldes des crédits restés sans emploi à la fin de l'année financière deviennent surannés et sont rayés des livres comme le seront également les soldes des crédits contre lesquels il n'a pas été tiré de chèques.

On a constaté qu'il était impossible d'appliquer ces modifications de la loi aux crédits des années financières 1922-23 et 1923-24, pour la raison qu'en le faisant on aurait gêné sérieusement les services de dépenses touchant le règlement des obligations contractées vis-à-vis du public. Le ministère des Postes, par exemple, aurait été obligé de porter des dépenses au montant d'environ $2,438,500, encourues et dues le dernier jour de l'année financière, aux crédits de l'année suivante. Il en aurait été de même pour les autres départements mais pas au même point.

Il est évident que les obligations échues vers la fin de l'année ne peuvent pas être réglées par les départements intéressés à temps pour porter le montant de ces obligations au compte des crédits de l'année financière à laquelle elles appartiennent réellement, si les crédits auxquels elles doivent être imputées deviennent surannés et sont rayés des livres le dernier jour de l'année financière.

Il me semble que c'est pour faire face à cette situation qu'on a d'abord autorisé le Gouverneur en conseil à proroger l'époque de la clôture des crédits pour une période d'au plus trois mois à compter de l'expiration de l'année financière.

La principale raison alléguée pour modifier la loi c'est que l'on voulait hâter l'achèvement du rapport de l'Auditeur général. L'expérience a démontré que tel n'a pas été le résultat; et je suis d'avis que cette modification, en ce qui concerne la clôture des comptes d'appropriation, devrait être abrogée et que la disposition à cette fin contenue dans la loi originelle devrait être remise en vigueur.

La coutume suivie, en ce qui concerne les paiements tels qu'effectués actuellement au moyen des lettre de crédit, exite depuis que la loi du Revenu consolidé et de l'Audition est en vigueur, et à mon avis, je ne crois pas qu'il serait dans l'intérêt public de modifier cette procédure. Adopter comme pratique générale la vérification par ce département avant le paiement aurait pour effet, je crois, de relever les ministères de la pleine et entière responsabilité qu'ils doivent assumer pour toutes les dépenses qu'ils font.

Les articles 66 et 67, aux termes desquels l'Auditeur général est tenu de signer et approuver certains comptes qui lui sont soumis pour qu'il en fasse la vérification, n'ont pas été observés de la manière prescrite.

Les comptes mentionnés dans ces articles sont examinés et vérifiés mais on n'a pas accoutumé d'envoyer un certificat officiel au comptable: on attire l'atten-

tion de ce dernier sur les charges non autorisées, ou sur les erreurs de calcul ou sur l'absence du certificat nécessaire touchant les prix payés ou autres irrégularités que l'on a pu découvrir, et, si l'on ne reçoit pas d'explications satisfaisantes, les objections ainsi exposées au ministère sont portées à la connaissance de la Chambre des Communes dans la correspondance insérée dans le rapport annuel.

Contrôle des dépenses

La loi du Revenu Consolidé et de l'Audition est modelée sur la loi anglaise. C'est cette loi qui régit l'administration du Bureau de l'Auditeur général. Les méthodes suivies par le Bureau pour l'examen de la dépense à même les appropriations, pour le contrôle des recettes, de même que la méthode de faire rapport reposent, en quelque sorte, sur la même base que celle sur laquelle s'appuie le département du Contrôleur et Auditeur général d'Angleterre. Ce dernier, toutefois, a quelque peu modifié ses méthodes au cours des dernières années et, au lieu d'examiner les pièces justificatives de la dépense dans son propre bureau, voit à ce que ces pièces soient examinées dans les bureaux des ministères où des salles sont mises à la disposition de son personnel d'examinateurs, à l'exception de quelques petits ministères moins importants dont les pièces justificatives sont encore examinées dans son bureau. Ceci constitue une différence marquée et est plus pratique, puisque la loi anglaise prescrit qu'une vérification préalable de toutes les dépenses soit faite par un fonctionnaire nommé à cette fin par la Trésorerie appelé "Accounting Officer" dans chacun des services de dépenses, qui est responsable au Parlement, au conseil du Trésor et son ministre, qui suit de près tous les item de la dépense et est obligé, par l'entremise de son ministre, de faire connaître au conseil du Trésor toutes les irrégularités qui peuvent se produire. Il n'a absolument rien à faire avec la comptabilité et les travaux administratifs du ministère. De cette manière l'Auditeur général n'est pas tenu de faire une vérification complète de tous les détails dans tous les cas. Son travail se résume à faire une vérification partielle suffisante pour le convaincre que la volonté du Parlement est respectée en ce qui a trait au montant voté dans les comptes d'appropriation, bien que, de temps à autre, il peut arriver que soit faite une vérification plus minutieuse, lorsque nécessaire. On ne tient aucun livre dans son département, à l'exception des dossiers nécessaires à son administration; de par sa nature même le travail du bureau de vérification a le caractère d'un contrôle comptable et judiciaire.

Au Canada on ne s'en est pas tenu à ce principe, car les comptes d'élections sont confiés à des fonctionnaires du Bureau de l'Auditeur général. Contrairement à la loi anglaise précitée, qui pourvoit à une vérification préalable indépendante et impartiale par un fonctionnaire nommé par le Conseil du Trésor auquel il est responsable, l'article 55 de la Loi du Revenu Consolidé et de l'Audition prescrit que les sous-ministres et autres fonctionnaires des ministères surveilleront la dépense des deniers publics et la vérification des comptes détaillés de leurs ministères respectifs, de l'exactitude desquels ils sont responsables.

L'application de cet article a pu donner satisfaction à l'époque de son adoption par le Parlement, mais il me semble qu'il serait maintenant opportun de changer le mode de vérification préalable en adoptant la pratique anglaise.

Forme du rapport annuel

Dans le passé, la coutume générale a été de publier en détail les sommes versées à chaque personne ou firme pour travaux accomplis ou matériaux fournis, sans indiquer l'objet des dépenses. On a déjà suggéré d'éliminer ces détails, mais jusqu'ici ni le comité des comptes publics ni la Chambre des Communes n'ont pris aucune décision et, en conséquence, on n'a pas modifié la publication des détails.

Une classification judicieuse des dépenses groupées sous des en-têtes descriptifs et indiquant l'objet des déboursés, serait plus utile et plus pratique. L'adoption de cette méthode nécessiterait l'élimination du nom des personnes et des firmes en faveur desquelles on effectue les paiements, excepté dans le cas d'employés réguliers ou d'entrepreneurs qui touchent des sommes considérables, pourvu qu'on explique, dans le rapport annuel, la différence entre les dépenses et les crédits et l'augmentation ou la diminution du revenu et que l'on donne un compte rendu de chacune des activités des divers départements. Cela faciliterait énormément la compréhension des comptes rendus et serait plus conforme à la formule généralement employée.

Pour faire cette classification, par compte, des déboursés, il me faudra obtenir des services de dépenses des indications plus précises; mais je ne prévois pas de difficultés de ce côté.

Comme, lors de mon entrée en fonctions, il était déjà trop tard pour modifier la forme antérieure de ce rapport et que, par ailleurs, on m'a informé qu'il était préférable de ne pas faire de trop grandes innovations, je me suis efforcé, pour cette année, de ne pas m'éloigner de la formule précédemment en usage. Mais en effectuant une nouvelle disposition des détails, nous avons pu réduire de près d'un tiers le volume du rapport, soit 1,000 pages, sans diminuer sensiblement les renseignements qu'il contient, et par suite nous avons fait une économie de plus de $6,000 dans le coût des impressions.

Je puis dire qu'à ma connaissance il n'y a pas, dans les autres pays, d'auditeur général qui donne des détails aussi minutieux que ceux que l'on trouve dans ce rapport, et si cette pratique a pu être suivie avec avantage dans le passée, elle semble maintenant surannée et son application devient mois praticable de jour en jour à cause de la grande augmentation des dépenses et du nombre croissant de personnes qui ont des relations avec le gouvernement. Si l'on considère que le publication de ces détails est une sauvegarde, il faudra trouver des moyens différents qui puissent avoir la même efficacité.

La compilation de ces détails occupe le temps de probablement environ 25 pour 100 du personnel, car il faut tenir un compte séparé pour presque chacune des personnes ou des firmes qui reçoivent quelque argent du gouvernement. A proprement parler, ce système n'est pas de la vérification, mais tout simplement de la comptabilité ordinaire, et ce travail qu'il faut faire avec soin, détourne jusqu'à un certain point l'attention qu'il faudrait accorder à d'autres travaux plus importants. On m'informe que la Chambre des Communes n'a pas indiqué à ce Bureau une formule spéciale de rapport annuel, et la forme actuelle semble être devenue acceptable; tant que la Chambre des Communes n'aura pas exprimé sa désapprobation je ne me croirai pas justifié de faire de changements trop considérables.

Le changement le plus notable dans la forme usitée pour les rapports des années antérieures, c'est que le volume I contient la matière de tout le rapport, y compris les relevés et résumés des revenus et des dépenses, les détails du tout se trouvant dans les volumes 2 et 3 du rapport.

On trouvera dans le volume I des états comparatifs et des tableaux concernant les revenus, les dépenses et les crédits votés, présentés sous une forme qui, je l'espère, sera favorablement accueillie par tous ceux qui auront l'occasion de consulter ce rapport.

REMARQUES GÉNÉRALES

Au cours de l'année 1924, ce Bureau a procédé à un nombre limité d'inspections, quoique de beaucoup plus nombreuses que les années précédentes, des branches du service extérieur, dans le but d'examiner leurs systèmes de comptabilité, ce qui lui a fourni l'occasion de faire des recommandations dans presque tous les cas en vue de les améliorer et d'élaborer des mesures tendant à prévenir

les irrégularités; et les ministères intéressés semblent apprécier les avantages qui découlent de cette inspection.

Jusqu'à présent on a pu considérer le travail du Bureau de vérification comme satisfaisant en ce qui concerne le contrôle des dépenses effectuées à même les crédits votés par le Parlement. Malgré cela, les mêmes méthodes de vérification et de présentation du rapport qui existaient en 1878 sont encore pratiquement en vigueur et elles sont devenues insuffisantes par suite du grand développement du pays, de l'augmentation correspondante dans les dépenses publiques, qui s'élevaient pour l'année financière close en mars 1924 à $387,614,646.01 contre $30,779,938.52 en 1879, et d'une plus grande diversité relativement à la nature, la distribution et la classification de ces dépenses.

Il n'y a jamais eu d'inspection systématique: —

1. des recettes publiques depuis 1889, date à laquelle le Bureau de l'Auditeur fut prié par le Conseil du Trésor de faire un examen des recettes qui en 1879 s'élevaient à $27,020,524.90 en comparaison avec le total de la dernière année financière, qui a été de $406,903,189.16;

2. du matériel en dépôt dans les divers services du gouvernement dans tout le Dominion, dont il est plus longuement parlé dans un chapitre précédent;

3. des comptes publics et des valeurs déposées au ministère des Finances, tel que requis, le 6 juillet 1881, par une décision du Conseil du Trésor;

4. des comptes des corps publics aidés par le gouvernement fédéral sous forme de prêts, avances ou subventions;

5. du fonctionnement de certains services sous le contrôle d'un ministère quelconque tels que les fermes expérimentales, certains travaux publics, etc.;

6. des fonds en fiducie de toute sorte ou catégorie gardés en dépôt par n'importe quel ministère;

7. des comptes courants et des arrérages en souffrance tenus par les ministères.

Sous ce rapport il est une autre question au sujet de laquelle je désire attirer l'attention, c'est la disposition contenue dans l'article 31 de la loi de l'Audition qui autorise l'Auditeur général à établir, sous l'approbation du Conseil du Trésor, des règlements et de prescrire des formules pour la gouverne des comptables principaux et des sous-comptables pour la rédaction et la présentation de leurs comptes périodiques soumis à l'examen. Il s'est fait bien peu de progrès au sujet de l'élaboration de ces règlements et formules quoique ce travail s'impose de toute nécessité, mais on ne peut y arriver que graduellement et après seulement que ce Bureau sera en état de se renseigner parfaitement sur le système de comptabilité suivi dans les divers ministères.

Il convient de remarquer que les observations qui précèdent ne s'appliquent pas uniquement aux comptes mentionnés plus haut, car le Bureau de l'Auditeur institue des investigations dans d'autres directions, notamment:

(*a*) La vérification des frais de transport;

(*b*) L'examen de tous les contrats;

(*c*) Le contrôle des sommes dues au Gouvernement fédéral.

Les causes de faiblesse du Bureau de l'Auditeur peuvent se résumer comme suit:

(*a*) constitutionnelles — La loi du Revenu consolidé et de l'Audition qui existe depuis 1878 n'a pas été modifiée de manière à correspondre à l'évolution des conditions nouvelles dont le développement s'est accentué depuis cette date.

(*b*) administratives—Tel qu'expliqué précédemment, le manque d'hommes ayant la formation voulue et partant le manque de méthodes appropriées de vérification.

Bien que je ne sois pas en mesure, dans les circonstances présentes de procéder à un examen détaillé du système de comptabilité en vogue dans les divers ministères, je suis cependant convaincu que les divers services du gouvernement y trouveraient des avantages marqués si d'une façon plus générale des méthodes modernes de comptabilité y étaient adoptées.

La standardisation des méthodes suivies a pour effet, lorsqu'on en fait une rigoureuse application, de déterminer une plus grande mesure d'uniformité, de coordination et de coopération et d'assurer également un contrôle plus complet des recettes réelles et éventuelles et des dépenses, et de fournir aussi un moyen plus efficace de saisir la situation générale relativement aux opérations et aux affaires du pays par suite du fait que les rapports feront mieux voir et plus complètement les différentes phases de nos finances nationales.

En raison de sa position unique dans le service public, ayant à examiner minutieusement les comptes des ministères ainsi que leurs nombreuses activités, ce qui constitue la tâche la plus importante et la plus compliquée qui soit au Canada, le Bureau de l'Auditeur général semble devoir être le médium logique devant servir à l'application de ce plan, mais, pour y arriver, il faudrait l'outiller de manière à pouvoir répondre à toutes les exigences en matière de contrôle, d'investigation et d'organisation systématique.

L'étude de cette question s'impose à brève échéance, car l'organisation comptable et de contrôle exigée par le développement important du Canada doit être le dernier mot en fait d'efficacité. A mon sens, il en résulterait une économie et une réduction du fardeau des impôts. Mais cela pourrait requérir la suppression des obstacles au progrès dans cette direction, qu'il s'agisse de vieilles méthodes ou de lois restrictives ou insuffisantes qu'il faudrait abroger ou modifier; autrement même les efforts les mieux dirigés aboutiraient à peu de chose.

Pour mieux apprécier les fonctions de l'Auditeur général, il faut se rappeler que, d'après les lois actuelles, il n'a pas le pouvoir d'accomplir un acte d'administration ni de réaliser une économie, sauf dans son bureau; et même là, il est restreint par des règlements qu'il pourrait ne pas considérer comme favorables à la bonne conduite des affaires de son Bureau dans le meilleur intérêt du pays.

Sous ce rapport, je désire également rappeler que les fonctions de l'Auditeur général se trouvent, de par la loi, limitées à l'examen des comptes d'appropriations: "Crédits et dépenses". En outre, et à part l'obligation d'examiner et d'annuler, de concert avec le sous-ministre des Finances, les valeurs du Dominion, les obligations, les coupons d'intérêt et les billets du Dominion rachetés, avant d'être finalement détruits, il n'a aucun pouvoir, sauf sur demande du ministre des Finances en vertu de l'article 63 de la Loi du Revenu consolidé et de l'Audition. D'après cet article, le Conseil du Trésor, en 1881, à la prière du ministre des Finances de l'époque, adopta un ordre du jour enjoignant à l'Auditeur général de vérifier les émissions de billets, les comptes des différents receveurs généraux et les valeurs renfermées dans la voûte. Tout récemment, on a annulé cet ordre du jour, de sorte qu'à présent je ne puis faire la vérification des billets, sauf ceux rachetés, ni des espèces conservées dans les voûtes sous le contrôle du Gouvernement.

Au sujet de l'annulation de cette délibération, je désire faire remarquer qu'en 1921, l'article de l'Exchequer and Audit Act (Angleterre) autorisant le Trésor à obliger le Contrôleur et Auditeur général à vérifier certaines dépenses autres que celles contenues dans les comptes d'appropriation, a été abrogé et remplacé par de nouveaux articles obligeant l'Auditeur général à vérifier tous ces comptes.

Le Contrôleur et Auditeur général d'Angleterre est maintenant tenu de vérifier toutes les recettes du revenu, les comptes de stocks et de matières, les dépenses, les transferts, les ventes, les livraisons de valeurs, les timbres, les biens de Sa Majesté, etc., et d'en faire rapport à la Chambre.

La loi du Revenu consolidé et de l'Audition, qui est entrée en vigueur en 1878, détermine le montant des appointements de l'Auditeur général et les impute sur le fonds consolidé. En déterminant le montant de ses appointements et en les assurant on a voulu le rendre indépendant de toute intervention du gouvernement dans l'accomplissement de ses devoirs, en sa qualité de serviteur de la Chambre des Communes. Sir Richard Cartwright, sir John Macdonald et M. Blake soutinrent cette opinion.

Dix-sept ans plus tard, en 1895, sir Richard Cartwright se prononça fortement en ce sens à la Chambre des Communes, lorsqu'il déclara:—

> "Il est parfaitement clair que lorsque le Parlement créa le bureau de l'Auditeur général et donna au titulaire de la position un rang semblable à celui des juges, il avait l'intention d'en faire en quelque sorte un fonctionnaire du Parlement et de le rendre indépendant du gouvernement en fonction."

La position de Contrôleur et Auditeur général en Angleterre est bien définie à ce point de vue: "En plus, ses appointements sont imputés sur le fonds consolidé et ainsi ne dépendent pas des crédits annuels. En réalité sa position ressemble beaucoup à celle d'un juge de Sa Majesté et ses fonctions ont un caractère pour ainsi dire judiciaire." (Durell—"Parliamentary Grants", p. 157).

Les appointements statutaires de l'Auditeur général ne se chiffrent actuellement qu'à $5,000, de sorte que les deux tiers du montant autorisé par le Gouverneur en conseil doivent être votés dans les crédits annuels. Cette condition ne concorde pas avec les précautions prises au début pour sauvegarder l'indépendance de l'Auditeur général.

Je désire reconnaître les précieux services que m'a rendus M. Wm Kearns, l'Auditeur général adjoint, qui, avec les autres fonctionnaires de ce bureau, s'est toujours montré prêt à collaborer loyalement à l'accomplissement des devoirs nombreux et importants du Bureau de l'Auditeur général et à seconder mes efforts pour établir un plus haut degré d'efficacité dans ce Bureau.

GEO. GONTHIER, L.I.C., C.A.,
Auditeur Général.

OTTAWA,
9 février 1925.

Explanation of "Grants exceeded"—

(*a*)Canadian Publications to Library of the High Commissioner's office. The Under Secretary of State for External Affairs states—that the overdraft is due to the price of the yearly publications going up, and we are not in a position to know the cost until goods are delivered and the account rendered.

(*b*)Provisional Bonus Allowance—The amount voted not sufficient to meet the requirements of the various Departments of the Service.

a The Deputy Minister of Justice in his letter of May 19,1924 states, that the over expenditure was due to the extra disbursements in building programme, made possible on account of the very beautiful and late fall, which enabled the prosecution of the construction work for a considerable period beyond what was estimated.

Arrears Due—Arrérages dus

AUDITOR GENERAL'S OFFICE, November 11, 1924.

SIR,—I beg to acknowledge the receipt of the statement of arrears due to your Department on March 31st, 1924.

It is observed that none of the arrears of the previous year 1922-23, under the Naturalization Acts, amounting to $15,152.45 has been paid. This amount was increased to $18,007.45 during 1923-24.

I should like to know at an early date if any action has been taken by your Department to collect these arrears.

I am, Sir, Your obedient servant,

GEO. GONTHIER,
Auditor General.

The Under Secretary of State.

DEPARTMENT OF THE SECRETARY OF STATE, November 18, 1924.

SIR,—I have the honour to acknowledge the receipt of your letter of the 11th instant with reference to the arrears due to this Department by officers of certain courts in connection with fees received by them upon applications for naturalization.

In order to properly answer your inquiry, I shall quote a portion of Section 24 of the Regulations, under The Naturalization Acts, dealing with the question of fees. It is as follows:

> "Provided, however, that if in any one calendar year the fees as aforesaid received by a Clerk of a Court exceed Two thousand dollars ($2,000) allowance for clerical assistance may be made with the approval of the Governor General in Council out of such excess. Subject to the above allowances all fees in excess shall be transmitted to the Department of the Secretary of State of Canada and shall form part of the Consolidated Revenue of Canada, and provided further that fees above appropriated to the Department shall be paid to the Department of the Secretary of State of Canada and shall form part of the Consolidated Revenue of Canada."

The amount of arrears reported is the gross amount due to the Department under this head and with a view to a decision as to the amount of allowances to be made to the officers concerned for clerical assistance at Montreal and Toronto an official of the Department visited their offices. In the cases of the western courts the question is more complicated, due to the practice of the government of the province, which in some cases is to appropriate all fees of office, and in others to provide compensation for the clerk of the court, partly by salary and partly by fees of office, and appropriating the balance of fees in excess of a certain amount. It has not been convenient for the Department to send an official to go into the question with the governments and officers concerned. This will be done just as soon as possible, and the whole question of arrears under naturalization shall thereafter be dealt with in a report to Council in accordance with the Section quoted.

I am, Sir, Your obedient servant,

THOMAS MULVEY,
Under-Sec. of State.

The Auditor General.

BUREAU DE L'AUDITEUR GÉNÉRAL, 11 novembre 1924.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre état des arrérages dus à votre ministère, le 31 mars 1924.

Il est à remarquer que rien n'a été soldé des arrérages de l'année précédente 1922-23, dus en vertu des lois de naturalisation, et se montant à $15,152.45. Cette somme s'est accrue à $18,007.45 durant l'année 1923-24.

J'aimerais à savoir sous peu quelles démarches ont été faites par votre ministère pour percevoir ces arrérages.

Je demeure, monsieur, votre obéissant serviteur,

GEO. GONTHIER,
Auditeur général.

Le sous-secrétaire d'Etat.

SECRÉTARIAT D'ETAT, 18 novembre 1924.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du 11 novembre courant relativement aux arrérages dus à ce ministère par les fonctionnaires de certaines Cours, pour honoraires reçus par eux lors des demandes de naturalisation.

Afin de répondre explicitement à votre demande, je citerai une partie de l'article 24 des règlements déterminés par les lois de naturalisation, lesquels touchent à la question des honoraires; et qui se lit comme suit:

> «Il est entendu, cependant que, si dans une année civile les honoraires ci-haut reçus par un greffier d'une Cour se montent à plus de deux mille dollars ($2,000.00), l'excédent pourra avec l'assentiment du Gouverneur général en Conseil être distribué comme rétribution pour les services des commis aux écritures. Tous les honoraires excédant les sommes distribuées comme ci-dessus seront transmis au Secrétaire d'Etat et formeront partie du Revenu consolidé du Canada; et il est de plus entendu que les honoraires réservés comme ci-haut seront payés au Secrétariat d'État du Canada et formeront partie du Revenu consolidé du Canada.»

Le montant des arrérages est le montant global dû au ministère sous ce titre, et dans le but d'en arriver à une décision quant au montant des rétributions à être faites pour les services de commis aux écritures à Montréal et à Toronto, un fonctionnaire de ce ministère a visité leurs bureaux.

Dans le cas des Cours de l'Ouest, la question est plus compliquée par suite du fait que le gouvernement provincial dans quelques cas se réserve tous les honoraires d'office, et dans d'autres cas rétribue les services du greffier de la Cour, partie par traitement et partie par honoraires d'office; et considère comme revenu la balance des honoraires excédant un certain montant. Le ministère n'a pas jugé à propos d'envoyer un fonctionnaire pour discuter la question avec les gouvernements et les officiers en cause.

Cette démarche sera faite aussitôt que possible, et toute la question des arrérages dus en vertu de la naturalisation sera ensuite traitée dans un rapport au Conseil, d'après l'article cité.

Je demeure, monsieur, votre obéissant serviteur,

THOMAS MULVEY,
Sous-secrétaire d'Etat.

L'Auditeur général.

Public Service Retirement Act: Eligibility of Persons Retired for Amounts Recommended

AUDITOR GENERAL'S OFFICE, November 12, 1924.

DEAR SIR,—I am in receipt of your application for the payment of the gratuity payable to Capt. Chas. Lavallée, carpenter, Sorel, who was retired under the Public Service Retirement Act, by Order in Council of the 31st ultimo with effect from July 1st, 1922, with an annuity of $147.21 based on ten years' service.

According to the information received Capt. Lavallée was employed from May, 1912, to June 30th, 1921, when his employment ceased, being " suspended for lack of work." He was re-employed from November 16th, 1921, to January 14th, 1922, on an average of five hours per day when he was again suspended " due to reduction of work and number of men " and was not again re-employed. In your first report to Council in October last you recommended that he be retired with effect from January 14th, 1922, but it was pointed out by this office that as he was paid at an hourly rate of pay (since March, 1917) he was ineligible under the Act to be retired as from that date, the Act then not being applicable to employees paid at an hourly rate. In your second report to Council your Department recommended that the date of retirement be July 1st, 1922, the date when the amending Act was passed enabling employees paid at an hourly rate to be retired thereunder.

From the above statement of facts it would appear (1) that his services were definitely terminated on January 14th, 1922, and (2) that his employment was of a temporary nature only and therefore he was not an officer as defined in paragraph (*b*) of Section 2 of the Public Service Retirement Act and consequently was ineligible for retirement thereunder.

No evidence has been furnished of any instrument having been issued by you granting him leave without pay from January, 1922, to October, 1924, and if he were still an officer within the meaning of the Act until October, 1924, his retirement should be made effective when he left the service rather than from the termination of his employment, nearly three years ago or from the date of the amending Act of July 1st, 1922.

I am of the opinion that he is not eligible for retirement under that Act and for that reason am unable to certify payment of the allowances recommended.

Yours truly,

GEO. GONTHIER, *A.G.*

The Deputy Minister, Marine and Fisheries.

DEPARTMENT OF MARINE AND FISHERIES, November 24, 1924.

SIR,—I have received your letter of the 12th instant, as to the eligibility of Captain Charles Lavallée, carpenter, Government Shipyard, Sorel, P.Q., to receive the payments granted to him by Order in Council of the 31st October, 1924, whereby he was retired under the provisions of the Public Service Retirement Act.

The question of retiring Captain Lavallée was under considération for some time prior to the passing of the Order in Council, and the various points in connection therewith were fully taken up with the Department of Justice. I am, therefore, enclosing copies of the correspondence on this subject, which, I trust, will enable you to authorize the payments granted to him by the Order in Council covering his retirement.

I am, sir, your obedient servant,

A. JOHNSTON, *D.M.*

The Assistant Auditor General.

DEPARTMENT OF JUSTICE, March 31, 1924.

SIR,—Referring to previous correspondence with reference to the eligibility of Capt. Charles Lavallée, an employee of the Sorel shipyard, to be retired under the provisions of the Public Service Retirement Act, as amended, you desire to be advised whether Capt. Lavallée may now be retired in view of the amendment of subsec. 2 of sec. 2 of the Act enacted, with retroactive effect as from the 1st July, 1920, by sec. 2 of chap. 39 of the Statutes of 1922, to provide for the retirement of officers over as well as under 65 years of age.

I observe from the correspondence that Capt. Lavallée's employment was terminated on the 30th June, 1921, and as the legislation stood at that date he was not, as I have ruled, eligible to be retired under the Act. The retroactive operation of the said amendment does not affect his case, as membership of the service is an essential condition of eligibility to be retired under the Act.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.*

The Secretary, Civil Service Commission.

MARINE AND FISHERIES, April 26, 1924.

SIR,—I beg to inform you that the Civil Service Commission has forwarded a copy of your ruling of the 31st March, 1924, on the proposed retirement of Captain Charles Lavallée, formerly employed by this Department, wherein you state Captain Lavallée's employment terminated on the 30th June, 1921, and as the legislation stood at that date he was not eligible to be retired under the Act, also that the retroactive operation of the amendment to the Act in 1922 did not affect his case as membership of the Service is an essential condition of eligibility for retirement thereunder.

The Department is desirous of this officer participating under the provisions of the Public Service Retirement Act, and I am forwarding to you herewith departmental file number 58,304, being all of the correspondence relative to this case. I would request you, therefore, to kindly examine this correspondence as it is possible there may be certain points which have not been presented to you and which may enable you to amend your decision.

I might point out that the Report as called for by subsection 1 of section 2 of the Public Service Retirement Act of 1920—Chap. 67 would not include the name of Captain Lavallée as he had not reached the age of sixty-five years. He was born on the 17th March, 1856, and was then in 1920 under sixty-five

years of age. His name was not included in the Report under subsection 2 of section 2 of the Act as he was, at the time, performing efficient service. Capt. Lavallée was suspended owing to lack of work on the 30th June, 1921, but this does not imply that his services terminated, he was actually on leave without pay, as the Superintendent of the Sorel Shipyard, where he was employed, did not recommend his retirement and apparently expected his return to duty when the work warranted it. Capt. Lavallée applied personally for retirement in September, 1921. His membership of the Service is, therefore, indefinite.

In my opinion the retirement of Capt. Lavallée is well within the spirit and intention of the Act and it does not appear just that he should be debarred from participation thereunder on a technicality. Had this officer been recommended for retirement prior to the 30th June, 1921, on account of unsatisfactory service his case apparently would have been approved. That his retirement was not proceeded with at an earlier date was due, as explained above, to the fact that he was performing satisfactory service and if he is not allowed to benefit under the Act it would appear to be a discrimination against efficient employees as against inefficient and unsatisfactory employees whose cases would be promptly reported.

I trust the additional correspondence on the attached file will be instrumental in obtaining a favourable ruling, of which the Department will be pleased to be informed as soon as possible.

I am, sir, your obedient servant,

A. JOHNSTON, *D.M.*

The Deputy Minister, Justice Dept.

DEPARTMENT OF JUSTICE, October 22, 1924.

SIR,—Referring to my conversation with you over the telephone this morning, I now return herewith, as requested, your departmental file No. 58304 relating to the case of Captain Charles Lavallée. Papers on file contain a statement of his service which would seem to show it was terminated on the 30th June, 1921. Mr. Johnston states in his letter of the 26th April last that although Captain Lavallée was suspended owing to lack of work on the 30th June, 1921, this does not imply that his services were terminated and that he was actually on leave without pay.

The points upon which I want to be advised are:—

1. When did his leave of absence without pay end?

2. Was he also on leave of absence without pay during the breaks in his service previous to the 30th June, 1921, or are his broken period of service referable to a series of new engagements?

Please let me have this information as soon as possible, in order that his case may be finally dealt with.

I am, Sir, your obedient servant,

C. P. PLAXTON, *for Asst. D.M. of J.*

The Assistant Deputy Minister, Marine and Fisheries.

MARINE AND FISHERIES, October 23, 1924.

SIR,—I beg to acknowledge receipt of your letter of the 22nd instant regarding the proposed retirement of Capt. Charles Lavallée wherein you ask to be advised on the following points in connection therewith,—

1. When did his leave of absence without pay end?
2. Was he also on leave of absence without pay during the breaks in his service previous to the 30th of June, 1921, or are his broken periods of service referable to a series of new engagements?

The answers to these questions are,—

1. Capt. Lavallee is at present on leave of absence without pay.
2. Any breaks in Capt. Lavallee's service to date were on leave of absence without pay.

I am, Sir, your obedient servant,

E. HAWKEN, *Asst. D.M.*

The Deputy Minister, Dept. of Justice.

DEPARTMENT OF JUSTICE, October 25, 1924.

SIR,—Referring to your letter of the 26th April last submitting your departmental file No. 58304 for our further consideration in relation to the question of the eligibility of Captain Charles Lavallée, formerly an employee of your Department in Sorel shipyard, and also to the subsequent correspondence in relation to this case, I have further considered this matter and the facts as now disclosed may be briefly stated as follows:—

Captain Lavallée has been continuously employed at a per diem rate of pay in various capacities in the Sorel shipyard from year to year since the 1st May, 1912, until June 30, 1921, when he ceased to work in the yard, the Superintendent of the shipyard having "suspended" him "for lack of work". In September, 1921, Captain Lavallée appears to have applied to the Minister of your department for a pension. He appears, however, to have been subsequently employed, as it is stated in the memo on your file dated June 21, 1922, of the Superintending Engineer of the River St. Lawrence Ship Channel that Captain Lavallée worked in the shipyard until January 14, 1922, and that the Superintendent of the yard then suspended him "due to the reduction of work and number of men". Whether the date of his suspension be June 21, 1921, or January 14, 1922, the question of his eligibility for retirement depends upon the same considerations. Captain Lavallée was born, it is stated, on March 18, 1856, and consequently was, on the 21st June, 1921, over sixty-five years of age. Our departmental ruling that this employee was not eligible to be retired under the Public Service Retirement Act was founded upon two considerations: (1) that when he was "suspended for lack of work" he was actually discharged and severed his connection with the service on that date; his retirement having been thus effected he could not be subsequently retired under the said Act; and (2) that in any case, as the Act stood on the date of his suspension, there was no provision for the retirement of an officer over sixty-five years of age, the provision in sub-sec. 1 of sec. 2 for the retirement of officers of the age of sixty-five years and over having become spent when the report therein referred to was prepared and submitted to the Governor in Council. Sub-sec. 2 of sec. 2 of the Act was

subsequently amended by chap. 39 of the Statutes of 1922, so as to provide authority for the retirement of officers over as well as under sixty-five years of age, and the amendment was given retroactive effect as from the 1st July, 1920. We ruled that the retroactive operation of the amendment did not affect Captain Lavallée's case as membership of the service is an essential condition of eligibility to be retired under the Act.

It now appears, however, from your letter that when Captain Lavallée was suspended owing to lack of work on the 30th June, 1921, his services were not terminated, but that he was actually given leave of absence without pay, and Mr. Hawken adds, by his letter of the 23rd instant, that Captain Lavallée is at present on leave of absence without pay and also that he was on leave of absence without pay during the different breaks in his service since 1912. This disposes of the question as to his membership of the service, but there still remains a question whether Captain Lavallée is not a person who was "appointed for a temporary purpose" within the meaning of the words of exception contained in the definition of "officer" in paragraph (*b*) of sec. 2 of the Public Service Retirement Act, and upon this question I am not satisfied. The history of his service would suggest that he was employed from time to time on odd jobs of a temporary nature in or about the Sorel shipyard, but if this be incorrect and the actual fact be that he was employed to perform duties of a permanent nature, then I am disposed to think that he is eligible to be retired from the service under the provisions of the Public Service Retirement Act.

Papers returned herewith.

I am, Sir, your obedient servant,

W. STUART EDWARDS, *Asst. D.M.*

The Deputy Minister of Marine and Fisheries.

AUDITOR GENERAL'S OFFICE, December 2, 1924.

SIR,—I am in receipt of your letter of the 24th ult. enclosing copies of correspondence between your Department and the Department of Justice in regard to the eligibility of Captain Lavallée for retirement under the Public Service Retirement Act.

As stated in my letter of the 12th instant the two reasons why I considered him ineligible were—

(1) that his services were definitely terminated on January 14, 1922 and

(2) that his employment was of a temporary nature only and that he was not an officer as defined in the Act.

Although your Assistant Deputy Minister stated on October 23rd last that "Capt. Lavallée is at present on leave of absence without pay," your recommendation that he be retired from January 14, 1922 corroborates my statement "that his services were definitely terminated on January 14, 1922".

In regard to the second point there is nothing in the opinion of the Justice Department to indicate that my second statement was not correct. In fact the statement of the Assistant Deputy Minister of Justice that "the history of his service would suggest that he was employed from time to time on odd jobs of a temporary nature" is corroborative of mine.

I agree with the opinion of the Justice Department that if Capt. Lavallée was still in the service on October 31, 1924 and that he was employed to perform duties of a permanent nature that he would be eligible to be retired under the Public Service Retirement Act. My objection is that neither of these conditions appear to exist and for that reason I do not consider that payment of the allowances should be made.

I am, Sir, Your obedient servant,

GEO. GONTHIER,
Auditor General.

The Deputy Minister, Marine and Fisheries Dept.

(The annuity and gratuity recommended were approved by Treasury Board but payment has not been made.)

AUDITOR GENERAL'S OFFICE, August 28, 1924.

SIR,—I return herewith your statement in connection with the amounts of annuity and gratuity payable to J. R. Vicars on his retirement from your Department, under the Public Service Retirement Act.

If he is entitled to count the service claimed by you and recommended by the Civil Service Commission, the amounts shown in your statement are correct.

I would point out that, as Mr. Vicars has not had ten years continuous service, he does not appear to be eligible for an annuity under the Act, unless his service in a military capacity is included. From 1916 to 1918 he was an officer with the Canadian Expeditionary Force and service in a military capacity has been refused in cases where applications were made to include same.

Even if this service is allowed in his case, there is a lapse of 24 days in 1918 in which he was not employed, in either a civil or military capacity. His re-employment in the service was a new appointment in another Department from that in which he was employed previously.

Yours truly,

GEO. GONTHIER,
Auditor General.

The Financial Comptroller, Interior Department.

(Annuity refused by Treasury Board and gratuity granted.)

AUDITOR GENERAL'S OFFICE, October 10, 1924.

DEAR SIR,—I am in receipt of yours of the 9th instant enclosing a certified statement of the services of Mr. Charles Donaghy in the Department of Militia and Defence. According to this statement he had a continuous service of over four years in that Department in recognition of which he was granted a gratuity of twenty-eight days' pay on his retirement from that Department amounting to $119. As he commenced work with the Imperial Pensions Board the next day after his retirement from the Militia and Defence Department his service has been continuous but the payment of the gratuity above referred to raises the question whether he is entitled to now count that previous service.

That gratuity was granted in recognition of previous service and the same period of service is now made the basis for claiming another gratuity.

In order that Treasury Board may be informed of my objections I am sending it a copy of this letter.

If the service is allowed the calculations submitted by you are correct.

Yours truly,

WM. KEARNS, *Asst. A.G.*

The Deputy Minister, Soldiers' Civil Re-establishment.

(Claim of Dept. allowed by Treasury Board on refund of gratuity paid by Militia and Defence.)

AUDITOR GENERAL'S OFFICE, October 17, 1924.

SIR,—I am in receipt of your statement for verification of the allowances payable to F. E. Kitching on his retirement under the Public Service Retirement Act from your Department.

It is noted that you are applying for a gratuity based on twelve years eleven months' service although he actually served less than nine years and two months and that he has not been paid any salary for the past three years and nine months.

From the records it appears that he has been absent without pay since October, 1920. Was his leave during this period authorized by the Civil Service Commission in accordance with the regulations governing leave of absence?

Unless the above absence is so approved it would appear that he is not eligible to count his service as other than nine years and two months.

I am, sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Deputy Minister, Post Office Department.

(The claim of Department was approved by Treasury Board and paid.)

AUDITOR GENERAL'S OFFICE, June 23, 1924.

SIR,—I return herewith the statement of the calculations in regard to the service and annuity payable to C. G. Lenghen, carpenter, Ottawa.

It is noted that you have included in his service $47\frac{1}{2}$ days Mr. Lenghen worked in 1903-04 and $175\frac{3}{4}$ days that he worked in 1904-05 and that he was not again employed until 1909-10.

From this it would appear that his employment in this period was of a temporary nature only and should not be included in determining his term of service and the annuity which should be paid him. The statement has accordingly been certified on the basis of thirteen years' service only.

I am, sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Deputy Minister, Public Works Department.

(Annuity based on 14 years' service was approved by Treasury Board and paid.)

AUDITOR GENERAL'S OFFICE, November 6, 1924.

DEAR SIR,—I am in receipt of your statement of calculations in connection with the retirement of John Jones, labourer, Ottawa, with effect from June 4th, 1921.

When you submitted his case previously your recommendation was for his retirement from June 1st, 1921. Your office was then informed that this employee was paid at a daily rate of pay and therefore was not eligible for retirement under the Public Service Retirement Act from June 1st, 1921, as employees receiving a daily rate of pay were not eligible for retirement under the Act until its amendment on June 4th, 1921.

Your amended recommendation to make his retirement effective three days later to coincide with the amendment to the Act is called attention to and also the fact that he ceased to be employed by you in May, 1921, more than three years ago.

It does not appear that he can be considered, from the nature of his employment, as still being an employee of your Department and now eligible to be retired under that Act.

Yours truly,

WM. KEARNS, *Asst. A.G.*

The Deputy Minister, Public Works Department.

Re-Employment of Persons Retired under the Superannuation Acts or Public Service Retirement Act

AUDITOR GENERAL'S OFFICE, November 17, 1924.

DEAR SIR,—On December 21, 1922, the Assistant Auditor General wrote you calling your attention to the fact that employees retired under the Public Service Retirement Act were reassigned to other positions in the service and were paid not only the full salary of the new positions but also the retiring allowances granted under the Act. It was considered that such a practice was contrary to the intent and purpose of the Act and it was hoped that some action would be taken to correct and make the practice more uniform.

No reply was received to that letter and I would again call your attention to the fact that the practice has been continued of retaining employees in their former positions after retirement and paying them both salary and retiring allowances.

As an evidence of the lack of uniformity in the various departments I would point out that in those departments where retired officials were re-employed some withheld the retiring allowance but continued paying the full salary until the employment was discontinued; others paid the retiring allowance and a portion of the salary, the total received being equal to the former salary of the employee, while in other cases the full salary was paid as well as the retiring allowance. Some employees were not eligible for an annuity but were retired and paid gratuities of from two to ten months' salary and some of these were continued in their former positions and at their former salaries.

I deem it my duty to call the attention of the Treasury Board to these facts as it seems advisable that some steps should be taken towards a more effective control of the monies paid to those re-employed officials who have been or will be retired under the Superannuation or Retirement Acts.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, November 21, 1924.

DEAR SIR,—Your letter of the 17th instant concerning re-employment of persons retired under the Public Service Retirement Act, has been received.

I am directed to request that you furnish a statement showing the name, department, salary at retirement, allowance and gratuity paid under the Retirement Act, and salary now being paid, in all such cases.

Yours truly,

W. C. RONSON, *for Secretary T.B.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, December 2, 1924.

DEAR SIR,—I am in receipt of yours of the 21st inst. requesting a statement showing the name, department, salary at retirement, and salary now being paid to persons retired under the Public Service Retirement Act and now re-employed.

I have to state that it is impossible to furnish you with a statement of the salaries now being paid to such employees as this office is not in possession for some months afterwards of the pay lists issued in any month. Even if the pay lists of all government employees were pre-audited, it would still be impossible for me to furnish you with a correct and complete list of all such cases. There are about thirty Departments or Commissions with staffs and while it would be possible to obtain a record of those re-employed in their former departments it would be next to impossible for the examiner of one of these departments to determine whether a new appointee had ever been employed in another department or that he had been retired from another department.

The first cases of this kind that came to the notice of this office were those of employees of the Public Works Department. Through correspondence with that department it was learned that the re-employment in one case was authorized by the Civil Service Commission and that the Justice Department considered the employee was eligible for re-employment and to be paid the full salary of the position. The Assistant Auditor General then wrote you, on December 21, 1922, calling your attention to the situation and enclosing copies of all the correspondence which was published in the annual report of this office, for the year 1921-22, pages a—16-19. As no action was taken, no record was kept of the persons so re-employed since that time and it is impossible for this office to supply you, as requested, with a list of all such cases at present being paid.

The question is again brought to attention as a result of the new Superannuation Act under which the same conditions will probably prevail. The Civil Service Commission make some of these appointments while others come under exempted classes and are not made by the Commission. If the matter is

dealt with by the Treasury Board and something authorized for the guidance of all the departments including the Civil Service Commission and this Office steps can then be taken at once to apply your regulations to all assignments to the government service.

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

Superannuation Act 1924. May Periods of Absence without pay be counted if no Superannuation Abatements are paid on the Salaries for these Periods

AUDITOR GENERAL'S OFFICE, November 21, 1924.

SIR,—I enclose a copy of a letter from the Acting Deputy Minister of Justice dealing with a number of questions submitted by me in regard to the interpretation of the Civil Service Superannuation Act, 1924.

Under these rulings it is seen that various classes of employees can legally claim to be allowed to include in their length of service, for superannuation purposes, periods of absence when they were on leave without pay and for which no contributions were made to the Superannuation Fund. These clerks have been absent without pay for various periods, extending to more than a year in some cases, and as indicated in the letter, these employees can count their full period of service, irrespective of any absence without salary and the non-payment of any contributions during such absence.

In another class of cases (8) and (9) an employee can count all his previous temporary service in full without paying any contributions for such period of service.

Under the former Superannuation Act the procedure was followed of deducting abatements on the employee's authorized salary for the full period of service irrespective of any periods of absence without pay. This procedure was considered equitable for both parties, the Government allowing the employee to count such periods of absence if the employee paid the abatements on the authorized salary for such period of absence. It was considered one of the fundamental requirements of the Act that an employee could not count any periods of service unless he paid the abatements for these periods. The difficulty has now arisen from the fact that the words "salary received" are used in this Act instead of "salary" as in the previous Acts.

As the Minister of Finance is charged with the administration of this Act I am calling your attention to the fact that as the Act now stands superannuation allowances can be granted based on a service for which no contributions were made. In one class of cases the Acting Deputy Minister of Justice states he considers it desirable that the Act should be amended so as to require contributions in respect of certain service. I agree with him in that view but as a matter of equity I think the Act should be amended so that deductions should be made in all cases, either of past or future service, for any time counted for superannuation purposes.

I am, sir, your obedient servant,

GEO. GONTHIER, *A.G.*

The Secretary, Treasury Board.

AUDITOR GENERAL'S OFFICE, October 7, 1924.

SIR,—I have to request your opinion as to the application of the terms of the Superannuation Act of 1924 in the following classes of cases:—

(1) A contributor to the Retirement Fund elects to come under the provisions of the new Superannuation Act and in order to count his periods of temporary service in which no abatements were made offers to pay arrears. As he had been absent without pay for periods of a month or so each year should his abatements be accepted on his full year's salary or only on the salary actually received?

(2) If the latter, can the period of absence for which no abatement was paid count in his total length of service in determining his retirement allowances?

(3) Is a contributor to the Retirement Fund, who in the past paid abatements only on the salary actually received although he was a permanent official, required by the Act to contribute for these periods and if not can he include these periods of absences in counting his full length of service?

(4) A contributor to the Retirement Fund in the past paid abatements on his yearly salary although the salary received was less, due to absences without pay. Can these periods of absence be included in estimating his length of service for superannuation purposes? If not should the abatements for the periods of absence be refunded?

(5) A seasonal employee was paid at a monthly rate of pay for the season but no abatement was deducted until recently when the employee's terms of service was changed to a yearly basis. In the case of such an employee electing to come under the new Act and to pay arrears of abatements on salary received as a seasonal employee, should the abatements be made on the yearly salary or on the salary received? If the latter, should the season count as a year for superannuation purposes or only for the period actually paid? If he does not elect to contribute for such previous service to what extent would the service count?

(6) A permanent employee now employed on a yearly basis and contributing to the Retirement Fund elects to come under the new Act and to pay arrears of abatements on his salary as a sessional employee of Parliament when he was paid at a daily rate for the period of the session only. In his case can a session count as a year for superannuation purposes and if so should abatements be made on the yearly salary or the salary actually received?

(7) In the case of a contributor under the new Act being absent, in future, on leave without pay, is it permissible to deduct abatements on his yearly salary for his periods of absence and to include these periods in counting his length of service?

(Under the former Superannuation Act that form of procedure was followed, it being considered that an employee could count all periods of authorized leave with or without pay but that no periods should be counted unless the abatements were paid on the salary for such period. Although not definitely stated in the Act it was considered as one of the fundamental requirements that an employee could not count any periods of service unless he paid the statutory abatements for these periods. In addition it simplified the administration of the Superannuation Act.)

(8) Can the previous temporary service of a civil servant who has been appointed permanently since July 19 last be included to any extent in his service for the purpose of calculating any allowances payable under the Act?

(9) If such temporary service can be counted in full should contributions be made in respect to the salary received during the period or periods of temporary service?

(10) If 8 is answered in the affirmative is his eligibility to count such service affected by the fact that he was paid during his temporary service at prevailing rates or at any other than a stated annual salary of at least $600.

(11) The range of salary for Office Boy is from $300 to $540. Can a permanent appointee to such a position, after July 19 last, and who is subsequently promoted to a position with a salary of $600 or more be considered eligible after such promotion to pay abatements on his salary as Office Boy and count his years of service as Office Boy for superannuation purposes?

(12) Can the abatements made under the "Superannuation Act" be deemed a contribution under the "Superannuation Act, 1924," in the case of a civil servant who elects to come under the latter Act?

(13) A civil servant who has paid abatements under the "Superannuation Act" for 35 years elects to come under the provisions of the "Superannuation Act, 1924," without paying the deficiency in his contributions. He dies while in the service leaving only a dependent sister. May any payment be made to the dependent sister under section 7 (3)?

I am, sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, October 21, 1924.

SIR,—Referring to your letter of the 7th instant, submitting, for a ruling. a number of questions affecting the interpretation of the Civil Service Superannuation Act, 1924, I have the honour to answer these questions as follows:—

(1) A contributor to the Retirement Fund elects to come under the provisions of the new Superannuation Act and in order to count his periods of temporary service in which no abatements were made offers to pay arrears. As he had been absent without pay for periods of a month or so each year, should his abatements be accepted on his full year's salary or only on the salary actually received?

Answer: The contributions in respect of such service should be computed on the basis of the total salary actually received.

(2) If the latter, can the period of absence for which no abatement was paid count in his total length of service in determining his retirement allowances?

Answer: Yes, if he continued in the service during such period.

(3) (*a*) Is a contributor to the Retirement Fund, who in the past paid abatements only on the salary actually received although he was a permanent official, required by the Act to contribute for these periods, and (*b*) if not, can he include these periods of absences in counting his full length of service?

Answer: As to (*a*): No. As to (*b*): Yes.

(4) A contributor to the Retirement Fund in the past paid abatements on his yearly salary although the salary received was less, due to absences without pay.

(*a*) Can these periods of absence be included in estimating his length of service for superannuation purposes?

(*b*) If not, should the abatements for the periods of absence be refunded?

As to (*a*): This question is answered above.

As to (*b*) : I know of no authority for refunding such abatements, and if the contributor has elected to become a contributor under the new Act, the amount standing to his credit in the Retirement Fund has been transferred, under sec. 16, to the fund created under this Act, and the contributor has waived his right to any payment or benefit under the provisions of the Retirement Act.

(5) A seasonal employee was paid at a monthly rate of pay for the season but no abatement was deducted until recently when the employee's terms of service was changed to a yearly basis.

(*a*) In the case of such an employee electing to come under the new Act and to pay arrears of abatements on salary received as a seasonal employee, should the abatements be made on the yearly salary or on the salary received?

(*b*) If the latter, should the season count as a year for superannuation purposes or only for the period actually paid?

(*c*) If he does not elect to contribute for such previous service, to what extent would the service count?

As to (*a*): The contributions should be computed on the amount of the salary received.

As to (*b*): If the seasonal employee was employed permanently then he must have been continuously in the service and each season should count as a year of service, but otherwise only the period of the year over which his employment extended and for which he was actually paid should be counted.

As to (*c*): To the extent of one-half of the periods mentioned in my answer to the next preceding question, as the case may be.

(6) A permanent employee now employed on a yearly basis and contributing to the Retirement Fund elects to come under the new Act and to pay arrears of abatements on his salary as a sessional employee of Parliament when he was paid at a daily rate for the period of the session only. In this case, can a session count as a year for superannuation purposes, and if so, should abatements be made on the yearly salary or the salary actually received?

Answer: If the employee had permanent status during the period of his service as a sessional clerk, then I think his sessional service in each year should count as a year's service for the purposes of superannuation, but the contributions in respect of past non-contributory service should be computed only on the basis of the salary actually received. On the other hand, if the employee was only a temporary sessional messenger, only the period of his actual service may be counted for purposes of superannuation, and the contributions, if any, made in respect of such service should be computed on the amount of the total salary actually received.

For your information on the question of the permanency of sessional clerks, I enclose copy of Mr. Newcombe's letter of the 6th March, 1922, to the Honourable the Speaker of the House of Commons.

(7) In the case of a contributor under the new Act being absent, in future, on leave without pay, is it permissible to deduct abatements on his yearly salary for his periods of absence and to include these periods in counting his length of service?

Answer: I think it is the intention of the Act that contributions shall be deducted only from the salary paid to a contributor, but periods of leave of absence without pay nevertheless count as part of his service for the purpose of computing the superannuation allowance.

(8) Can the previous temporary service of a civil servant who has been appointed permanently since July 19 last be included to any extent in his service for the purpose of calculating any allowances payable under the Act?

Answer: Yes, it may be counted in full.

(9) If such temporary service can be counted in full, should contributions be made in respect to the salary received during the period or periods of temporary service?

Answer: The Act contains no provision requiring payment of contributions by such employees in respect of their prior temporary service; but having regard to the scheme of the Act and the provisions affecting other classes of employees, I consider it desirable that the Act should be amended so as to require contributions in respect of the temporary service of such employees.

(10) If 8 is answered in the affirmative, is his eligibility to count such service affected by the fact that he was paid during his temporary service at prevailing rates or at any other than a stated annual salary of at lest $600?

Answer: No.

(11) The range of salary for office boy is from $300 to $540. Can a permanent appointee to such a position, after July 19 last, and who is subsequently promoted to a position with a salary of $600 or more, be considered eligible after such promotion to pay abatements on his salary as office boy and count his years of service as office boy for superannuation purposes?

Answer: Yes.

(12) Can the abatements made under the "Superannuation Act" be deemed a contribution under the "Superannuation Act, 1924," in the case of a civil servant who elects to come under the latter Act?

Answer: No.

(13) A civil servant who has paid abatements under the "Superannuation Act" for 35 years elects to come under the provisions of the "Superannuation Act, 1924," without paying the deficiency in his contributions. He dies while in the service, leaving only a dependent sister. May any payment be made to the dependent sister under section 7 (3)?

Answer : No.

I am, sir, your obedient servant,

W. STUART EDWARDS, *Asst. D.M.*

The Assistant Auditor General.

FINANCE DEPARTMENT, December 3, 1924.

DEAR SIR,—I beg to acknowledge receipt of your letter of the 21st ultimo respecting a suggested amendment to the Civil Service Superannuation Act, 1924, covering the case of contribution for past service by a civil servant who becomes a contributor under part 1 of the Act.

Yours truly,

J. C. SAUNDERS, *D.M.*

The Auditor General.

Dates of Eligibility for Statutory Increases of Employees whose Positions have been reclassified

AUDITOR GENERAL'S OFFICE, April 16, 1924.

SIR,—During the fiscal year just closed the Civil Service Commission authorized a number of reclassifications and promotions which were not recognized so far as payment of the increased salaries was concerned because Parliament had not made provision for the higher salaries and the Treasury Board did not grant permission for the increases to be paid from Vote 452.

The result is that in these cases the higher classification has been authorized for the year 1923-24 but the increase in salary was not paid and in detailing the salaries of these employees in the Annual Report, the salary paid will not correspond to the salary authorized. For the current year a statutory increase was approved by the Civil Service Commission and a salary corresponding to the second step in the range was voted by Parliament.

I am calling your attention to what has been done in these cases as it is considered that one of the first requirements in effecting a promotion or reclassification is, that Parliament has made the necessary provision in the estimates. Such provision was not made for the higher classifications last year but the employees while not receiving any benefit in salary at the time do benefit in that they were granted an increase of salary from April 1, 1924, to the next higher step in the ranges of the higher positions.

I enclose herewith copies of some of the correspondence.

I am, sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Secretary of the Treasury Board.

AUDITOR GENERAL'S OFFICE, May 8, 1924.

SIR,—For your information and supplementary to my letter of the 16th ultimo, I enclose herewith a copy of a certificate covering the promotion of J. Kerr to Senior File Clerk effective from 1st April, 1923, "for the purpose of statutory increase only," which has been received from the Civil Service Commission quite recently, having been issued by them since the close of the last fiscal year.

While it would appear that the requirements of the statutes have been complied with in respect to the authorization of the certificates covering the promotion and statutory increase, there arises the question whether the Treasury Board, in its control over the Estimates as submitted to Parliament, intended to permit higher classifications to be authorized for one or more years without the necessary provision being made in the Supply Bill for the higher positions and salaries, even though the increased salaries for these years were not paid.

I am, sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Secretary of the Treasury Board.

JUSTICE DEPARTMENT, October 6, 1924.

SIR,—Referring to your letter of the 22nd July last submitting, for a ruling, the question whether statutory increases are payable to certain employees in the service, the circumstances under which the question arises appear to be these: During the fiscal year 1923-24 the Commission approved of the reclassification and promotion of certain employees in the service, but as provision had not been made by Parliament for the increased expenditure resulting from these changes, the Treasury Board declined to authorize payment of the higher rates, and, in consequence, the employees concerned were not paid at the higher rate during the fiscal year 1923-24. For the current year, however, statutory increases to the next higher rates in the salary ranges have been approved by the Civil Service Commission and the required moneys have been voted by Parliament. The question submitted is, I apprehend, whether these statutory increases are payable, in view of the fact that the moneys required for the payment of the higher salaries, resulting from the re-classification or promotion of these employees, during the fiscal year 1923-24, was not voted by Parliament.

My ruling is as follows:—

(1) If the re-classification or promotion of an employee was coupled with the establishment of a new class and rates of compensation therefor or the alteration of rates of compensation of an existing class, and the rates proposed involved an increased expenditure, then such rates did not become operative until Parliament had provided the money required for such increased expenditure (sec. 45B, ss. 1 Civil Service Act); and if the required moneys were voted only at the last session of Parliament and for the current year's expenditure, then the re-classification and promotion became effective only as of the 1st April last and statutory increases in the new ranges could only be approved subsequent to that date.

(2) In the case of employees who were reclassified in, or promoted to, an existing class (no change in the rates thereof being recommended) in accordance with the provisions of the Civil Service Act, I am of opinion that such employees became entitled to be paid at the higher rates of the new class, notwithstanding that the moneys required to pay the employees at such higher rates were not voted by Parliament. It follows that such employees were eligible to receive statutory increases in their respective ranges in the current fiscal year.

I am, Sir, your obedient servant,

W. S. EDWARDS, *Acting D.M. of J.*

The Secretary, Treasury Board.

Allowances for Uniforms for Government Employees

AUDITOR GENERAL'S OFFICE, November 20, 1924.

DEAR SIR,—In the examination of the expenditure accounts of the various departments there is found to be a great diversity in allowances paid for uniforms for certain government employees.

For example the Customs Department allows $75 per year for uniforms to certain of their employees. The Immigration Department allows uniformed officers two-thirds of the cost of uniforms—suit, caps and overcoats, up to a fixed maximum. Certain officers of the Health Department, porters on private government cars and letter carriers, Post Office Department, are all allowed full cost of uniform. In the latter case the department buys the material and tenders are called for making the uniforms. In other departments chauffeurs, elevator attendants, caretakers, etc. are allowed full cost.

As there is no question that certain government employees should be required to wear uniforms when on official business it appears to me that it would tend towards uniformity and economy if definite regulations on this subject were made by the Treasury Board.

Such regulations might, I would suggest, cover the following points:—

(1) What officers or what classes of officers should be in uniform when on public business.

(2) Should the uniforms be supplied by the department concerned or should the employees be given an allowance therefor.

(3) Should the whole cost of the uniform be met by the government or should the employees contribute a stated part of the cost.

(4) What articles of clothing should be considered as properly coming under the head of "uniform".

Yours truly,

GEO. GONTHIER, *A.G.*

The Secretary of the Treasury Board.

Advance to Quebec Harbour Commission notwithstanding Arrears of Interest on Previous Loans

AUDITOR GENERAL'S OFFICE, June 23, 1924.

SIR,—I have received an application from the Department of Marine and Fisheries for the issue of a cheque for $112,000 in favour of the Quebec Harbour Commissioners, being the amount authorized by Order in Council—P.C. 913—of June 7, 1924, as an advance to be charged to loans authorized by Statute.

On enquiry at your department I have been informed that the Quebec Harbour Commission is in arrears of interest on previous loans to the amount of $2,142,923.24 and it seems to me I should bring this condition of affairs to the special notice of the Treasury Board before passing for payment the amount of the advance asked for in the present instance.

Under Section 10 of the Act of Parliament authorizing the constitution of a Board of Audit, being Chapter 30 of the Statutes of 1923, the Board is directed to inquire into the financial affairs of any Commission or other public body, the operations of which are carried on by appropriations from the Treasury of Canada or which are aided by grants or loans from the said Treasury, etc., etc.

The inquiry thus authorized will no doubt take place at an early date but in the meantime I should like to know if the Treasury Board desires that, notwithstanding the arrears of interest, the advance of $112,000 applied for by the Department of Marine and Fisheries under the authority of Order in Council—P.C. 913—of June 7, 1924 may be paid.

I am, Sir, your obedient servant,

GEO. GONTHIER, *A.G.*

Deputy Minister of Finance and Secy. of the Treasury Board.

TREASURY BOARD, July 17, 1924.

DEAR SIR,—Your communication of the 23rd ultimo concerning an advance of $112,000 to the Quebec Harbour Commissioners, was considered by the Treasury Board at a meeting held on the 12th instant.

The Board, pending your enquiry on the subject, recommend that the advance referred to in your letter be made.

Yours truly,

J. C. SAUNDERS, *Secretary, T.B.*
The Auditor General.

Separate and Detailed Votes for Salaries

AUDITOR GENERAL'S OFFICE, December 27, 1924.

DEAR SIR,—Under Section 45B (1) of the Civil Service Act authority is granted for establishing of rates of compensation for new classes in the organization of the Civil Service and for changing the rates of compensation for existing classes but "such rates shall not become operative unless Parliament has provided the money required for such increased expenditure".

The estimates for the salaries of the Service at Ottawa are detailed, in almost all cases under Civil Government and show the various positions in the classification of the several Departments and the salaries provided for each. When, therefore any change or addition is made in the classification of a Department it is possible for this Office to determine whether Parliament has made the necessary provision in accordance with the Act.

But there are other portions of the Service in which the salaries are not shown in detail and where the total vote is the only guide and the only limit to the creation of new classes or the limits that may be fixed for existing classes. In what is called the Outside Service, and which comprises the larger number of employees, no details are given in the estimates. In some cases the matter is still more complicated from the fact that the "salaries and contingencies" or the "salaries and expenses" of some services are included in one vote.

In addition to the salaries of the Outside Service there are employees in the Inside Service occupying permanent positions in the Departments at Ottawa whose salaries are paid from such general votes and not from Civil Government Salaries. For example the Department of the Interior provides for about two-thirds of its permanent staff at Ottawa from its vote for Civil Government and the other third, with salaries totalling over $800,000 per annum, from general votes applicable to the whole Dominion. New clerkships may therefore be created in the Inside Service of that Department or increased rates authorized for existing classes if the vote from which payment is made is a general vote for the Outside Service.

It is thus seen that where the salaries are voted in detail as in Civil Government it is not possible for a new clerkship to be created without Parliament having made specific provision but that such is possible under the votes for the Outside Service which comprises the larger part of the Service. And in the Department above referred to the anomaly exists that in the same room at Ottawa there may be two clerks doing similar work, the salary of one being paid from Civil Government and the other from a General vote for the Outside Service. One may have a higher clerkship created for him without such clerkship being specially voted but the other cannot if that higher clerkship was not

shown in the Civil Government Estimates. If the position was not specially voted, objection can be taken if the employee is paid from the Civil Government vote but not in the case of the employee paid from Salaries, Outside Service.

In my opinion that Section of the Act calls for a more detailed estimate of the salaries, other than Civil Government, so that when any such change is proposed it will be possible to determine definitely and accurately whether the money required has been provided by Parliament.

The matter is one affecting my audit in that pay-lists are submitted to me for audit which include changes of classification in the organization of a Department and increases in amounts for existing classes which have not been provided for by Parliament in the sense that Parliament was not aware that General Votes passed by it for salaries and expenses might be used for changes and increases in classification.

Yours truly,

GEO. GONTHIER, *A.G.*

The Deputy Minister of Finance.

CORRESPONDANCE DU CONSEIL DE LA TRÉSORERIE

(On trouvera ici, non seulement la correspondance directe avec le Conseil de la Trésorerie, mais aussi certaine correspondance avec quelques ministères, au sujet de questions étudiées par ce Bureau et référées au Conseil de la Trésorerie.)

Loi de la mise à la retraite du service public: Eligibilité des personnes mises à la retraite à la jouissance des paiements recommandés

BUREAU DE L'AUDITEUR GÉNÉRAL, le 12 novembre 1924.

MONSIEUR,—Je reçois à l'instant votre demande pour le paiement d'une gratification au capitaine Chas. Lavallée, menuisier, Sorel, qui a été mis à la retraite, sous l'empire de la Loi de retraite du service public, en vertu de l'arrêté en Conseil du 31 du mois dernier, devant prendre effet à partir du 1er juillet 1922 avec une gratification de $147.21 basée sur dix années de service.

Nos renseignements nous apprennent que le capitaine Lavallée a été employé depuis le mois de mai 1912 jusqu'au 30 juin 1921 alors que son emploi prit fin, ayant été "suspendu pour manque d'ouvrage". Il a été réengagé du 16 novembre 1921 au 14 janvier 1922, travaillant en moyenne cinq heures par jour, alors qu'il a encore été suspendu à cause "de la réduction au point de vue des travaux comme du personnel" et qu'il n'a pas été employé après ce temps-là. Dans votre premier rapport au Conseil au mois d'octobre dernier vous avez recommandé de le mettre à la retraite à partir du 14 janvier 1922, mais on vous a fait remarquer que vu qu'on lui payait un salaire horaire (depuis mars 1917) il n'était pas éligible aux termes de la loi de prendre sa retraite à partir de cette date. Dans votre second rapport au Conseil vous avez recommandé d'adopter le 1er juillet 1922 comme date de sa retraite vu que c'est à cette date que la loi a été amendée de façon à s'appliquer aux employés recevant un salaire horaire en ce qui concerne la mise à la retraite.

D'après les faits susdits il semblerait (1) que ses services ont pris fin définitivement le 14 janvier 1922 et (2) que son emploi était purement temporaire et qu'il n'était pas par conséquent un fonctionnaire aux termes du paragraphe (*b*) de l'article 2 de la Loi de la mise à la retraite et qu'il n'était pas conséquemment éligible à prendre sa retraite sous l'empire de ladite loi.

Il ne nous a été aucunement prouvé que vous lui avez accordé un congé sans solde, de janvier 1922 à octobre 1924 et s'il était encore un fonctionnaire aux termes de la loi jusqu'en octobre 1924, sa mise à la retraite devrait prendre effet au moment qu'il a quitté le service, et non lors de la cessation de son travail, il y a près de trois ans, ou à partir de la date de la loi modificatrice du 1er juillet 1922.

C'est mon opinion qu'il n'est pas éligible de prendre sa retraite sous l'empire de cette loi, et pour cette raison je me vois dans l'impossibilité de certifier le paiement de la gratification recommandée.

Bien à vous,

GEO. GONTHIER, *A.G.*

Le sous-ministre de la Marine et des Pêcheries.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, le 24 novembre 1924.

MONSIEUR,—Je vous accuse réception de votre lettre du 12 courant relativement à l'éligibilité du capitaine Charles Lavallée, menuisier, chantiers maritimes du gouvernement à Sorel, P.Q., à recevoir les paiements qui lui sont accordés en vertu de l'arrêté en Conseil du 31 octobre 1924 aux termes duquel il fut mis à la retraite conformément aux dispositions de la Loi de retraite du service public.

La question de mettre le capitaine Lavallée à la retraite était sous considération avant l'adoption de l'arrêté en Conseil et les divers points se rattachant à son cas ont été discutés avec le ministère de la Justice. Je vous envoie donc sous pli la correspondance à ce sujet qui vous permettra, j'espère, d'autoriser les paiements qui lui sont accordés par l'arrêté en Conseil visant sa mise à la retraite.

Je demeure, monsieur, votre obéissant serviteur,

A. JOHNSTON, *S.-M.*

L'Auditeur général adjoint.

MINISTÈRE DE LA JUSTICE, le 31 mars 1924.

MONSIEUR,—Relativement à une communication antérieure concernant l'éligibilité du capitaine Charles Lavallée, un employé aux chantiers maritimes de Sorel, à prendre sa retraite conformément aux dispositions de la Loi de retraite du service public, vous demandez si le capitaine Lavallée peut maintenant être mis à la retraite, vu l'amendement au sous-article 2 de l'article 2 de la loi telle qu'adoptée avec effet rétroactif à partir du 20 juillet 1920, en vertu de l'article 2, chapitre 39 des Statuts de 1922, à l'effet de pourvoir à la mise à la retraite des fonctionnaires au-dessous ou au-dessus de 65 ans.

D'après la correspondance je constate que l'emploi du capitaine Lavallée a pris fin le 30 juin 1921, et telle que la loi existait dans le temps il n'était pas, ainsi que j'en ai rendu la décision, éligible à prendre sa retraite sous l'empire de la loi. Le fait que ledit amendement a été rendu rétroactif n'influence aucunement son cas, vu que le fait d'appartenir au service est une condition essentielle à l'éligibilité d'un fonctionnaire à prendre sa retraite conformément à ladite loi.

Je suis, monsieur, votre obéissant serviteur,

E. L. NEWCOMBE, *S.-M. de la Justice.*

Le secrétaire de la Commission du Service civil.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, le 26 avril 1924.

MONSIEUR,—J'ai l'honneur de vous informer que la Commission du Service civil m'a transmis copie de votre décision du 31 mars 1924 au sujet de la mise à la retraite projetée du capitaine Charles Lavallée, ci-devant employé dans notre ministère, dans laquelle vous dites que l'emploi du capitaine Lavallée a pris fin le 30 juin 1921, et que telle que la loi existait dans le temps il n'était pas éligible à prendre sa retraite sous l'empire de ladite loi, et que de plus l'effet rétroactif de l'amendement de 1922 ne pouvait aucunement influencer son cas vu que le fait d'appartenir au service est une condition essentielle à l'éligibilité d'un fonctionnaire à prendre sa retraite conformément à ladite loi.

Notre ministère aimerait beaucoup à voir cet employé bénéficier des dispositions de la Loi du service public et je vous transmets le dossier ministériel N° 58,304 qui comprend toute la correspondance relativement à ce cas. Je vous demanderais de bien vouloir examiner cette correspondance vu qu'il vous sera peut-être possible d'y découvrir certains points qui ne vous ont pas été présentés et qui seraient de nature à vous permettre de modifier votre décision.

Puis-je vous faire remarquer que le rapport tel qu'exigé par le paragraphe 1 de l'article 2 de la Loi de retraite du service public 1920, chapitre 67, ne comprendrait pas le nom du capitaine Lavallée vu qu'il n'avait pas encore

atteint ses 65 ans. Il est né le 17 mars 1856 et il était par conséquent en 1920 au-dessous de 65 ans. Son nom a été omis du rapport rédigé conformément au paragraphe 2 de l'article 2 de la loi vu que dans le temps il remplissait ses fonctions d'une manière efficace. Le capitaine Lavallée a été suspendu vu le manque de travail le 30 juin 1921, mais cela ne veut pas dire qu'il n'était plus à notre service parce qu'il était en congé sans solde et que le surintendant des chantiers maritimes de Sorel où il était employé, n'a pas recommandé sa mise à la retraite et s'attendait de le voir revenir reprendre son travail lorsqu'il en aurait besoin. Le capitaine a demandé d'être mis à la retraite au mois de septembre 1921. Par conséquent il demeura attaché au service d'une manière indéfinie.

Selon moi la mise à la retraite du capitaine Lavallée est bien selon l'esprit et l'intention de la loi et il ne me paraît pas juste de lui refuser les bénéfices de la loi à cause de technicalités légales. Si ce fonctionnaire avait été recommandé à la retraite avant le 30 juin 1921 pour manque d'efficacité dans son travail cette recommandation aurait été sans doute approuvée. Si on n'a pas voulu le mettre à sa retraite, comme je viens de vous l'expliquer, c'est que dans le temps son travail donnait satisfaction, et s'il ne devait pas bénéficier de la loi il semblerait y exister un préjugé contre les bons employés pour favoriser ceux des employés dont les services ne sont pas efficaces ou satisfaisants et dont les cas vous auraient été promptement rapportés.

J'espère que la correspondance additionnelle ajoutée au dossier vous permettra de rendre une décision plus favorable; dans ce dernier cas le ministère sera très heureux d'en être informé aussitôt que possible.

Je demeure, monsieur, votre obéissant serviteur,

A. JOHNSTON, *S.-M.*

Le sous-ministre de la Justice.

MINISTÈRE DE LA JUSTICE, le 22 octobre 1924.

MONSIEUR,—Relativement à notre conversation par le téléphone ce matin je vous renvoie sous pli, tel que vous m'en avez prié, le dossier ministériel N° 58,304 au sujet du cas du capitaine Lavallée. Les documents soumis établissent ses états de service qui sont de nature à démontrer que son emploi a pris fin le 30 juin 1921. Dans sa lettre du 26 avril, M. Johnston dit que bien que le capitaine Lavallée ait été suspendu à cause du manque d'ouvrage le 30 juin 1921, cela ne veut pas dire qu'il n'était plus au service du ministère et qu'il était pratiquement en congé sans solde.

Voici les points sur lesquels je désire être renseigné:

1. Quand son congé sans solde a-t-il pris fin?

2. Etait-il encore en congé sans solde pendant les interruptions de ses fonctions avant le 30 juin 1921, ou ses périodes interrompues de service peuvent-elles être considérées comme un nouvel engagement?

Veuillez me faire parvenir ces renseignements aussitôt que possible, afin de régler ce cas définitivement.

Je suis, monsieur, votre obéissant serviteur,

C. P. PLAXTON, *pour le S.-M. adj. de la J.*

Le sous-ministre adjoint de la Marine et des Pêcheries.

MINISTÈRE DE LA MARINE ET DES PÊCHERIES, le 23 octobre 1924.

MONSIEUR,—J'ai l'honneur de vous accuser réception de votre lettre du 22 courant relativement au cas du capitaine Charles Lavallée que nous nous proposons de mettre à la retraite et dans laquelle vous demandez d'être renseigné sur les points suivants:—

1. Quand son congé sans solde a-t-il pris fin?
2. Etait-il encore en congé sans solde pendant les interruptions de ses fonctions avant le 30 juin 1921, ou ses périodes interrompues de services peuvent-elles être considérées comme un nouvel engagement?

La réponse à ces questions est celle-ci:—

1. Le capitaine Lavallée est actuellement en congé sans solde.
2. Toute interruption dans les états de services du capitaine Lavallée a été considérée comme s'il était en congé sans solde.

Je demeure, monsieur, votre obéissant serviteur,

E. HAWKEN, *S.-M. adj.*

Le sous-ministre de la Justice.

MINISTÈRE DE LA JUSTICE, 25 octobre 1924.

MONSIEUR,—Le 26 avril dernier et dans des lettres subséquentes vous nous demandiez d'étudier le dossier n° 58304 de votre ministère au point de vue de l'éligibilité du capitaine Charles Lavallée, un de vos anciens fonctionnaires des chantiers maritimes de Sorel, à une pension. Nous avons étudié cette question et les faits tels que révélés peuvent s'énoncer comme suit:—

On a employé continuellement le capitaine Lavallée à divers titres aux chantiers maritimes de Sorel d'année en année depuis le premier mai 1912 jusqu'au 30 juin 1921, à un salaire quotidien. Le surintendant des chantiers le suspendit à cette dernière date "faute de travail". Au mois de septembre 1921 le capitaine Lavallée demanda une pension à votre ministère, semble-t-il. Cependant, on l'a apparemment employé plus tard, car un mémoire de l'ingénieur-surintendant du chenal de navigation du Saint-Laurent, portant la date du 21 juin 1922, démontre que l'on employa le capitaine Lavallée aux chantiers jusqu'au 14 janvier 1922, et que le surintendant le suspendit alors "à cause de la diminution du travail et du personnel". Peu importe que la date de la suspension remonte au 21 juin 1921, ou au 14 janvier 1922, la question de son éligibilité à une pension dépend des mêmes considérations. Le capitaine Lavallée est né le 18 mars 1856, a-t-on dit, et en conséquence était âgé de plus de 65 ans au 21 juin 1921. La décision du ministère de la Justice à l'effet que ce fonctionnaire ne pouvait pas bénéficier de la Loi de retraite du service public était basée sur deux considérations: (1) lorsqu'on le suspendit on le congédia effectivement et il cessa de faire partie du service à cette date; on ne pouvait pas subséquemment le mettre à la retraite en vertu de ladite loi puisqu'on l'avait renvoyé du service; et (2) en tous les cas, vu qu'à la date de sa suspension la loi ne prévoyait pas à la mise à la retraite d'un fonctionnaire âgé de plus de soixante-cinq ans, les dispositions du paragraphe 1 de l'article 2 concernant la mise à la retraite des fonctionnaires âgés de soixante-cinq ans et plus étant périmées lorsque le rapport en question fut préparé et soumis au Gouverneur en Conseil. Subséquemment on modifia le paragraphe 2 de l'article 2 de la loi en adoptant le chap. 39 des Statuts de 1922, de manière à autoriser la mise à la retraite des fonctionnaires âgés de plus ou de moins de soixante-cinq ans, et on donna un effet rétroactif à cette modification à partir du 1er juillet 1920. Nous avons décidé que ces effets rétroactifs ne s'appliquaient pas au cas du capitaine Lavallée vu qu'il est essentiel que la personne fasse partie du service pour être éligible à la retraite en vertu de cette loi.

Cependant il appert maintenant d'après votre lettre que lorsqu'on suspendit le capitaine Lavallée le 30 juin 1921, faute de travail, on ne le remercia pas de ses services, mais qu'on lui accorda un congé sans salaire, et M. Hawken ajoute, dans sa lettre du 23 courant, que le capitaine Lavallée est actuellement en congé sans salaire et qu'il l'était également au cours de ses différentes absences depuis 1912. Ceci démontre qu'il faisait partie du service, mais reste à savoir si on n'a pas nommé le capitaine Lavallée "pour des fins temporaires" au sens des termes d'exception contenus dans la définition du mot "fonctionnaire" au paragraphe (b) de l'article (2) de la Loi de retraite du service public, et je ne suis pas satisfait sur ce point. L'historique de son service semble démontrer qu'on l'a employé de temps à autre à des tâches temporaires aux chantiers de Sorel ou dans les environs, mais si tel n'est pas le cas et si l'on prouve que ses fonctions avaient un caractère permanent, alors je serai disposé à croire qu'il sera éligible à une pension en vertu des dispositions de la Loi de retraite du service public.

Je vous retourne vos documents avec la présente,

Je suis, monsieur, votre obéissant serviteur,

W. STUART EDWARDS, *S.-M. adj. de la J.*

Le sous-ministre de la Marine et des Pêcheries.

BUREAU DE L'AUDITEUR GÉNÉRAL, 2 décembre 1924.

MONSIEUR,—J'accuse réception de votre lettre du 24 du mois dernier renfermant des copies de la correspondance échangée entre votre ministère et le ministère de la Justice concernant l'éligibilité du capitaine Lavallée à une pension en vertu de la Loi de retraite du service public.

Les deux raisons énoncées dans ma lettre du 12 novembre, me portant à le considérer comme inéligible, sont les suivantes:—

(1) On a cessé définitivement de l'employer le 14 janvier 1922.

(2) Son emploi n'était que temporaire et il n'était pas un fonctionnaire au sens de la loi.

Bien que votre sous-ministre adjoint ait déclaré le 23 octobre dernier que le capitaine Lavallée était en congé sans salaire, votre recommandation demandant sa mise à la retraite à partir du 14 janvier 1922 corrobore ma déclaration que "son emploi a définitivement pris fin le 14 janvier 1922."

En ce qui concerne le deuxième point, rien, de l'avis du ministère de la Justice, n'indique que ma deuxième déclaration n'est pas exacte. En réalité la déclaration du sous-ministre adjoint de la Justice à l'effet que "l'historique de son service semble démontrer qu'on l'a employé de temps à autre à des tâches temporaires" corrobore la mienne.

Je partage l'avis du ministère de la Justice lorsqu'on affirme que le capitaine Lavallée aurait droit à une pension en vertu de la Loi de retraite du service public s'il remplissait encore des fonctions d'un caractère permanent au 31 octobre 1924. Il me semble que ces conditions n'existent pas et c'est pour ces raisons que je m'oppose au paiement d'une pension.

Je suis, monsieur, votre obéissant serviteur,

GEO. GONTHIER, *A.G.*

Le sous-ministre de la Marine et des Pêcheries.

Le Conseil de la Trésorerie a approuvé l'annuité et la gratification, tel que recommandé, mais les versements n'ont pas été faits.

BUREAU DE L'AUDITEUR GÉNÉRAL, 28 août 1924.

MONSIEUR,—Je vous renvoie avec la présente votre état concernant le chiffre de la pension viagère et de la gratification payables à M. J. R. Vicars lors de sa mise à la retraite par votre ministère, en vertu de la Loi de retraite du service public.

S'il a droit aux années de service mentionnées par vous et recommandées par la Commission du Service civil, les chiffres indiqués dans votre état sont exacts.

Comme M. Vicars n'a pas dix années de service continu à son crédit, je vous ferai remarquer qu'il ne semble pas avoir droit à une pension en vertu de la loi, à moins que l'on ne comprenne ses années de service militaire. De 1916 à 1918 il a fait partie des Forces expéditionnaires canadiennes en qualité d'officier, mais on a refusé les pensions dans les cas ou l'on voulait comprendre les années de service militaire par le passé.

Même si on comptait ce service dans son cas, il y a interruption de 24 jours en 1918 dans la continuité de son service, soit comme militaire ou fonctionnaire. Sa rentrée dans le service est une nouvelle nomination dans un ministère autre que celui où on l'employait autrefois.

Bien à vous,

GEO. GONTHIER, *A.G.*

Le contrôleur de finances, ministère de l'Intérieur.

(Pension refusée par le Conseil de la Trésorerie et gratification accordée.)

BUREAU DE L'AUDITEUR GÉNÉRAL, 10 octobre 1924.

CHER MONSIEUR,—J'accuse réception de votre lettre du 9 courant, y compris l'état certifié du service de M. Charles Donaghy au ministère de la Milice et de la Défense. D'après ce rapport on l'a employé sans interruption pendant plus de quatre ans dans ce ministère, et on lui a accordé une gratification de 28 jours de traitement, soit $119.00, lors de son départ en récompense de ses services dans ce ministère. Comme il est entré en fonction à l'Imperial Pension Board le lendemain de son départ du ministère de la Milice et de la Défense il a été employé continuellement, mais le paiement de la gratification susmentionnée soulève la question de son droit à comprendre ce service antérieur.

On lui a accordé cette gratification comme récompense pour service antérieur et on veut maintenant faire entrer cette période de service dans une nouvelle demande de gratification.

J'adresse une copie de cette lettre au Conseil de la Trésorerie afin qu'il soit au courant de mes objections.

Si cette période de service est reconnue, vos calculs sont exacts.

Bien à vous,

WM KEARNS, *A.G. adj.*

Le sous-ministre du Rétablissement des soldats dans la vie civile.

(La demande du ministère est accordée par le Conseil de la Trésorerie à condition que la gratification versée par le ministère de la Milice et de la Défense soit remboursée.)

BUREAU DE L'AUDITEUR GÉNÉRAL, 17 octobre 1924.

MONSIEUR,—Je reçois pour vérification votre état des allocations payables à F. E. Kitching de votre ministère à la suite de sa mise à la retraite en vertu de la Loi de retraite du service public.

On remarque que vous recommandez une gratification basée sur douze années et onze mois de service tandis qu'il n'a réellement été employé que pendant une période de neuf ans et deux mois et n'a reçu aucun salaire depuis trois ans et neuf mois.

D'après le dossier, il semble qu'il a été absent sans rémunération depuis octobre 1920. Est-ce que son absence pendant cette période avait été autorisée par la Commission du Service civil conformément aux règlements qui s'appliquent aux congés?

A moins que cette absence n'ait été approuvée, il semble qu'il ne puisse compter plus de neuf ans et deux mois comme période de service.

Je suis, monsieur,

Votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Au sous-ministre des Postes.

(La gratification recommandée a été approuvée par le Conseil de la Trésorerie et a été payée.)

BUREAU DE L'AUDITEUR GÉNÉRAL, 23 juin 1924.

MONSIEUR,—Je vous renvoie ci-inclus l'état relatif au service de C. G. Lenghen, menuisier, Ottawa, et aux annuités qui lui sont payables.

On remarque que vous avez inclus dans son état de service $47\frac{1}{2}$ jours pendant lesquels il a travaillé en 1903-04 et $175\frac{3}{4}$ jours pendant lesquels il a travaillé en 1904-05, et qu'il n'a pas été employé dans la suite avant 1909-10.

Il semble par conséquent que pendant cette période son emploi n'était que temporaire et ne devrait pas être inclus dans son état de service et les annuités auxquelles il a droit. Conséquemment, l'état a été certifié pour une période de treize années de service seulement.

Je suis, monsieur,

Votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Au sous-ministre des Travaux publics, Ottawa.

(L'annuité basée sur 14 années de service a été approuvée par le Conseil de la Trésorerie.)

BUREAU DE L'AUDITEUR GÉNÉRAL, 6 novembre 1924.

Cher MONSIEUR,—Je reçois votre état des calculs relatifs à la mise à la retraite de John Jones, manœuvre, Ottawa, à compter du 4 juin 1921.

Lorsque vous avez soumis son cas dans une occasion précédente, vous recommandiez sa mise à la retraite à compter du 1er juin 1921. On vous a alors informé que cet employé était payé à la journée et que, conséquemment, il ne

pouvait prendre sa retraite sous le régime de la Loi de retraite du service public à compter du 1er juin 1921, parce que les employés payés à la journée ne pouvaient prendre leur retraite en vertu de cette loi jusqu'à ce qu'elle fût modifiée le 4 juin 1921.

On doit vous faire remarquer que votre nouvelle recommandation modifiée est à l'effet de rendre la retraite de cet employé effective trois jours plus tard afin d'en faire coïncider la date avec celle de la modification de la loi, et aussi que vous vous êtes dispensé des services de cet homme il y a plus de trois ans.

Il ne semble pas possible de le considérer, vu la nature de son emploi, comme étant encore au service de votre ministère et de croire qu'il a droit à la retraite en vertu de cette loi.

Bien à vous,

WM. KEARNS, *A.G. adj.*

Au sous-ministre des Travaux publics, Ottawa.

Emploi des pensionnaires aux termes des lois de pension de retraite ou de la loi de retraite du service public

BUREAU DE L'AUDITEUR GÉNÉRAL, le 17 novembre 1924.

MONSIEUR,—Le 21 décembre 1922, l'Auditeur général adjoint vous adressa une lettre attirant votre attention sur le fait que l'on nommait à d'autres positions du service administratif des employés mis à la retraite aux termes de la Loi de retraite du service public et qu'on leur accordait non seulement le plein traitement attaché à leurs nouvelles positions, mais, de plus, la pension concédée en vertu de la loi. On jugea la chose contraire aux fins de la loi, espérant que l'on prendrait quelques mesures pour corriger l'anomalie et établir une règle uniforme.

Vous n'avez pas répondu à cette lettre, et j'appelle de nouveau votre attention sur le fait que l'on continue de retenir les services de personnes mises à la retraite et de leur payer et leur traitement et leur pension.

Pour démontrer l'absence d'uniformité dans les divers ministères, notons que quelques-uns retiennent la pension des personnes qu'ils maintiennent en fonction après la mise à la retraite, mais leur paient plein traitement pendant toute la durée de leurs services; d'autres leur versent leur pension et une partie de leur traitement, jusqu'à concurrence du montant du traitement antérieur de l'employé; dans d'autres cas, on accorde le plein traitement aussi bien que la pension. Certains employés n'avaient pas droit à une annuité mais touchaient une indemnité représentant de deux à dix mois de traitement; quelques-uns de ces derniers furent maintenus dans leur ancienne position et reçurent leur ancien traitement.

Il est de mon devoir de signaler ces choses au Conseil de la Trésorerie, car il semble convenable de prendre des mesures pour exercer un contrôle plus efficace des deniers publics versés aux fonctionnaires maintenus en fonction après leur mise à la retraite sous le régime des lois de pensions de retraite ou de retraite du service public.

Votre humble serviteur,

GEO. GONTHIER, *A.G.*

Le secrétaire du Conseil de la Trésorerie.

CONSEIL DE LA TRÉSORERIE, le 21 novembre 1924.

MONSIEUR, — Nous avons reçu votre lettre du 17 courant touchant l'emploi de personnes mises à la retraite sous le régime de la Loi de retraite du service public.

On m'a prié de vous demander de fournir, dans chaque cas, un état indiquant le nom, le ministère, le traitement lors de la mise à la retraite, l'annuité ou la gratification versées aux termes de la Loi de retraite et le traitement actuellement payé.

Votre humble serviteur,

W. C. RONSON, *pour le secrétaire, C.T.*

L'Auditeur général.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 2 novembre 1924.

MONSIEUR,—J'ai reçu la vôtre du 21 courant dans laquelle vous demandez un état indiquant le nom, le ministère, le traitement lors de la mise à la retraite et le traitement actuellement versé aux personnes mises à la retraite aux termes de la Loi de retraite du service public et qui sont maintenus en fonction.

Il m'est impossible de vous fournir un état des traitements actuellement versés aux dits employés, car notre bureau reçoit les bordereaux mensuels quelques mois en retard. Même si les bordereaux de paie de tous les employés de l'Etat étaient vérifiés à l'avance, il me serait encore impossible de vous fournir une liste exacte et complète. Il y a environ trente ministères ou commissions qui ont un personnel d'employés et bien qu'il soit possible de retracer ceux qui travaillent encore dans le ministère où ils étaient employés, il est presque impossible de déterminer si un nouvel employé a déjà travaillé dans un autre ministère ou s'il a été mis à la retraite par un autre département.

Les premiers cas de ce genre que constata notre bureau sont ceux d'employés du ministère des Travaux publics. Une correspondance ouverte avec ce ministère nous apprit que la Commission du Service civil autorisa l'emploi d'un pensionnaire et que le ministère de la Justice opina que l'employé avait droit à occuper la position et à toucher le plein salaire. L'Auditeur général adjoint vous écrivit le 21 décembre 1922, portant la situation à votre attention et vous adressant copie de toute la correspondance publiée dans le rapport annuel de notre bureau pour l'année 1921-22, pages A 16-19. Vu qu'aucune décision ne fut prise en la matière, on n'a pas tenu de liste des personnes ainsi employées depuis cette époque et il est impossible à notre bureau de vous fournir la liste demandée.

La nouvelle loi de pension de retraite, qui provoquera probablement une situation semblable, remet la question en actualité. La Commission du Service civil préside à quelques-unes de ces nominations, pendant que d'autres sont de la catégorie exemptée et ne relèvent pas de la Commission. Si le Conseil de la Trésorerie étudie la question et formule une direction pour la gouverne des ministères, y compris la Commission du Service civil et notre bureau, on pourra alors prendre des mesures pour faire toutes les nominations dans le service administratif conformément à vos règlements.

Votre humble serviteur,

GEO. GONTHIER, *A.G.*

Le secrétaire du Conseil de la Trésorerie.

Loi de la pension, 1924. Les périodes d'absence sans traitement peuvent-elles être comptées lorsque ne sont pas payées les retenues en vue de la pension à même les traitements pour ces périodes?

BUREAU DE L'AUDITEUR GÉNÉRAL, le 21 octobre 1924.

MONSIEUR,—Je vous envoie sous ce pli une copie d'une lettre venant du sous-ministre suppléant de la Justice répondant à un certain nombre de questions que je lui ai soumises relativement à l'interprétation de la Loi de la pension du service civil, 1924.

On voit, d'après ces décisions, que diverses classes d'employés peuvent légalement prétendre avoir le droit d'inclure dans la durée de leur service, pour les fins de la pension, les périodes d'absence pendant lesquelles ces employés se sont trouvés en congé sans traitement et pour lesquelles aucune contribution n'a été versée au fonds de la pension. Ces commis ont été absents sans toucher de traitement pendant diverses périodes dépassant plus d'une année dans certains cas, et, comme l'indique la lettre, ces employés peuvent compter la pleine période de leur service, sans tenir compte des absences sans traitement, ni du fait qu'ils n'ont versé aucune contribution pendant ces absences.

Dans une autre catégorie de cas (8) et (9) un employé peut compter en plein tout le service temporaire qu'il a fait antérieurement sans verser les contributions voulues pour cette période de service.

Aux termes de l'ancienne loi de la pension la pratique consistait à déduire les retenues du traitement autorisé de l'employé pour la pleine période de service sans tenir compte des périodes d'absence sans traitement. On considérait cette pratique équitable pour les deux parties, le Gouvernement permettant à l'employé de compter ces périodes d'absence lorsque l'employé payait les retenues à même son traitement autorisé pour ces périodes d'absence. On considérait comme étant une des exigences fondamentales de la loi le fait que l'employé ne pouvait pas compter une période quelconque de service à moins de ne payer les retenues voulues pour cette période. Une difficulté naît maintenant du fait que l'on emploie dans la présente loi les mots "traitement reçu" au lieu du mot "traitement" employé dans les anciennes lois.

Comme c'est au ministre des Finances qu'est confiée l'administration de cette loi, j'attire votre attention sur le fait qu'aux termes de la présente loi les allocations de pensions peuvent être maintenant accordées en se basant sur le service pour lequel aucune contribution n'a été versée. Dans une catégorie de cas, le sous-ministre suppléant de la Justice déclare qu'il considère à propos de modifier la loi dans le but d'exiger le versement des contributions pour un certain service. Je partage cette opinion mais, comme question de justice, je crois que la loi devrait être modifiée de façon à ce que les retenues soient faites dans toutes les classes, soit pour un service antérieur, soit pour un service futur, pour toute période comptée aux fins de la pension.

Je suis, monsieur, votre obéissant serviteur,

GEO. GONTHIER, *A.G.*

Le secrétaire du Conseil de la Trésorerie.

BUREAU DE L'AUDITEUR GÉNÉRAL, 7 octobre 1924.

MONSIEUR,—Je dois demander votre opinion sur l'application des dispositions de la Loi de pension du service civil de 1924 au sujet des questions suivantes:—

(1) Un contributaire au fonds de retraite choisit de devenir contributaire sous l'empire de la nouvelle loi de pension et offre de payer les arriérés pour les périodes de son service temporaire durant lesquelles on n'a pas fait de retenues. Comme il a été absent sans traitement pendant des périodes d'un mois ou environ chaque année, est-ce que ses retenues devraient être calculées sur le plein montant du traitement annuel ou seulement sur le traitement réellement touché?

(2) Dans le dernier cas, peut-on tenir compte des périodes d'absence durant lesquelles aucune retenue n'a été faite en calculant la longueur du service qui déterminera le montant de la pension?

(3) Est-ce qu'un contributaire au fonds de retraite, qui, dans le passé, n'a versé des retenues que sur le traitement réellement touché, bien qu'il fût un fonctionnaire permanent, est obligé, d'après la loi, à contribuer pour ces périodes d'absence? Sinon, peut-on inclure ces périodes en établissant la longueur de son service?

(4) Un contributaire au fonds de retraite a versé dans le passé des sommes retenues sur son traitement annuel, bien que le traitement touché fût inférieur à ce chiffre par suite d'absences sans traitement. Est-ce que ces périodes d'absence peuvent être comprises dans la longueur du service calculée pour établir la quotité de la pension? Sinon, est-ce que les retenues pour les périodes d'absence doivent être remboursées?

(5) Un employé à la saison recevait un traitement mensuel pour la saison de travail, mais aucune retenue n'a été déduite de son traitement, si ce n'est récemment, alors que les conditions de son emploi ont été changées et que son traitement est devenu annuel. Dans le cas où cet employé déciderait de devenir contributaire sous l'empire de la nouvelle loi et de payer les arriérés de retenue sur le traitement qu'il recevait comme employé à la saison, les retenues doivent-elles être calculées sur la base d'un traitement annuel ou sur le montant du traitement reçu? Dans ce dernier cas, la saison doit-elle compter comme une année entière pour le calcul de la pension, ou doit-on compter seulement la période d'emploi rémunéré? S'il décide de ne pas contribuer pour ce temps de service antérieur, de quelle manière ce service doit-il s'appliquer?

(6) Un fonctionnaire permanent travaillant actuellement à l'année et contribuant au fonds de retraite décide de devenir contributaire sous l'empire de la nouvelle loi et de payer les arriérés de retenue sur le traitement qu'il recevait comme employé sessionnel du Parlement, traitement basé sur un taux quotidien pour la période de la session seulement. Dans ce cas, une session peut-elle compter pour une année en calculant l'allocation de retraite, et s'il en est ainsi, les retenues doivent-elles être faites sur le traitement annuel ou sur le traitement reçu?

(7) Au cas où un contributaire, au sens de la nouvelle loi, serait absent, en congé non rémunéré, serait-il permis d'opérer un rabais sur son salaire annuel pour les périodes d'absence et de faire entrer lesdites périodes dans la durée de ses services?

(Cette procédure était suivie d'après l'ancienne loi de pension, il était entendu qu'un fonctionnaire pouvait compter toutes les périodes d'absence autorisée sans ou avec traitement, mais seulement lorsque les retenues avaient été déduites de son traitement pour ces périodes. Bien

que la chose ne fut pas clairement énoncée dans la loi il était reconnu qu'un fonctionnaire ne pouvait pas tenir compte de ces périodes de service à moins que les retenues statutaires n'eussent été déduites par ces périodes. Cela simplifiait en plus l'application de la loi de pension.)

(8) Pour calculer le montant payable en vertu de la loi, peut-on faire entrer en ligne de compte le service antérieur à titre provisoire d'un fonctionnaire nommé à titre permanent avant le 19 juillet dernier?

(9) Si le service à titre provisoire peut être compté en entier, doit-on exiger les retenues basées sur le salaire reçu pendant la période ou les périodes de service à titre provisoire?

(10) Si la réponse à la question 8 est affirmative, le pouvoir qu'il a de faire compter ce service se trouve-t-il atténué par le fait qu'il a été rémunéré pendant la durée de son service temporaire aux taux courants ou à tout autre traitement que le traitement annuel reconnu d'au moins $600?

(11) L'échelle de traitements payés à un garçon de bureau est de $300 à $540. Le titulaire permanent d'une position de ce genre, après le 19 juillet dernier, ayant été subséquemment promu à une position comportant un traitement de $600 ou plus, peut-il être considéré comme ayant le droit, après avoir obtenu ladite promotion, de payer des retenues sur le traitement qu'il a touché à titre de garçon de bureau et compter ses années de service à ce titre pour les fins de pension de retraite?

(12) Les retenues déduites aux termes de la loi de pension peuvent-elles être considérées comme étant des contributions aux termes de la loi de pension de 1924, dans le cas d'un fonctionnaire qui choisit l'application de cette dernière loi?

(13) Un fonctionnaire qui a versé des retenues aux termes de la loi de pension pendant 35 ans choisit l'application des stipulations de la loi de pension 1924 sans payer le déficit qui existe dans ses contributions. Il meurt alors qu'il est encore dans le service laissant simplement une sœur à titre de dépendant. Peut-on payer quoi que ce soit à la sœur dépendante aux termes de l'article 7 (3)?

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adjoint.*

Le sous-ministre adjoint, ministère de la Justice.

MINISTÈRE DE LA JUSTICE, 21 octobre 1924.

MONSIEUR,—Relativement à votre lettre du 7 courant dans laquelle vous soumettiez à notre décision un certain nombre de questions ayant trait à l'interprétation de la Loi de pension du service civil, 1924, j'ai l'honneur de répondre à ces questions comme suit:—

(1) Un contributaire au fonds de retraite choisit de devenir contributaire sous l'empire de la nouvelle loi de pension et offre de payer les arriérés pour les périodes de son service temporaire durant lesquelles on n'a pas fait de retenues. Comme il a été absent sans traitement pendant des périodes d'un mois ou environ chaque année, est-ce que ces retenues devraient être calculées sur le plein montant du traitement annuel ou seulement sur le traitement réellement touché?

Réponse: Les retenues relatives à ce service devront être calculées sur la base du traitement total réellement touché.

(2) Dans le dernier cas, peut-on tenir compte des périodes d'absence durant lesquelles aucune retenue n'a été faite en calculant la longueur du service calculée pour fins de pension?

Réponse: Oui, s'il faisait partie du service pendant ces périodes d'absence.

(3) (*a*) Est-ce qu'un contributaire au fonds de retraite, qui, dans le passé, n'a versé des retenues que sur le traitement réellement touché, bien qu'il fût un fonctionnaire permanent, est obligé d'après la loi à contribuer pour ces périodes d'absence, et (*b*) dans la négative, peut-il comprendre ces périodes en établissant la longueur de son service?

Réponse: Quant à (*a*): Non. Quant à (*b*): Oui.

(4) Un contributaire au fonds de retraite a versé par le passé des sommes retenues sur son traitement annuel bien que le traitement touché fût inférieur à ce chiffre, par suite d'absences sans traitement.

(*a*) Est-ce que ces périodes d'absence peuvent être comprises dans la longueur du service calculée pour fins de pensions?

(*b*) Dans la négative, est-ce que les retenues pour les périodes d'absence devraient être remboursées?

Question (*a*): Réponse comprise ci-dessus.

Question (*b*): Je ne vois aucune raison légale pour le remboursement de ces retenues, et si le contributaire a décidé, à son choix, de devenir un contributaire sous l'empire de la nouvelle loi, le montant accumulé à son crédit dans le fonds de retraite a été transféré, en vertu de l'article 16, au fonds créé par la nouvelle loi, et le contributaire s'est désisté de son droit à tout paiement ou avantage en vertu des dispositions de la Loi de retraite.

(5) Un employé à la saison recevait un traitement mensuel pour la saison de travail, mais aucune retenue n'a été déduite de son traitement, si ce n'est récemment, alors que les conditions de son emploi ont été changées et que son traitement est devenu annuel.

(*a*) Dans le cas où cet employé déciderait de devenir contributaire sous l'empire de la nouvelle loi et de payer les arriérés de retenue sur le traitement qu'il recevait comme employé à la saison, les retenues doivent-elles être calculées sur la base d'un traitement annuel ou sur le montant du traitement reçu?

(*b*) Dans ce dernier cas, la saison doit-elle compter comme une année entière pour le calcul de la pension ou doit-on compter seulement la période d'emploi rémunéré?

(*c*) S'il décide de ne pas contribuer pour ce temps de service antérieur, de quelle manière ce service doit-il s'appliquer?

Question (*a*): Les retenues doivent être calculées sur le montant du traitement reçu.

Question (*b*): Si l'employé à la saison était permanent, alors il doit être considéré comme ayant été continuellement dans le service et chaque saison doit compter comme une année de service, mais autrement, on ne doit compter que la période de l'année durant laquelle il a été employé et a reçu un traitement.

Question (*c*): On doit compter la moitié des périodes mentionnées à la question précédente, suivant le cas.

(6) Un fonctionnaire permanent travaillant actuellement à l'année et contribuant au fonds de retraite décide de devenir contributaire sous l'empire de la nouvelle loi et de payer les arriérés de retenue sur le traitement qu'il recevait comme employé sessionnel du Parlement, traitement basé sur un taux quotidien pour la période de la session seulement. Dans ce cas, une session peut-elle compter pour une année en calculant l'allocation de retraite, et, s'il en est ainsi, les retenues doivent-elles être faites sur le traitement annuel ou sur le traitement reçu?

Réponse: Si l'employé occupait la position de commis parlementaire à titre permanent, je crois que chaque session doit compter pour une année de service pour les fins de pension de retraite, mais les arriérés de retenue ne sauraient être calculés que sur le traitement effectivement reçu. D'autre part, si l'employé n'était qu'un messager parlementaire surnuméraire, seule la période de service réel comptera pour les fins de pension de retraite et les arriérés de retenue, s'il en est, seront calculés sur le montant du traitement versé.

A titre de renseignement sur la question de permanence des commis parlementaires, je vous envoie copie de la lettre de M. Newcombe en date du 6 mars 1922 et adressée à l'honorable président de la Chambre des Communes.

(7) Au cas où un contributaire, au sens de la nouvelle loi, serait absent, en congé non rémunéré, serait-il permis d'opérer un rabais sur son traitement annuel pour les périodes d'absence et de faire entrer les dites périodes dans la durée de ses services?

Réponse: Je crois que d'après l'esprit de la loi on ne peut déduire de retenues que sur le traitement effectivement versé au contributaire, mais, toutefois, on doit tenir compte des périodes d'absence en congé non rémunéré en calculant le chiffre de la pension de retraite.

(8) Pour calculer le montant payable en vertu de la loi, peut-on faire entrer en ligne de compte le service antérieur à titre provisoire d'un fonctionnaire nommé à titre permanent avant le 19 juillet dernier?

Réponse: Oui, on peut tout le compter.

(9) Si le service à titre provisoire peut être compté en entier, doit-on exiger des retenues basées sur le traitement reçu pendant la période ou les périodes de service à titre provisoire?

Réponse: La loi ne contient aucune stipulation exigeant le paiement de retenues de la part de ces employés pour le service temporaire qu'ils ont fait antérieurement; mais, m'en tenant à l'intention de la loi et aux stipulations ayant trait aux autres classes d'employés, je considère qu'il est opportun de faire modifier la loi de manière à exiger le paiement des retenues pour le service temporaire de ces employés.

(10) Si la réponse à la question est affirmative, le pouvoir qu'il a de faire compter ce service se trouve-t-il atténué par le fait qu'il a été rémunéré pendant la durée de son service temporaire aux taux courants ou à tout autre salaire que le traitement annuel reconnu d'au moins $600?

Réponse: Non.

(11) L'échelle de traitements payés à un garçon de bureau est de $300 à $540. Le titulaire permanent d'une position de ce genre, après le 19 juillet dernier, ayant été subséquemment promu à une position comportant un traitement de $600 ou plus, peut-il être considéré comme ayant le droit, après avoir obtenu ladite promotion, de payer des retenues sur un traitement qu'il a touché à titre de garçon de bureau et compter ses années de service à ce titre pour les fins de pension de retraite?

Réponse: Oui.

(12) Les retenues déduites aux termes de la loi de pension peuvent-elles être considérées comme étant des contributions aux termes de la Loi de pension 1924, dans le cas d'un fonctionnaire qui choisit l'application de cette dernière loi?

Réponse: Non.

(13) Un fonctionnaire qui a versé des retenues aux termes de la loi de pension pendant 35 ans choisit l'application des stipulations de la Loi de pension 1924 sans payer le déficit qui existe dans ses contributions. Il meurt alors qu'il est encore dans le service laissant simplement une sœur à titre de dépendant. Peut-on payer quoi que ce soit à la sœur dépendante aux termes de l'article 7 (3)?

Réponse: Non.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

W. STUART EDWARDS, *S.-M. adjoint.*

L'Auditeur général adjoint.

MINISTÈRE DES FINANCES, le 3 décembre 1924.

CHER MONSIEUR,—J'ai l'honneur de vous accuser réception de votre lettre en date du 21 du mois écoulé ayant trait à un projet de modification à la Loi de la pension du service civil, 1924, touchant la question de la contribution pour service antérieur par un employé civil qui devient contributaire aux termes de la partie I de la loi.

Votre dévoué,

J. C. SAUNDERS, *S.M.F.*

L'Auditeur général.

Dates de l'éligibilité aux augmentations statutaires pour les employés dont les positions ont été reclassifiées

BUREAU DE L'AUDITEUR GÉNÉRAL, le 16 avril 1924.

MONSIEUR,—Au cours de l'exercice qui vient de se terminer la Commission du Service civil a autorisé un certain nombre de reclassifications et de promotions qui n'étaient pas reconnues au point de vue du paiement des traitements augmentés parce que le Parlement n'avait voté aucun crédit pour les traitements plus élevés et que le Conseil de la Trésorerie n'a pas autorisé le paiement des augmentations à même le crédit 452.

Il s'en suit que dans ces cas la classification plus élevée a été autorisée pour l'exercice 1923-24 mais que l'augmentation de traitement n'a pas été payée et que, dans l'énumération des traitements de ces employés dans le Rapport annuel, le traitement payé ne correspondra pas avec le traitement autorisé. Pour l'année courante la Commission du Service civil a approuvé une augmentation statutaire, et un traitement correspondant au deuxième degré de l'échelle de traitements a été voté par le Parlement.

J'attire votre attention sur ce qui a été fait dans ces cas parce que nous considérons qu'une des premières exigences à satisfaire en effectuant une promotion ou une reclassification est que le Parlement ait inclus les montants nécessaires dans les estimés budgétaires. Ces montants n'ont pas été inclus pour les classifications plus élevées l'an dernier, mais les employés, bien que n'ayant pas touché une augmentation de traitement dans le temps, en retirent effectivement un bénéfice du fait qu'on leur a accordé une augmentation de traitement du 1er avril 1924, en portant leur traitement à celui du degré supérieur suivant, dans l'échelle de traitements des positions supérieures.

Je vous envoie sous ce pli des copies de quelques-unes des lettres qui ont trait à cette question.

Je suis, monsieur, votre obéissant serviteur,

WM KEARNS, *A.G. adj.*

Le secrétaire du Conseil de la Trésorerie.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 8 mai 1924.

MONSIEUR,—Pour votre information et faire suite à ma lettre du 16 du mois dernier je vous inclus sous pli copie d'un certificat approuvant la promotion de J. Kerr à la position de commis classeur senior à partir du 1er avril 1923, "aux fins de l'augmentation statutaire seulement" transmis tout récemment par la Commission et lequel avait été émis depuis la clôture du dernier exercice.

Bien qu'il semble que l'on se soit conformé aux exigences de la loi en ce qui concerne l'autorisation des certificats couvrant les promotions et les augmentations statutaires, la question se présente de savoir si le Conseil de la Trésorerie, au point de vue du contrôle qu'il doit exercer sur les crédits tels que soumis au Parlement, avait l'intention de permettre une classification plus élevée pour une ou plusieurs années sans les prévisions budgétaires nécessaires dans la loi des subsides, concernant ces positions supérieures et l'augmentation de ces traitements, bien que ces traitements plus élevés n'aient pas été payés au cours de ces années.

Je demeure, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

M. J. C. Saunders,
sous-ministre des Finances
et secrétaire du Conseil de la Trésorerie.

MINISTÈRE DE LA JUSTICE, le 6 octobre 1924.

MONSIEUR,—Relativement à votre lettre du 22 juillet dernier nous soumettant pour obtenir notre décision la question de savoir si les augmentations statutaires sont payables à certains employés dans le service, il semble que les faits relatifs à cette question sont comme suit: Durant l'exercice 1923-24 la Commission approuva la reclassification et la promotion de certains employés dans le service, mais vu que le Parlement n'avait pas voté les crédits nécessaires que comportaient ces changements, le Conseil de la Trésorerie a refusé d'autoriser le paiement d'après ces échelles plus élevées et par conséquent les employés concernés n'ont pas reçu les augmentations de traitement au cours de l'exercice 1923-24. Cependant, pour l'année courante les augmentations statutaires au degré suivant de l'échelle de traitement ont été approuvées par la Commission du Service civil et les fonds nécessaires à cette fin ont été votés par le Parlement. La question soumise est je crois celle de savoir si ces augmentations statutaires sont payables, vu le fait que les crédits requis pour le paiement de ces salaires plus élevés résultant de la reclassification ou de la promotion de ces employés au cours de l'exercice 1923-24 n'ont pas été votés par le Parlement.

Ma décision est comme suit:—

(1) Si la reclassification ou la promotion d'un employé comportait l'établissement d'une nouvelle classe et d'une nouvelle échelle de traitement pour cette classe ou comportait la modification de l'échelle de traitement d'une classe déjà établie, et que les taux proposés impliquaient des crédits plus considérables à voter, alors ces taux ne sauraient devenir en vigueur avant que le Parlement n'ait voté les sommes requises pour faire face à cette dépense plus élevée (article 45B, par. 1 Loi du Service civil) ; et si les sommes requises n'ont été votées qu'à la dernière session du Parlement et pour l'exercice en cours, alors la reclassification et la promotion ne prennent effet que depuis le 1er avril dernier et les augmentations statutaires que comportent les nouvelles échelles de traitement n'ont pu être approuvées qu'après cette date.

(2) Dans le cas des employés qui ont été reclassifiés ou promus dans une classe déjà établie (aucune recommandation n'étant faite pour en modifier les échelles de traitement) conformément aux dispositions de la Loi du Service civil, je suis d'opinion que ces employés ont droit de recevoir leur traitement d'après les échelles plus élevées de la classe à laquelle ils sont promus malgré le fait que les fonds nécessaires pour payer à ces employés les traitements tels qu'augmentés n'ont pas été votés par le Parlement. Il s'en suit que ces employés ont droit de recevoir les augmentations statutaires prévues dans leurs échelles respectives de traitement au cours du présent exercice.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

W. S. EDWARDS, *S.-M. adj. de la J.*

Le secrétaire du Conseil de la Trésorerie.

Allocations pour uniformes des employés de l'Etat

BUREAU DE L'AUDITEUR GÉNÉRAL, 20 novembre 1924.

CHER MONSIEUR,—En examinant les comtpes de dépenses des divers ministères, on constate une grande variété dans les allocations payées pour les uniformes de certains employés de l'Etat.

Par exemple, le ministère des Douanes alloue $75.00 par année pour les uniformes de certains employés. Le ministère de l'Immigration alloue aux employés portant uniforme les deux tiers du coût du costume—habit, casquette et pardessus, jusqu'à un maximum fixe. Certains fonctionnaires du ministère de la Santé, les valets des wagons privés de l'Etat et les facteurs des postes reçoivent tous le coût total de l'uniforme. Pour ces derniers, le ministère achète les matériaux et demande des soumissions pour la confection des uniformes. Dans d'autres ministères, les chauffeurs, les hommes d'ascenseurs, les surveillants, etc., reçoivent le plein prix.

Sans doute, certains employés doivent être tenus de porter l'uniforme lorsqu'ils remplissent leurs fonctions officielles, mais il semble que si le Conseil de la Trésorerie adoptait des règlements uniformes à ce sujet, on obtiendrait des prix moins variée et l'on réaliserait une économie.

Ces règlements pourraient, à mon sens, porter sur les points suivants: —

(1) Quels fonctionnaires ou quelles catégories de fonctionnaires doivent porter uniforme pour remplir leurs fonctions publiques.
(2) Le ministère doit-il fournir les uniformes ou accorder une allocation aux employés pour qu'ils s'en procurent.
(3) Le Gouvernement doit-il payer le prix complet de l'uniforme ou l'employé doit-il fournir une part de ce prix.
(4) Quelles parties du vêtement doivent être considérées comme constituant un "uniforme".

Votre tout dévoué,

GEO. GONTHIER, *A.G.*

Le secrétaire du Conseil de la Trésorerie.

Avance à la Commission du havre de Québec malgré l'arrérage des intérêts sur des prêts antérieurs

BUREAU DE L'AUDITEUR GÉNÉRAL, 23 juin 1924.

MONSIEUR,—J'ai reçu du ministère de la Marine et des Pêcheries une demande relative à l'émission d'un chèque de $112,000 en faveur de la Commission du havre de Québec, représentant la somme autorisée par le décret du C.P. nº 913, en date du 7 juin 1924, comme avance à imputer sur le compte des prêts autorisés par le statut.

En m'informant à votre ministère, j'ai appris que la Commission du havre de Québec avait $2,142,923.24 d'arrérages d'intérêts sur les prêts antérieurs. Je crois devoir signaler cet état de choses au Conseil de la Trésorerie avant d'autoriser le paiement de l'avance demandée.

En vertu de l'article 10 de la loi du Parlement autorisant la constitution d'un bureau de vérification, chapitre 30 des statuts de 1923, le bureau doit faire enquête sur les opérations financières de toute commission ou autre corps public fonctionnant grâce aux crédits prélevés sur le Trésor du Canada ou à l'aide des octrois ou des prêts du dit Trésor, etc.

L'enquête ainsi autorisée aura sans doute lieu prochainement, mais en attendant j'aimerais savoir si le Conseil de la Trésorerie désire que l'avance de $112,000 demandée par le ministère de la Marine et des Pêcheries en vertu du décret 913 du 7 juin 1924 soit payée malgré les arrérages d'intérêts.

Je suis, monsieur, votre obéissant serviteur,

GEO. GONTHIER, *A.G.*

Le secrétaire du Conseil de la Trésorerie.

CONSEIL DE LA TRÉSORERIE, 17 juillet 1924.

CHER MONSIEUR,—Votre communication du 23 dernier concernant une avance de $112,000 à la Commission du havre de Québec a été examinée par le Conseil de la Trésorerie à la réunion tenue le 12 courant.

Le Conseil, en attendant votre enquête sur la question, recommande que l'avance mentionnée dans votre lettre soit effectuée.

Votre tout dévoué,

J. C. SAUNDERS, *Sec. du conseil de la Tr.*

L'Auditeur général.

Crédits séparés et en détail pour les traitements

BUREAU DE L'AUDITEUR GÉNÉRAL, 27 décembre 1924.

CHER MONSIEUR,—L'article 45B (1) de la Loi du Service civil autorise l'établissement de taux de compensation pour les nouvelles classes du service civil lors d'une organisation, et le changement des taux de compensation pour les classes existantes, mais "ces taux ne peuvent s'appliquer à moins que le Parlement n'ait voté le montant requis pour cette augmentation de dépenses".

Les traitements destinés au service d'Ottawa sont votés en détail dans les crédits, dans presque chaque cas sous la rubrique du gouvernement civil, et les diverses positions prévues par la classification dans les divers ministères sont énumérées avec les rétributions attachées à chacune. Donc, toutes les fois qu'il y a un changement ou une addition dans la classification d'un ministère, le bureau de l'Auditeur peut voir si le Parlement a voté le montant nécessaire conformément à la loi.

Mais il y a d'autres parties du service où les traitements ne sont pas donnés en détail, et le montant total du crédit est le seul guide ou la seule limite pour la création de nouvelles classes ou pour le maximum des rétributions pour les classes existantes. Dans la partie désignée sous le nom de service extérieur et comprenant un nombre considérable d'employés, on ne trouve aucun détail dans les crédits. Dans quelques cas, les choses sont encore plus compliquées par suite du fait que "traitements et dépenses contingentes" ou "traitements et dépenses" sont inclus dans le même crédit.

A part cette question des traitements dans le service extérieur, il y a celle des employés dans le service intérieur occupant des positions permanentes dans les ministères à Ottawa et dont les rétributions sont payées sur des crédits généraux, et non pas sur ceux du gouvernement civil. Par exemple, dans le ministère de l'Intérieur, environ les deux tiers du personnel permanent à Ottawa sont rétribués sous la rubrique du gouvernement civil, tandis que l'autre tiers, retirant un montant total de plus de $800,000 par année, est rétribué sur des crédits généraux applicables à tout le Dominion. Il peut donc être créé de nouvelles positions de commis dans le service intérieur de ce ministère, ou les taux autorisés pour les classes existantes peuvent être augmentés, si le crédit destiné au paiement de ces dépenses est un crédit général pour le service extérieur.

Ainsi lorsqu'on vote les traitements en détail comme on le fait pour le gouvernement civil, il n'est pas possible de créer une nouvelle position de commis sans que le Parlement ait voté des crédits spéciaux à cette fin, mais en ce qui concerne les crédits du service extérieur qui comprennent la plus grande partie du service la chose est possible. Il peut se faire que dans le ministère en question, deux commis fassent un travail semblable dans le même bureau à Ottawa, et que le traitement de l'un soit versé à même les crédits du gouvernement civil tandis que celui de l'autre le soit à même un crédit général affecté au service extérieur. On peut créer une position plus élevée pour l'un sans que celle-ci soit l'objet d'un vote, mais on ne le peut pas pour l'autre si cette position n'est pas indiquée dans les crédits du gouvernement civil. S'il n'existe pas de crédit spécial, on peut s'opposer à ce que le fonctionnaire soit payé à même les crédits du gouvernement civil, mais la même objection n'existe pas dans le cas du fonctionnaire payé à même les crédits affectés aux traitements du service extérieur.

A mon avis cet article de la loi requiert une estimation plus détaillée des traitements, autres que ceux du gouvernement civil, afin que l'on puisse déterminer définitivement et exactement, lorsque l'on proposera de tels changements, si le Parlement a voté les crédits nécessaires à cette fin.

Cette question intéresse mon département vu qu'on me présente des bordereaux de paie à vérifier qui comprennent des changements de classification dans l'organisation d'un ministère, comportant des augmentations de traitements pour des classes existant déjà; augmentations qui n'ont pas été comprises dans les crédits du Parlement au sens que le Parlement ne savait pas que les crédits généraux votés pour les traitements et dépenses pourraient servir à des changements de classification comportant des augmentations de traitements.

Bien à vous,

GEO. GONTHIER, *A.G.*

Le sous-ministre des Finances.

Vote No. 48.—Specific Provision required for Grants

AUDITOR GENERAL'S OFFICE, February 11, 1924.

SIR,—By cheque No. 13,360, issued 14th June, 1923, a grant of $5,000 was paid to the Ottawa Winter Fair to be held in January, 1924, the amount having been made a charge to the vote for Live Stock.

Please let me know the authority under which a grant for a specific amount was paid through your Letter of Credit.

I am, sir, your obedient servant,

WM. KEARNS, *for A.G.*

The Deputy Minister, Agriculture Department.

DEPARTMENT OF AGRICULTURE, February 14, 1924.

DEAR SIR,—I have your letter of the 11th instant, in regard to a payment made to the Ottawa Winter Fair, in which you ask under what authority a grant for a specific amount was paid through our Letter of Credit. In this connection I would advise you that grants to fairs are provided for in the Live Stock Vote and it is the regular practice to pay grants of this character from our Letter of Credit, provided that the payment is under $20,000, in which case we apply to your office and the Finance Department for a cash cheque.

Yours very truly,

J. H. GRISDALE, *D.M.*

The Asst. Auditor General.

AUDITOR GENERAL'S OFFICE, February 15, 1924.

DEAR SIR,—Referring to your letter of the 14th instant in which you say that "grants to fairs are provided for in the Live Stock Vote," I beg to point out that according to the Supply Bill of the current fiscal year the only grant specifically provided for under the Live Stock Vote No. 48 is $6,000, to Stock Growers' Protective Association.

I presume if Parliament intended that any further grants were to be made from this Vote they would have been specially mentioned as in the case of the grant to Stock Growers' Protective Association.

Yours very truly,

WM. KEARNS, *for A.G.*

Deputy Minister, Agriculture Department.

DEPARTMENT OF AGRICULTURE, February 18, 1924.

DEAR SIR,—I have your letter of the 15th instant, calling attention to the fact that under Vote 48 a special grant of $6,000 to the Stock Growers' Protective Association is provided, and giving your opinion that, under these circumstances, if Parliament intended that any further grants were to be made from this Vote such grants would also have been specifically mentioned.

In this connection, I would point out that the grant in question was a special one, entirely different from and not covered by any of the policies of the Live Stock Branch, under which grants have been paid to exhibition associations for a number of years. When the estimates for 1923-24 were submitted, therefore, the grant to the Stock Growers' Protective Association was included as a separate item, but this was, however, afterwards consolidated with, and made to form part of, Vote 48 for the Live Stock industry.

Inasmuch as, for many years, grants to exhibition associations have been paid from the Live Stock Vote under a properly regulated and well-established policy, without being specifically mentioned in that Vote, I do not see that the specific mention of the grant to the Stock Growers' Protective Association, which grant is a special one and not falling under our regular policy, could justifiably be used as the basis for the presumption that Parliament would wish exhibition grants also to be specifically mentioned in the Vote.

Yours very truly,

J. H. GRISDALE, *D.M.*

The Auditor General.

Crédit 48.—Vote spécial des vitrois

BUREAU DE L'AUDITEUR GÉNÉRAL, 11 février 1923.

MONSIEUR,—Par chèque n° 13,360, en date du 14 juin 1923, on a payé à l'Exposition d'hiver d'Ottawa, qui devait se tenir en janvier 1924, un octroi de $5,000 que l'on a imputé sur le crédit de l'industrie du bétail.

Veuillez m'indiquer en vertu de quelle autorité vous avez payé un montant spécifique par lettre de crédit.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Au sous-ministre, ministère de l'Agriculture.

MINISTÈRE DE L'AGRICULTURE, 14 février 1924.

CHER MONSIEUR,—J'ai bien reçu votre lettre du 11 courant relative au paiement d'un octroi que l'on a fait à l'Exposition d'hiver d'Ottawa, et dans laquelle vous demandez en vertu de quelle autorité on a payé un octroi pour un montant spécifique par lettre de crédit. A ce sujet, je dois dire que le crédit de l'industrie du bétail couvre les octrois aux expositions et qu'il est de pratique régulière de payer les octrois de ce genre par lettre de crédit, pourvu que le montant n'en dépasse pas $20,000; dans ce cas, nous nous adressons à votre bureau et au ministère des Finances pour obtenir le chèque.

Votre tout dévoué,

J. H. GRISDALE, *S.M.*

A l'Auditeur général adjoint.

BUREAU DE L'AUDITEUR GÉNÉRAL, 15 février 1924.

CHER MONSIEUR,—Relativement à votre lettre du 14 courant, dans laquelle vous dites que "le crédit de l'industrie général couvre les octrois aux expositions", je dois dire que, d'après le bill des subsides de l'exercice actuel, le seul octroi que mentionne le crédit n° 48, celui de l'industrie du bétail, est un montant de $6,000 accordé à l'Association protectrice des éleveurs.

Je suis d'avis que si le Parlement avait eu l'intention d'accorder d'autres octrois, à même ce crédit, on les aurait mentionnés spécifiquement comme on l'a fait dans le cas de l'Association protectrice des éleveurs.

Votre tout dévoué,

WM. KEARNS, *A.G. adj.*

Au sous-ministre de l'Agriculture.

MINISTÈRE DE L'AGRICULTURE, 18 février 1924.

CHER MONSIEUR,—J'ai reçu votre lettre du 15 courant dans laquelle on souligne le fait que le crédit n° 48 accorde un octroi spécial de $6,000 à l'Association protectrice des éleveurs, et vous dites que vous êtes d'avis que, dans ces circonstances, si le Parlement avait eu l'intention d'accorder d'autres octrois à même ce crédit, on aurait également mentionné ces octrois spécifiquement.

A ce sujet, je dois faire remarquer que l'octroi dont il s'agit est un octroi spécial, tout à fait étranger à tout travail de la division de l'industrie du bétail sur lequel on a imputé depuis nombre d'années les octrois aux associations d'expo-

sition. Conséquemment, lorsque l'on a soumis les crédits de l'exercice 1923-24, on a inclus l'octroi à l'Association protectrice des éleveurs comme item séparé; plus tard, cependant, cet octroi fut joint au crédit n° 48 qui est celui de l'industrie du bétail.

Vu que depuis plusieurs années, on a payé les octrois aux associations d'exposition à même le crédit de l'industrie du bétail, selon une pratique régulière et bien établie, sans que ce crédit en fasse spécifiquement mention. je ne vois pas que l'on puisse avec raison prétendre que la mention spécifique de l'octroi à l'Association protectrice des éleveurs, qui est un octroi spécial et en dehors de notre politique régulière, indique que le Parlement désire que les octrois aux expositions soient également mentionnés spécifiquement dans le crédit.

Votre tout dévoué,

J. H. GRISDALE, *S.M.*

A l'Auditeur général.

Proposed Promotion of Customs Officer at a Higher Salary than Maximum of New Class

AUDITOR GENERAL'S OFFICE, March 29, 1924.

SIR, — I am in receipt of a certificate, dated the 24th inst., for the promotion of Mr. H. G. Neelands from the position of Customs Excise Examiner (Limited Service Outport) with a salary of $1,200 to the position of Sub-Collector of Customs and Excise at Osoyoos, B.C. (Limited Service Outport) at a salary of $1,200.

Mr. Neelands was employed in the Customs service for some time prior to the re-classification and at the time of the re-classification was in receipt of a salary of $1,200 a year. The position occupied by him was classified as Customs Excise Examiner (Limited Service Outport) the compensation for which position, according to the re-classification schedule, shall not exceed $900. As, however, he was already in receipt of a salary of $1,200 that rate of pay was continued in accordance with sub-section 4 of section 11 of the Civil Service Amendment Act of 1919. It is now proposed to promote Mr. Neelands to the position of Sub-Collector of Customs and Excise (Limited Service Outport) at his former salary of $1,200, although the range of salary attached to that position is from $180 to $1,020.

Section 45B, subsection 2, of the Civil Service Act enacts that when any appointee is already in the Civil Service, in another position, the rate of compensation upon appointment to the new position either through transfer or promotion shall be the same as that received before such new appointment, provided always that no appointment shall be made at more than the maximum rate prescribed for the class.

I am of the opinion that the provisions of Section 11, subsection 3, of the amendment act of 1919 can be considered as applying only to cases in which without such provision there would be a reduction in salary due to reclassification; it will be noted that this section appears in the act under the head of "Reclassification". Any changes after the reclassification must in my opinion be dealt with under the provisions of the act referring to the compensation on transfer or promotion, that is under section 45B, subsection 2, and that subsection limits the compensation to the maximum of the new class, that is, in the present case to $1,020.

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Secretary, Civil Service Commission.

CIVIL SERVICE COMMISSION, April 4, 1924.

SIR,—I beg to acknowledge receipt of your letter of the 29th ultimo, with reference to the certificate issued by the Civil Service Commission for the promotion of Mr. H. G. Neelands from the position of Customs Excise Examiner, Limited Service Outport, to the position of Sub-Collector of Customs and Excise, Limited Service Outport, at Osoyoos, B.C., at a salary of $1,200 per annum which he has been receiving for some years.

The Commission, when issuing this certificate, was aware of the provisions of sub-section 2 of section 45B of the Civil Service Act 1918, as amended, quoted in your letter and has applied the provisions of this section to all cases of transfer. If applied to the promotion, however, it will have this effect, — that an employee who, under the provisions of sub-section 3 of section 11 has preserved to him a salary higher than the maximum rate of the class in which he has

been placed, must continue indefinitely in a false position and can never be brought, through promotion to a higher class, *nearer* to earning the salary which he receives. A promotion is in its very nature, an advance to a higher position with greater responsibility and no Department would contemplate a promotion of an employee which carried with it greater responsibility and a reduced salary.

In the case of Mr. Neelands, it may be advisable to explain the circumstances which led to the promotion certificate being issued. Mr. Neelands has been employed as Customs Excise Examiner and Acting Sub-Collector at Osoyoos, for some time. He is, however, sixty-five years of age. The importance of Osoyoos as a Highway outport is steadily increasing, the district in which this outport is situated is large, and the duties of an officer there are so varied that it is considered that an alert and experienced officer should be permanently located in that district. The Department has such an officer in the person of Mr. A. Porter, the present Sub-Collector at Myncaster, B.C., which is a comparatively quiet inland outport and it was proposed to effect an exchange of positions between Mr. Porter and Mr. Neelands. For that reason Mr. Neeland's classification was to be changed from Customs Excise Examiner to Sub-Collector of Customs and Excise and the exchange of positions was also authorized, a copy of the approved request for transfer being sent to your office on the 18th March.

If the provisions of sub-section 2 of section 45B are to be strictly enforced, notwithstanding the fact that such action is distinctly detrimental to the interests of the Service, the Department will not put into effect either the promotion of Mr. Neelands, or the exchange of positions between Mr. Neelands and Mr. Porter, in and these officers will remain in their old classifications of Customs Excise Examiner, Limited Service Outport at Osoyoos, B.C., and Sub-Collector of Customs and Excise at Myncaster, respectively.

I am, Sir, your obedient servant,

W. FORAN, *Sec'y.*

WM. KEARNS, Asst. Auditor General of Canada.

AUDITOR GENERAL'S OFFICE, May 5, 1924.

SIR, — I beg to acknowledge receipt of your letter of the 4th inst., in reply to mine of March 29th, with reference to the certificate issued for the promotion of Mr. H. G. Neelands from the position of Customs Excise Examiner, Limited Service Outport, to the position of Sub-Collector of Customs and Excise, Limited Service Outport, at a salary of $1,200 a year. (File No. C-5K-5).

In your reply you appear to admit the truth of my contention that under a strict application of Subsection 2 of Section 45B of the Civil Service Act, the promotion cannot be authorized at a higher rate than the maximum salary attached to the new position, which is $1,020 in the present case. At the same time you state that if the promotion cannot be made without reducing Mr. Neeland's salary the department will not put into effect either the promotion of Mr. Neelands or the proposed transfer of positions between Mr. Neelands and Mr. Porter and that the service would suffer accordingly.

I do not think that I can take into consideration the conditions which you cite in justification of the transfer in question. That transfer may, as you state, be in the public interest, but so far as I am concerned, I must take into account the law as it is.

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Secretary, Civil Service Commission.

CIVIL SERVICE COMMISSION, May 10, 1924.

SIR, — Referring to my letter of the 4th ultimo and your reply of the 5th instant in regard to the case of Mr. H. G. Neelands, the Department of Customs and Excise, I am now directed to inform you that the Commissioner of Customs and Excise has exercised his right of rejection under the provisions of Section 13 of the Civil Service Act 1918 as amended, and has decided not to carry into effect the promotion of Mr. Neelands to the position of Sub-Collector of Customs and Excise (Limited Service Outport) at Osoyoos, B.C. The Civil Service Commission has also cancelled its approval of the transfer of Mr. Neelands from Osoyoos to Myncaster and of Mr. A. Porter from Myncaster to Osoyoos, B.C.

I am, Sir, your obedient servant,

W. FORAN, *Sec'y.*

The Assistant Auditor General.

Customs Revenue: Arrears Due by Collecting Officers

AUDITOR GENERAL'S OFFICE, August 7, 1924.

SIR, — A statement was rendered a short time ago by your accountant's office to this office of the arrears due by collecting officers as on March 31st, 1924. The particulars of these arrears, which amounted to $74,894.29, were later on obtained from your accountant.

An examination of these arrears, which are mainly for defalcations, burglaries and fire losses, shows that a considerable number of them are of long standing, some dating back to 1874. I am of opinion that a statement showing how these arrears occurred, together with such other particulars as may be necessary, should be submitted to the Treasury Board for such action as may be considered necessary.

Among the arrears, I find the following arising out of the failure of the Home Bank in August 1923: —

Port of Montreal.....	$	16,774 90
Port of Toronto.....		4,875 89
Port of Windsor, Ont.....		4,002 61

I should like a full explanation of the circumstances leading up to these amounts shown as arrears. Has any legal opinion been obtained by you with regard to the status of your department as a creditor of the bank?

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Commissioner of Customs and Excise.

DEPARTMENT OF CUSTOMS AND EXCISE, October 20, 1924.

SIR, — Referring to your letter of the 7th August last, having reference to arrears due by collecting Officers of this Department up to 31st March, 1924;

It is noted that you are of the opinion that a statement showing origin of these arrears, with other particulars, should be submitted to the Treasury Board for such action as they may consider necessary. In this connection I may state that this Department is very anxious that such arrears of long standing should be wiped off, in view of the fact that many of them are of a nature respecting which there is no likelihood of the amounts being recovered. With a view to accomplishing this, an effort was made during the fiscal year 1908-09, — *vide*

letter addressed to the Auditor General by the Commissioner, dated July 7th, 1908, — to have these written off by order of the Public Accounts Committee, but without success. If there is any probability that Treasury Board will take action, which will produce the effect desired, this Department will gladly make such a submission.

With regard to the items referred to in the last paragraph of your letter, being those arising out of failure of the Home Bank, affecting the Ports of Montreal, Toronto, and Windsor, Ont., I would state that these cover cheques on the Home Bank, which were tendered to and accepted by our Collectors at these ports in payment of Revenue, and having been deposited on the date the Home Bank closed its doors, were charged back to the Department by other banks concerned, when the said Home Bank cheques were protested.

Claims therefor have been filed with the liquidators, with the request that they be dealt with as preferred claims.

I have the honour to be, Sir, your obedient servant,

R. R. FARROW, *Commr.*

The Assistant Auditor General.

Customs Revenue: Surplus Collections retained at Customs Port

AUDITOR GENERAL'S OFFICE, May 2, 1924.

SIR, — In the course of a trip of inspection of various government offices in Western Canada made last summer by Mr. J. W. Reid of this office, he made a brief visit to the Customs Office at Vancouver.

When there he was informed that an amount of $62, which had been on hand for some years and which was the accumulation of amounts received in excess by the cashier was distributed among the various cashiers to enable them to make change. This surplus should not have been retained at the port, but should have been remitted to the Customs Department as Casual Revenue. Any amount that may be required to provide the cashiers with the means of making change should be advanced to them, out of the collector's contingent account, at the beginning of each fiscal year and be refunded by them at the close of the year in order to close the account.

A somewhat similar case occurred at the Port of Montreal, where an amount of $46.20 was found in 1922 to have been retained at the port for a number of years; in this instance the amount was deposited to the credit of Casual Revenue on your attention being drawn thereto. As it is quite possible that small amounts may be retained under similar circumstances at other Customs ports, I think it would be advisable to instruct your inspectors to make special enquiries at the various ports with the view of ascertaining whether any such moneys are being similarly retained.

I am, sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Commissioner of Customs and Excise.

DEPARTMENT OF CUSTOMS AND EXCISE, May 14, 1924.

SIR, — I have to acknowledge receipt of your letter of the 2nd instant drawing attention to an amount of $62.00, which is reported by Mr. J. W. Reid of your office as having been found on hand at the Port of Vancouver, in the course of an audit of accounts made by him at that port last summer.

This is the first intimation that such an amount stands unaccounted for at that port and instructions have been issued to have the amount remitted to the Department.

It has always been the practice of this Department to have amounts required by cashiers in making change, drawn from the accountable advance for contingencies in the Collector's hands.

Departmental instructions require that our Inspectors, when examining the business at all ports, shall report any amount of this nature, in order that it may be promptly accounted for.

I have the honour to be, Sir, your obedient servant,

R. R. FARROW, *Commr.*

The Assistant Auditor General.

Refunds of Excise Tax: Claim of Canada Malting Company

AUDITOR GENERAL'S OFFICE, February 28, 1924.

SIR; — I am in receipt of your application of January 16th for the issue of a cheque in favour of the Canada Malting Company, Limited, for the amount of $40,435.86, in payment of their claim No. 7700, for refund of Excise Tax claimed to be overpaid on malt, ex-warehouse, between May 10th, 1921 and January 25th, 1923.

From the claim papers which accompanied your application it appears that between these dates malt was purchased by the National Breweries, Limited and by Molson's Brewery, Limited, from the Canada Malting Company, Limited, the price quoted being the price in bond. When the malt was released from bond the excise duty of 3 cents per pound and the sales tax on the excise duty were paid by the *Canada Malting Company*. The Brewing Companies were separately billed by the Malting Company with (1) the price of the malt in bond plus the sales tax thereon, and (2) the Excise duty on the malt plus the sales tax on that duty. The claim for a refund of the sales tax on the Excise duty is stated to be based on a ruling of the Customs Department that this sales tax does not apply after May 10th, 1921.

The ruling referred to appears to be the following as given in your Circular No. 94-C, dated June 21st, 1921: —

"*Spirits.*—Sales tax upon spirits sold duty-paid, is applicable on the invoice "price including the duty. If domestic spirits are sold in bond, the tax will be "applicable on the invoice price, no tax being collectible on the entry when the "spirits are ex-warehoused for duty."

It appears to me that three questions arise in connection with this claim which must be satisfactorily answered before I can pass this claim.

The first question is whether the term "spirits", used in the above ruling, can be interpreted to include "malt". I find the term "malt" to be specially defined in the Inland Revenue Act, and its definition is quite distinct from that of spirits.

The second question is, does not the fact that the Canada Malting Company paid the excise duty virtually constitute the sale as one made on a duty-paid basis, instead of one made in bond. It is claimed that the Malting Company was acting merely as agents for the Brewing Companies in paying the excise duty; was such agency recognized at the time by your Department, and did your collecting officer when collecting the duty consider that he was dealing with the Canada Malting Co., or with the Brewing Companies, through their duly accredited agents?

The third question is, if the Canada Malting Company was only acting as agents for the Brewing Companies in paying the excise duty and the sales tax on that duty, why is not the claim made out on behalf of the Brewing Companies, instead of on behalf of the Malting Company?

An early consideration of these three question is requested.

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Commissioner of Customs and Excise.

DEPARTMENT OF CUSTOMS AND EXCISE, April 4, 1924.

SIR, — I acknowledge receipt of your letter of the 28th February last, with reference to an application for refund, submitted by the Canada Malting Company, Limited, for the amount of $40,435.86, overpaid on malt sold to the National Breweries, Limited, and Molson's Brewery, Limited, on an in-bond basis.

Circular No. 94C, referred to in your communication, was issued by this Department for the guidance of Customs and Excise Officers, as an explanation of the tax on excisable goods, and the law applies to malt in the same manner as to spirits.

After investigation by the Department, it was satisfied that the Canada Malting Company, Limited, paid the excise duty as a matter of convenience only, in view of the fact that their employees were more often at the Customs House than the employees of the breweries, and as a matter of convenience, it was, therefore, arranged that the Canada Malting Company pay the excise duty on behalf of the brewing companies. The invoice for the excise duty was rendered weekly, and was paid to the Montreal Office of the Canada Malting Company. The malt itself was invoiced only at the end of each month, settlements being made to the head office of the Canada Malting Company at Toronto, at the price according to contract.

This matter was considered by the Board of Customs, where it was recognized that the Canada Malting Company was acting as the agent for the breweries.

As respects the third question of your communication, I may state that the sales tax was paid to the Crown by the Canada Malting Company, Limited, and not by the breweries, and, therefore, the claim is required to be submitted in their name.

I have the honour to be, Sir, your obedient servant,

R. R. FARROW, *Commr.*

The Assistant Auditor General.

Drawbacks of Customs Duties: Claim of Harris Abattoir Company

AUDITOR GENERAL'S OFFICE, February 28, 1924.

SIR, — I am in receipt of your application of the 1st inst., for the issue of a cheque in favour of The Harris Abattoir Company Limited, for the amount of $27,109.21, in payment of their claim No. D-43283 for Drawback of Duty and Sales Tax on imported green pork sides and hams.

The products covered by this claim appear to be divided into four groups as follows: —

(1) Scalded Wiltshires (Long cut hams and Cumberland cuts).
(2) American Short Cut Hams.
(3) American Wiltshires.
(4) Lard.

In the case of the Scalded Wiltshires, the imports on which the drawback is claimed are given as 2,345 hams and 2,838 Cumberland cuts having a combined weight of 120,878 pounds; the exports are given as the same number of hams and Cumberland cuts having a combined weight of 115,676 pounds; the fat, in this lot, is given in the by-products as 4,979 pounds. The ratio of the combined exports and by-products to the imports is —

$$\frac{120,655}{120,878} = 0.99815$$

In the case of the American Hams, the imports on which the drawback is claimed are given as 6,812 pieces with a combined weight of 88,000 pounds; the exports are given as 6,887 pieces with a combined weight of 91,496 pounds. The ratio of the exports to the imports in this case is

$$\frac{91,496}{88,000} = 1.0396$$

In the case of the American Wiltshires, the imports on which the drawback is claimed are given as 12,536 pieces with a combined weight of 668,366 pounds; the exports are given as 12,534 pieces with a combined weight of 676,765 pounds; the by-products are shown as 1,761 pounds. The ratio of the combined exports and by-products to the imports is

$$\frac{678,526}{668,366} = 1.0152$$

In the case of the lard, the imports were 55,665 pounds and the exports 55,000; the ratio of exports to imports being

$$\frac{55,665}{55,000} = 0.988$$

In this case, the shrinkage is stated by the investigating officer as being due to the refining process.

The investigating officer states that the difference between the weight of the green meats, as imported, as compared with the weight of the cured meats as exported, plus by-products, is caused by the absorption of moisture in the brine while curing. I find it difficult to reconcile this statement with the results given above, as in the case of the Scalded Wiltshires there appears to have been a shrinkage of 0.185 per cent, in the case of the American Hams an increase of 3.96 per cent and in the case of the American Wiltshires an increase of 1.52 per cent.

I understand that all the green pork imported is not exported after curing, but that a portion of it is consumed in Canada. If such is the case, and if the pork intended for exportation is not kept separate throughout the whole process from that intended for home consumption, it must be impossible to say that a particular piece that has been imported has been actually exported. As the drawback claimed is based on the weight of the imported material, and as the weights of the separate pieces imported are not uniform, it might be possible for the packing company in preparing its claim to select the heavier pieces imported on which to base its claim, irrespective of the weight of the several pieces exported.

It seems to me that the weight after curing must bear to the weight before curing a ratio that is practically constant. If such constant ratio were established, would it not be more equitable, both to the government and to the packing companies, to determine the weight of the raw material used by taking

the weight of the exported product as the basis, and to arrive at the weight of the raw material by applying that ratio thereto.

I should also like an explanation of the difference of 75 pieces between the number of American hams imported and the number exported.

I am, Sir, your obedient servant,

WM. KEARNS, *Asst. A.G.*

The Commissioner of Customs and Excise.

DEPARTMENT OF CUSTOMS AND EXCISE, March 26, 1924.

SIR, — I beg to acknowledge receipt of your letter of the 28th ultimo raising a question in connection with green pork sides and hams included in drawback claim D-43283 of the Harris Abattoir Company, Limited, amounting to $27,109.21.

You are advised that the claim was again submitted for investigation, and I enclose it herewith with a further report of the investigating officer.

I have the honour to be, Sir, your obedient servant,

G. W. TAYLOR, *Act. Commr.*

The Assistant Auditor General.

DEPARTMENT OF CUSTOMS AND EXCISE, TORONTO, March 18, 1924.

SIR, — I beg to acknowledge receipt of your letter of 14th inst., enclosing the above noted claim and Departmental letter No 685430, File 112788, from the Assistant Auditor General, in which he asks for certain information in connection with said claim.

I am returning the above noted claim herewith, with a further report from the Investigating Officer; also Departmental letter No. 685430, File 112788.

I have the honour to be, Sir, your obedient servant,

W. G. PAUL, *Special Inspector.*

J. M. PEAKER, Department of Customs and Excise, Ottawa.

DEPARTMENT OF CUSTOMS AND EXCISE, TORONTO, March 18, 1924.

SIR, — Claim D-43283, Harris Abattoir Co., Ltd., — As directed by you, I have visited the above claimant with a view to ascertain further information respecting the above numbered drawback claim, as requested by the Assistant Auditor General, as per Departmental letter No. 685430, File 112788.

Scalded Wiltshires

(Cut up into long cut Hams and Cumberland cuts)

Green Sides used.

120,878	pounds	as per invoice.
1,786	"	shrinkage in transit.
119,092	"	green pork sides *net*.

Long Cut Hams produced and exported.....	31,674	pounds.
Cumberland Cuts produced and exported..	84,002	"
By-products produced (sold in Canada)....	4,979	"
	120,655	"

The ratio of the combined exports and by-products to the imports is, —

$$\frac{120{,}655}{119{,}092}=1.013$$

In the case of American Short Cut Hams and American Wiltshires, the gain in weight appears to be normal; also in the case of refined lard the evaporation caused by the refining process runs from $\frac{1}{2}$ of 1 per cent to $1\frac{3}{4}$ per cent.

The amount of green pork imported and sold in Canada by this company is almost negligible. Outside of trimmings and fat (known as by-products), practically none of the product is consumed in Canada.

The imported meats are cured and are kept absolutely separate from Canadian meats, in claimant's plant.

In respect to establishing a constant ratio to determine the weight of raw materials used by taking the weight of the exported product as the basis and to arrive at the weight of the raw material by applying that ratio thereto, — in the opinion of the claimant the suggestion is impracticable and I concur therein.

Product comes out of cure according to a time schedule. If shipping conditions are such that it can be packed and loaded for export at once, it is done. However, it frequently happens that the goods are not packed at once but are allowed to drain for a period of time before packing. In such case, a less gain in cure is shown depending on the length of time left before packing.

In the case of American Hams, where a difference of 75 pieces is shown exported in excess of the number of pieces imported, according to the figures on hand at the works of the claimant, I find as follows: —

Import Car Number	Pieces Invoiced	Pieces Received	Pieces Exported
			2,484
82571	2,660	2,661	1,360
1103	2,072	2,082	1,601
143848	1,939	1,939	422
17728	141	141	1,020
	6,812	6,823	6,887

The only explanation that can be offered for this is that the pieces are counted by labourers (usually foreigners) who handle the product.

The weighing is all done by experienced scalers and it is upon weights that the values are calculated.

I have the honour to be, Sir, your obedient servant,

A. O. KENNY, *Investigator of D.B. Claims.*

W. G. PAUL, Act. Chief and General Inspector of Customs and Excise, Toronto.

Promotion projetée d'un agent de douanes à un traitement plus élevé que le maximum de la nouvelle classe.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 29 mars 1924.

MONSIEUR,—Je reçois un certificat portant la date du 24 du mois courant relativement à la promotion de M. H. G. Neelands de la position d'examinateur de douanes et d'accise (service limité d'avant-port) avec traitement de $1,200, à la position de sous-percepteur des douanes et de l'accise à Osoyoos, C.-B. (service limité d'avant-port) avec traitement de $1,200.

M. Neelands a été employé dans le service de la douane pendant un certain temps avant la reclassification et touchait, lors de la reclassification un traitement de $1,200 par année. La position qu'il occupait a été classifiée comme étant celle d'examinateur de douanes et d'accise (service limité d'avant-port) et les taux de rétribution que comporte cette position d'après l'échelle de la reclassification ne doivent pas dépasser $900. Toutefois, comme ce fonctionnaire touchait déjà un traitement de $1,200, on a continué de lui payer le même montant conformément au paragraphe 4 de l'article 11 de la loi modifiant la Loi du Service civil, 1919. On se propose maintenant de promouvoir M. Neelands à la position de sous-percepteur des douanes et de l'accise (service limité d'avant-port) en lui payant le même traitement de $1,200, bien que le taux de rétribution que comporte cette position soit de $180 à $1,020.

L'article 45B, paragraphe 2 de la Loi du Service civil stipule que lorsque celui qui a été nommé est déjà titulaire d'un autre emploi dans le service civil, le taux de rétribution, lors de la nomination au nouvel emploi, soit par mutation ou promotion, doit être le même que celui reçu avant cette nouvelle nomination, pourvu toujours qu'aucune nomination ne soit faite à un taux de rétribution plus élevé que le taux maximum prescrit pour cette classe.

Je suis d'avis que les dispositions de l'article 11, paragraphe 3, de la loi modificatrice de 1919, peuvent être considérées comme s'appliquant seulement aux cas où, si cette stipulation n'existait pas, les traitements se trouveraient réduits du fait de la reclassification: on remarquera que cet article apparaît dans la loi sous la rubrique "reclassification". Tous les remaniements faits après la reclassification doivent, à mon avis, être faits conformément aux dispositions de la loi ayant trait aux traitements qui suivent le transfert ou la promotion, c'est-à-dire conformément aux stipulations de l'article 45B, paragraphe 2, et ce paragraphe limite le traitement au maximum de la nouvelle classe, c'est-à-dire, dans le cas présent, à $1,020.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Au Secrétaire, Commission du Service civil.

COMMISSION DU SERVICE CIVIL, le 4 avril 1924.

MONSIEUR,—J'ai l'honneur de vous accuser réception de votre lettre du 29 du mois écoulé ayant trait à certains certificats émis par la Commission du Service civil en vue de la promotion de M. H. G. Neelands de la position d'examinateur des douanes et de l'accise, service limité d'avant-port, à la position de sous-percepteur des douanes et de l'accise, (service limité d'avant-port), à Osoyoos, C.-B., avec traitement de $1,200 par année, montant que touche ce monsieur depuis quelques années.

Lorsqu'elle a émis ce certificat la Commission était au courant des dispositions du paragraphe 2 de l'article 45B de la Loi modifiée du Service civil de 1918 que vous citez dans votre lettre et elle a appliqué les dispositions de cet article

à tous les cas de transfert. Si ces dispositions, cependant, sont appliquées à la promotion, il s'en suivra qu'un employé qui, aux termes des dispositions du paragraphe 3 de l'article 11, a continué de toucher un traitement plus élevé que le taux maximum de la classe dans laquelle il a été nommé, devra continuer à demeurer indéfiniment dans une fausse position et ne pourra jamais atteindre, grâce à la promotion à une classe plus élevée, une position dont le traitement se rapproche d'avantage de celui qu'il reçoit. Une promotion, de par sa nature même, est le passage à une position supérieure comportant une plus grande responsabilité et aucun ministère n'entreprendrait de promouvoir un fonctionnaire à une position qui comporterait une plus grande responsabilité et un traitement réduit.

Dans le cas de M. Neelands il sera peut-être à propos de vous expliquer les circonstances qui ont amené l'émission du certificat de promotion. M. Neelands a été employé à titre d'examinateur des douanes et de l'accise et de sous-percepteur suppléant à Osoycos depuis un certain temps. Il est, cependant, âgé de soixante-cinq ans. Comme avant-port de grande route Osoyoos prend une importance de plus en plus grande, le district où cet avant-port se trouve situé est vaste et les devoirs de l'agent à ce poste sont tellement variés que l'on considère qu'il faudrait nommer en permanence dans ce district un agent actif et expérimenté. Le ministère possède cet agent dans la personne de M. A. Porter actuellement sous-percepteur à Myncaster, C.-B., avant-port relativement de peu d'importance à l'intérieur des terres et l'on avait l'intention de faire une permutation de positions entre M. Porter et M. Neelands. Pour cette raison il fallait porter la position de M. Neelands d'examinateur des douanes et de l'accise à celle de sous-percepteur des douanes et de l'accise et la permutation a été aussi approuvée, copie de la demande approuvée ayant été envoyée à votre bureau le 18 mars.

Si les dispositions du paragraphe 2 de l'article 45B doivent être rigoureusement suivies nonobstant le fait qu'une telle action serait gravement préjudiciable aux intérêts du service, le ministère ne donnera pas suite au projet de promotion de M. Neelands ni à la permutation entre M. Neelands et M. Porter, et ces fonctionnaires conserveront les mêmes titres que leur donnait l'ancienne classification d'examinateur des douanes et de l'accise, service limité d'avant-port à Osoyoos, C.-B., et de sous-percepteur des douanes et de l'accise à Myncaster.

Je suis, monsieur, votre obéissant serviteur,

W. FORAN, *secrétaire.*

WM. KEARNS, Auditeur général adjoint du Canada.

BUREAU DE L'AUDITEUR GÉNÉRAL, le 5 mai 1924.

MONSIEUR,—J'ai l'honneur de vous accuser réception de votre lettre en date du 4 du mois courant, en réponse à ma lettre du 29 mars, ayant trait au certificat émis en vue de la promotion de M. H. G. Neelands de la position d'examinateur des douanes et de l'accise, (service limité d'avant-port) à celle de sous-percepteur des douanes et de l'accise (service limité d'avant-port) avec traitement de $1,200 par année. (Dossier n° C-5K-5.)

Vous semblez admettre dans votre réponse la justesse de mon avancé qu'en vertu de l'application rigoureuse du paragraphe de l'article 45B de la Loi du Service civil la promotion ne peut pas être autorisée lorsqu'elle comporte un salaire plus élevé que le maximum du traitement attaché à la nouvelle position, ce maximum étant dans le cas présent de $1,020. Vous déclarez en même temps que si la promotion ne peut pas être faite sans réduire le traitement de M.

Neelands le ministère ne donnera pas suite à son projet de promouvoir M. Neelands ou de faire une permutation de positions entre M. Neelands et M. Porter et que le service devra en souffrir.

Je ne crois pas pouvoir prendre en considération les circonstances que vous exposez pour appuyer le transfert dans ce cas. Il se peut que ce transfert soit, comme vous le déclarez, dans l'intérêt public, mais pour autant qu'il s'agisse de ma ligne de conduite, je dois m'en tenir à la lettre de la loi.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Au Secrétaire de la Commission du Service civil.

COMMISSION DU SERVICE CIVIL, le 10 mai 1924.

MONSIEUR, — A propos de ma lettre du 4 du mois écoulé et de votre réponse du 5 du mois courant ayant trait au cas de M. H. G. Neelands, et du ministère des Douanes et de l'Accise, on m'a prié de vous informer que le commissaire des Douanes et de l'Accise s'est prévalu de son droit de désapprouver le projet aux termes des dispositions de l'article 13 de la Loi du Service civil modifiée de 1918, et a décidé de ne pas donner suite au projet de promotion de M. Neelands à la position de sous-percepteur des douanes et de l'accise (service limité d'avant-port) à Osoyoos, C.-B. La Commission a aussi annulé son approbation du transfert de M. Neelands d'Osoyoos à Myncaster et de M. A. Porter de Myncaster à Osoyoos, C.-B.

Je suis, monsieur, votre obéissant serviteur,

WM. FORAN, *Secrétaire.*

L'Auditeur général adjoint.

Revenu des douanes: Arrérages dus par des percepteurs

BUREAU DE L'AUDITEUR GÉNÉRAL, 7 août 1924.

MONSIEUR, — Le bureau de votre comptable nous a transmis il y a quelque temps un état des arrérages dus par des percepteurs au 31 mars 1924. Plus tard nous avons obtenu de votre comptable les détails de ces arrérages qui se chiffrent à $74,894.29.

Un examen de ces arrérages, qui consistent surtout en défalcations, vols et pertes par incendie, démontre qu'un grand nombre de ceux-ci existent depuis fort longtemps, certains remontent jusqu'à 1874. Je suis d'avis que l'on devrait soumettre un état indiquant l'origine de ces arrérages et autres détails importants au Conseil du Trésor afin qu'il prenne les mesures jugées nécessaires.

Au nombre de ces arrérages je constate les suivants attribués à la faillite de la Home Bank au mois d'août 1923:

Port de Montréal	$ 16,774 90
Port de Toronto	4,875 89
Port de Windsor, Ont	4,002 61

Seriez-vous assez bon de m'expliquer les circonstances entourant ces cas. Avez-vous obtenu l'avis de légistes concernant le *status* de votre département comme créancier de la banque?

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Le commissaire des Douanes et de l'Accise.

MINISTÈRE DES DOUANES ET DE L'ACCISE, 20 octobre 1924.

MONSIEUR, — Relativement à votre lettre du 7 août, au sujet des arrérages dus par des percepteurs de ce département, à la date du 31 mars 1924.

Nous constatons que, à votre avis, l'on devrait soumettre un état indiquant l'origine de ces arrérages, avec certains autres détails au Conseil du Trésor afin qu'il prenne les mesures jugées nécessaires. A ce sujet je vous ferai remarquer que ce département désire vivement biffer ces vieux arrérages, vu que bon nombre de ceux-ci sont tels qu'il y a peu d'espoir qu'on puisse les recouvrer. On a fait un effort dans ce sens au cours de l'exercice 1908-09, — voir la lettre adressée à l'Auditeur général par le commissaire, le 7 juillet 1908, — afin de les faire biffer par le comité des Comptes publics, mais sans succès. S'il y a probabilité que le Conseil du Trésor prenne des mesures, qui produiront les effets désirés, ce département sera heureux de lui soumettre ces cas.

En ce qui concerne les item mentionnés dans le dernier paragraphe de votre lettre, c'est-à-dire ceux occasionnés par la faillite de la Home Bank et qui se rapportent aux ports de Montréal, Toronto et Windsor, Ont., je vous ferai remarquer qu'il s'agit de chèques tirés sur la Home Bank, qui ont été présentés à nos percepteurs à ces ports comme droits et acceptés par eux; et comme ils ont été déposés le jour de la fermeture de cette banque, ils ont été imputés au compte de notre département par les banques intéressées, lorsque les chèques de ladite Home Bank ont été protestés. Nous avons présenté des réclamations aux liquidateurs à ce sujet, et nous avons demandé qu'on les traite comme des créances privilégiées.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

R. R. FARROW, *Com.*

L'Auditeur général adjoint.

Revenu des Douanes: Excédent de perception retenu aux ports de douanes

BUREAU DE L'AUDITEUR GÉNÉRAL, 2 mai 1924.

MONSIEUR, — Au cours d'une inspection des divers bureaux du gouvernement dans l'Ouest canadien faite l'été dernier par M. J. W. Reid, de ce bureau, ce dernier fit une courte visite au bureau de la douane à Vancouver.

A ce dernier endroit on lui apprit qu'une somme de $62, dont on disposait depuis plusieurs années et qui représentait l'accumulation de surplus perçus par le caissier, était répartie entre les divers caissiers pour leur permettre de faire la monnaie. On n'aurait pas dû garder ce surplus au port, mais le remettre au département des Douanes comme revenu casuel. Toute somme requise pour permettre aux caissiers de faire la monnaie devrait leur être avancée par le percepteur à même le fonds du contingent, au commencement de chaque exercice et retournée par eux à la fin de l'année afin de balancer le compte.

On a découvert un cas quelque peu semblable à Montréal en 1922; on y gardait une somme de $46.20 depuis bon nombre d'années, mais on la déposa au compte du revenu casuel du département lorsqu'on attira leur attention à cela. Il peut se faire que l'on retienne de petits montants de ce genre à d'autres ports douaniers, je crois qu'il serait bon d'avertir vos inspecteurs de s'enquérir aux divers ports afin de savoir si on y retient de telles sommes d'argent.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Le commissaire des Douanes et de l'Accise.

MINISTÈRE DES DOUANES ET DE L'ACCISE, 14 mai 1924.

MONSIEUR, — J'accuse réception de votre lettre du 2 courant au sujet d'un montant de $62.00, que M. J. W. Reid, de votre bureau, rapporte avoir trouvé au port de Vancouver, au cours d'une vérification des comptes qu'il fit à cet endroit l'été dernier.

Nous ne savions pas qu'on y gardait un tel montant non rapporté et nous avons demandé qu'on le remette au département.

Ce département a toujours demandé que les sommes requises par les caissiers pour faire la monnaie soient tirées sur les avances faites au percepteur pour les dépenses imprévues.

Les instructions du département stipulent que nos inspecteurs, lorsqu'ils visitent les ports, doivent faire rapport de tout montant de cette nature, afin que les intéressés en rendent compte promptement.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

R. R. FARROW, *Com.*
L'Auditeur général adjoint.

Remboursements de droits d'accise: Réclamation de la Canada Malting Company

BUREAU DE L'AUDITEUR GÉNÉRAL, 28 février 1924.

MONSIEUR, — J'accuse réception de votre requête du 16 janvier demandant l'émission d'un chèque en faveur de la *Canada Malting Company*, au montant de $40,435.86, comme paiement de leur réclamation n° 7700, pour le remboursement de droits d'accise que l'on prétend avoir été surpayés sur le malt, à la sortie de l'entrepôt, du 10 mai 1921 au 25 janvier 1923.

D'après les documents qui accompagnaient votre lettre il appert qu'au cours de cette période la *National Breweries, Limited* et la *Molson's Breweries, Limited* ont acheté du malt de la *Canada Malting Company Limited;* le prix coté étant le prix en entrepôt. Lorsqu'on retira le malt de l'entrepôt, la *Canada Malting Company* paya les droits d'accise à raison de 3 cents la livre et la taxe de vente sur les droits d'accise. La *Malting Company* fit parvenir des comptes séparés à ces brasseries comprenant (1) le prix du malt en entrepôt plus la taxe de vente, et (2) les droits d'accise sur le malt plus les taxes de vente sur ces droits. La demande du remboursement de cette taxe de vente sur les droits d'accise est basée, dit-on, sur un règlement du ministère des Douanes à l'effet que cette taxe ne devait pas s'appliquer après le 10 mai 1921.

Le règlement en question semble être celui qui est donné dans votre circulaire n° 94-C, du 21 janvier 1921:

" *Spiritueux.* — La taxe de vente sur les spiritueux vendus à l'acquitté, " s'applique au prix facturé y compris les droits. Si on vend des spiritueux do- "mestiques en entrepôt, la taxe s'applique au prix facturé, et n'est pas percevable " sur la déclaration lorsqu'on sort les spiritueux de l'entrepôt pour le paiement " des droits ".

Il me semble que cette réclamation soulève trois points qui demandent une réponse satisfaisante avant que je puisse y faire droit.

D'abord il s'agit de décider si l'expression " spiritueux ", employée dans le règlement susmentionné, peut s'interpréter de manière à comprendre le " malt ". Je trouve une définition très précise de l'expression " malt " dans la loi du Revenu de l'Intérieur, et sa définition est tout à fait différente de celle des spiritueux.

En second lieu est-ce que la *Canada Malting Company* en payant les droits d'accise n'effectuait pas virtuellement une vente faite à l'acquitté, plutôt qu'une vente en entrepôt. On prétend que la *Malting Company* ne faisait que remplir la fonction d'agent des brasseries en payant les droits d'accise; ce fait a-t-il alors été reconnu par votre département, et votre percepteur en recevant le paiement des droits croyait-il avoir affaire à la *Canada Malting Company,* ou avec les brasseries par l'entremise de leurs agents dûment accrédités?

En troisème lieu si la *Canada Malting Company* n'agissait que comme l'agent des brasseries en payant les droits d'accise et la taxe de vente sur ces droits, pourquoi n'a-t-on pas fait cette réclamation au nom des brasseries, et non au nom de la *Malting Company?*

Je vous prierais de considérer ces questions le plus tôt possible.

Je suis, monsieur, votre obéissant serviteur.

WM. KEARNS, *A.G. adj.*

Le commissaire des Douanes et de l'Accise.

MINISTÈRE DES DOUANES ET DE L'ACCISE, 4 avril 1924.

MONSIEUR, — J'accuse réception de votre lettre du 28 février dernier, au sujet d'une demande de remboursement présentée par la *Canada Malting Company,* au montant de $40,435.86; droits surpayés, prétend-elle, sur le malt vendu en entrepôt à la *National Breweries, Limited* et à la *Molson's Breweries, Limited.*

La circulaire n° 94-C, dont il est question dans votre lettre, a été émise par le département pour la gouverne des fonctionnaires des Douanes et de l'Accise. C'est une explication de la taxe sur les marchandises sujettes aux droits d'accise, et la loi s'applique au malt de la même manière qu'aux spiritueux.

Après enquête le département en est venu à la conclusion que la *Canada Malting Company* n'a payé les droits d'accise que pour accommoder ses clients. Vu que ses employés étaient plus souvent aux bureaux de la douane que ceux de ces deux brasseries, il a été entendu que la *Canada Malting* payerait les droits d'accise au nom de celles-ci pour les accommoder. La facture des droits d'accise a été envoyée hebdomadairement, et a été acquittée au bureau de la *Canada Malting Company* à Montréal. La facture du malt n'a été présentée qu'à la fin de chaque mois, et les règlements ont été effectués au bureau-chef de la *Canada Malting Company* à Toronto, au prix convenu d'après le contrat.

La Commission des Douanes a étudié cette question, et elle a reconnu que la *Canada Malting Company* n'agissait qu'en qualité d'agent des brasseries.

Quant au troisième point soulevé dans votre lettre, je vous ferai remarquer que la *Canada Malting Company* a payé elle-même les taxes de vente à la Couronne, et, qu'en conséquence il faut que la réclamation soit présentée à son nom.

Je suis, monsieur, votre obéissant serviteur,

R. R. FARROW, *Com.*

L'Auditeur général adjoint.

Remises des droits de douanes: Récclamation de la Harris Abattoir Company

BUREAU DE L'AUDITEUR GÉNÉRAL, 28 février 1924.

MONSIEUR, — J'ai reçu votre lettre du 1er courant relativement à l'émission d'un chèque en faveur de la *Harris Abattoir Company Limited* pour la somme de $27,109.21, en règlement de sa réclamation n° D.-43283 au sujet d'un drawback de droits et de taxe de vente sur des jambons et des côtés de porc importés frais.

Les produits concernés dans cette réclamation semblent comprendre les quatre groupes suivants:

(1) Côtés Wiltshire ébouillantés (jambons coupés long et morceaux Cumberland).
(2) Jambons américains coupés courts.
(3) Flèches Wiltshire américaines.
(4) Saindoux.

Les importations de Wiltshires ébouillantés sur lesquelles on réclame le drawback représenteraient 2,345 jambons et 2,838 morceaux Cumberland, d'un poids total de 120,878 livres; les exportations comprendraient le même nombre de jambons et de morceaux Cumberland, d'un poids total de 115,676 livres. La graisse, donnée comme sous-produit, pèserait 4,979 livres. Le rapport entre les exportations et les sous-produits d'une part et les importations de l'autre serait de:

$$\frac{120,655}{120,878}=0.99815$$

Les importations de jambons américains sur lesquelles on réclame le drawback représenteraient 6,812 unités, d'un poids total de 88,000 livres; les exportations comprendraient 6,887 unités, d'un poids total de 91,496 livres. Le rapport entre les exportations et les importations serait de:

$$\frac{91,496}{88,000}=1.0396$$

Les importations de Wiltshires américains sur lesquelles on réclame le drawback représenteraient 12,536 morceaux, d'un poids total de 668,336 livres; les exportations comprendraient 12,534 unités d'un poids total de 676,765 livres; et les sous-produits pèseraient 1,761 livres. Le rapport entre les exportations et les sous-produits d'une part et les importations de l'autre serait de:

$$\frac{678,526}{668,366}=1.0152$$

Les importations de saindoux ont été de 55,665 livres, et les exportations, de 55,000 livres. Le rapport des exportations aux importations est donc de

$$\frac{55,000}{55,665}=0.988$$

D'après l'investigateur, la diminution de poids est due aux procédés de raffinement.

Celui-ci déclare que la différence entre le poids des viandes fraîches importées et celui des pièces préparées, plus les sous-produits, dépend de l'absorption de l'humidité par la saumure pendant le traitement. Il me paraît difficile de concilier cette affirmation avec les résultats indiqués ci-dessus, car dans le cas des Wiltshires ébouillantés il y aurait eu une diminution de 0.185 p. 100 et dans celui des jambons américains une augmentation de 3.96 p. 100 et dans le cas des Wiltshires américains une augmentation de 1.52 p. 100.

Je crois qu'après la préparation on n'exporte pas tout le lard importé frais, mais qu'on en vend une partie au Canada. Si c'est vrai, et si le lard destiné à l'exportation n'est pas séparé, pendant la préparation, de celui qu'on destine à la consommation au pays, il doit être impossible de dire que tel morceau importé a été réellement exporté. Vu que le drawback réclamé est basé sur le poids de la marchandise importée et que la pesanteur des morceaux n'est pas uniforme, la compagnie de salaison peut en préparant sa réclamation, choisir les morceaux importés les plus pesants pour fonder sa réclamation, sans égard au poids des morceaux exportés.

Il me semble que le poids après traitement doit être dans une proportion pratiquement constante avec la pesanteur avant traitement. Si l'on établissait ce rapport constant, ne serait-il pas plus équitable tant pour le gouvernement

que pour les compagnies de salaison de déterminer le poids de la matière première en prenant pour base celui du produit exporté et de trouver le poids de la matière première en appliquant cette proportion.

J'aimerais recevoir une explication de la différence de 75 morceaux entre le nombre des jambons américains importés et celui des exportations.

Je suis, monsieur, votre obéissant serviteur,

WM. KEARNS, *A.G. adj.*

Le commissaire des Douanes et de l'Accise.

MINISTÈRE DES DOUANES ET DE L'ACCISE, 26 mars 1924.

MONSIEUR,—J'ai reçu votre lettre du 28 écoulé qui pose un point d'interrogation au sujet des côtés de porc frais et des jambons compris dans la réclamation de drawback D-43283 de la Harris Abattoir Company, Limited au montant de $27,109.21.

La réclamation a été soumise à une nouvelle enquête, et je vous inclus un nouveau rapport de l'investigateur.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

G. W. TAYLOR, *commissaire intérimaire.*

L'Auditeur général adjoint.

MINISTÈRE DES DOUANES ET DE L'ACCISE, TORONTO, 18 mars 1924.

MONSIEUR,—J'ai reçu votre lettre du 14 courant incluant la réclamation déjà mentionnée et la lettre du ministère n° 695430, dossier 112788, signée par l'Auditeur général adjoint, lettre sur laquelle il demande certains renseignements au sujet de ladite réclamation.

Je vous renvoie la réclamation susmentionnée avec un nouveau rapport de l'investigateur, de même que la lettre départementale n° 685430, dossier 112788.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

W. G. PAUL, *inspecteur spécial.*

J. M. PEAKER, ministère des Douanes et de l'Accise, Ottawa.

MINISTÈRE DES DOUANES ET DE L'ACCISE, TORONTO, 18 mars 1924.

MONSIEUR,—Réclamation D-43283, Harris Abattoir Co., Limited.—A votre demande, je suis allé à l'établissement de la réclamante pour recueillir de nouveaux renseignements sur la réclamation de drawback susmentionnée, tel que le requérait l'Auditeur général adjoint, d'après la lettre départementale n° 685430, dossier 112788.

Wiltshires ébouillantés

(Coupés en jambons longs et en morceaux Cumberland)

Côtés frais employés.

120,878 livres selon la facture.
1,786 livres de diminution dans le transit.

119,092 livres de côtés de porc frais *net.*

	Livres
Jambons longs traités et exportés..	31,674
Morceaux Cumberland traités et exportés..	84 002
Sous-produits (vendus au Canada)..	4,979
	120,655

La proportion entre les exportations et les sous produits ensemble et les exportations d'autres part est de

$$\frac{120{,}655}{119{,}092} = 1.013$$

Pour ce qui est des jambons courts américains et des Wiltshires américains, l'augmentation de poids semble être normale; quant au saindoux raffiné, l'évaporation causée par le raffinement va de $\frac{1}{2}$ de 1 p. 100 à $1\frac{3}{4}$ p. 100.

La quantité de porc frais importé et vendu au Canada par cette compagnie est presque négligeable. A part les abats et la graisse (comptés comme sous-produits), une partie infime de la production se consomme au Canada.

Les viandes importées sont traitées et tenues complètement séparées des viandes canadiennes dans l'établissement de la requérante.

Quant à l'établissement d'une proportion constante pour déterminer le poids de la matière première employée en prenant pour base la pesanteur du produit exporté, l'idée est impraticable, selon l'avis de la réclamante, et c'est aussi ce que je pense.

On soustrait les produits au traitement suivant un tableau des durées. Si les conditions du transport permettent d'empaqueter les produits et de les expédier immédiatement, on le fait. Mais il arrive souvent que la marchandise n'est pas empaquetée immédiatement mais mise à tremper pendant une certaine période avant l'empaquetage. Alors, il y a moins d'augmentation au traitement, suivant la longueur du temps qui s'écoule avant l'empaquetage.

Quant aux jambons américains dont 75 auraient été exportés en sus du nombre importé, je constate ce qui suit, d'après les chiffres que j'ai trouvés à l'établissement de la réclamante:—

Numéro du wagon d'importation	Morceaux facturés	Morceaux reçus	Morceaux exportés
			2,484
82571	2,660	2,661	1,360
1103	2,072	2,082	1,601
143848	1,939	1,939	422
17728	141	141	1,020
	6,812	6,823	6,887

Toute l'explication à donner, c'est que les morceaux sont comptés par les journaliers (ordinairement des étrangers) qui font la manutention des produits.

Le pesage se fait par des peseurs expérimentés et c'est sur les pesanteurs que l'on calcule les valeurs.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

A. O. KENNY, *investigateur des réclamations de drawbacks.*

W. G. PAUL, inspecteur général des Douanes et de l'Accise, Toronto.
